Mr. Curtis Moore has just finished a very nice boat for the railroad company, intended for use in making their river surveys at this place.

We learn that about two miles of track on the C. B. & St. Joe Road, below Bartlett, is under way. Rather slow work getting cars along there.

Track laying on the B. & M. R. R. will be commenced next week both ways from the C. B. & St. Joe Road. The iron comes over the Rock Island Road.

About fifteen immigrant wagons came into the city in a string last Monday. They are all well supplied with household fixtures, etc.

From all the information we are able to gather from Nebraska City papers we fear the members of the "Midland Company" have impoverished themselves to such an extent, by giving of their means for charitable purposes, that they will be unable to finish their road.

We understand something called a "Dock & Levee Company," or some other kind of arrangement is underway in this city. We have not learned who the parties are or exactly what the company proposes to do, but would say to the people, beware of these Companies, just at this time. We have known of "big steals" being made by such organizations.

We are requested by Superintendent Patterson to remind teachers in this county of the fact that the First Saturday in August is the time appointed by law for examinations; also that, in accordance with an order from the State Superintendent no person will be granted a certificate who commences a school without it, no matter how well qualified they may be. Mr. Patterson informs us that this rule will be strictly adhered to.

Demorest's Magazine for August is received. This is really the gem of the ladies' monthlies. Its patterns and fashions are always fresh, full, and original, and its reading matter varied, and full of practical interest. Its new department, "The Ladies' Club," has struck a vein, and is more numerous and better than ever. \$3.00 per year, with a premium. Publication Office, 838 Broadway, New York.

Demorest's Young America the brightest and best of all the juvenile magazines. Doesticks said he liked the Episcopal Church, because the minister let the people "talk back." Mr. Demorest understands this; he lets his little readers do their own talking, or, at any rate, "talk back," and they seem to like it, and are at any rate devoted to Young America! Certainly this little magazine combines more instructions of the very best kind, with amusement than any magazine we ever saw. \$1.50 per year, with a premium. Office, 838 Broadway, New York.

The Fakir of Vishnu, the most popular and successful of all the American ever seen, and whose fame is known throughout the Northwest generally, will give three of his delightful entertainments, (interspersed with good music,) commencing this evening, July 24th—the City Hall being secured for that purpose. He has just closed a most successful engagement at Leavenworth, the mammoth Opera House of the city being nightly crowded with immense assemblages of delighted people.

At a meeting of the stockholders of the Central Pacific Railroad Company, held in Sacramento, on Tuesday, July 13th, the following gentlemen were chosen Directors: A. P. Stamford, of San Francisco; Charles Marsh, of Nevada; and Leland Stanford, Mark Hopkins, C. P. Huntington, and B. Crocker, of New York, Jr., of Sacramento. For the Sacramento Valley Railroad the same Directors were chosen, with the exception that Charles Crocker was substituted for Marsh. The Western Pacific Railroad Directors are the same as those of the Sacramento Valley Railroad. All were elected by unanimous votes.

What Eight Years have Accomplished Eight years ago a new party sprang into existence in this country. It inscribed its principles upon its banners and flung them before the people and breathed Progress and Liberty in every line—Political Equality for all men—Free Homes for all—a Pacific Railroad which should unite the two great Oceans of our Continent—such were the cardinal principles of the Chicago Platform. With Abraham Lincoln—God's noblest work, an honest man, as its standard bearer—this party of Freedom and Progress went before the people and triumphed. And what is the result?

To-day the greatest nation of the earth rejoices in the consummation of every one of our grand and beneficent principles. Such are the results of Republican policy and legislation—accomplished in eight short years.

Where is the American citizen, worthy the name, who does not rejoice in these things, and who would not who would blot out the glorious record if he could?—Republican.
