

From Thursday's Daily.

Dr. D. J. Flaherty, of Sioux City, is in the city for a few days.

Wheat appears to be on the decline East.

Col. A. C. Tichnor arrived from Lincoln today, to look after his coal interest.

Once more we have fair weather. It is hoped that it will continue for at least twenty-four hours.

E. L. Reed came up from St. Joseph this morning, and left for home by the 2 o'clock coach.

H. J. Straight has a few Canary birds for sale. Enquire at the Fruit and Confectionary Store on Main street.

We understand that hands in the employ of Col. Tichnor have commenced sinking a shaft for coal, believing that the indications will warrant the outlay.

See advertisement of sale of buildings by the B. & M. R. R. Co. in Nebraska. Here is a rare chance for bargains. Houses are in great demand, and are a first class investment.

Do not forget the Catholic Festival to-night. This is the first festival ever held in this city under the auspices of that church. A large attendance is anticipated.

Capt. Hoover, of Louisville precinct, was in the city today. The Capt. is one of the solid men of Cass county, who settled here at an early day and helped to build up the county.

Police items in Plattsmouth are scarce in fine weather. Water appears to have a bad effect on a portion of our citizens—at least police items are abundant during a wet spell, and we suppose the water causes it.

Yesterday while O. C. Peck, a brother of Col. H. W. Peck, Engineer B. & M. R. R., was driving a stake on Section 19 with a broad ax, the ax glanced, and turning, entered the inner side of his left foot near the ankle joint. Dr. Rawlings dressed the wound.

D. H. Solomon, Esq., of Glenwood, came over this afternoon to look after his real estate interests in this city. Solomon—true to his name—proved his wisdom by investing largely in Plattsmouth property in an early day, and holding on to it till the present time.

At least the question of right of way and right to control river front, as between the city and the Railroad company, has been settled, and we think to the satisfaction of all parties. The City Council held a meeting this afternoon, and the following is substantially the tenor of the resolution passed by a unanimous vote. The R. R. Company has exclusive right to the river front North from Main street except in the event the city should absolutely require some levee privileges; and in that event the city is to have one hundred feet river front, to be agreed upon between the officers of the R. R. and the Mayor of the City; but in the event landing can be maintained within the city limits South of the North line of Main Street, then the R. R. Co. are to have exclusive control of the river front North of Main Street. The city retains exclusive control of all the river front south of Main Street, except between Granite street (second street south of Main) and the middle of the first block south of Main street. This gives the R. R. Co. sufficient river front for all the purposes they desire, and also leaves the city over half a mile of river front.

Mr. Thomas Hallowell, of Council Bluffs, arrived in the city yesterday, and has been looking about at the coal prospects in this vicinity. Mr. Hallowell is an experienced miner, and has the appearance of being a very candid, well informed gentleman. He has made a proposition to some of our principal men which looks very much like he thought coal could be found here in paying quantities. He proposes, under certain conditions (which will be made known to any person interested in the discovery of coal here) to deposit \$10,000 in the bank in this city, to be checked out only as needed to pay the expenses of prospecting, and in the event he does not find coal in paying quantities, he will lose the entire amount expended in prospecting. Mr. Hallowell is stopping at the Platte Valley House, where he can be seen for a few days by those feeling an interest in this matter. We hope some of our business men will talk with him upon this subject, and see what they think of his proposition.

Mr. Hallowell informs us that the Republican Primary meeting for Louisville precinct will be held on Tuesday, the 28th inst.

Buttery & Lazenby have opened their new Livestock Stable, north east corner Vine and Fourth streets, where they have plenty of new buggies and fresh stock.

Rev. Dosh, of Glenwood, has written a letter to Sol. Miller, and Sol. has answered it through his paper. Whether Dosh has made much we leave for himself to judge.

Dr. Donelan thinks the indications are strong that a Keno establishment of this city is on the decline, if not already "busted." Reasons given on application to the Dr.

Capt. O. L. Palmer, of Chariton, Iowa, has been in our city several days, and has purchased several valuable lots from Spurlock & Windham. The Capt. is taking advantage of the times, and purchasing lots while they can be had at low figures.

A. J. Burchard, one of the alleged kidnapers, for whom indictments were issued a year or two since, returned this week to Glenwood, and was immediately arrested and placed under bonds. That makes eight.

The Montgomery Express, of last Saturday, says: The construction train arrived in Vallesla last Thursday, and we learn from Mr. D. N. Smith that the passenger train will be running to that point some time next week.

C. E. Forgy, Esq., the great Plow Manufacturer of Nebraska, is erecting a new shop on Third street, south of Main. Forgy makes as good a plow as ever was stuck into the ground, and he proposes fitting up so as to supply the great demand for them.

We learn that the surveying party of the Chicago, Burlington and South western R. R. Company have arrived at Bodo this County, and left that place yesterday to survey the route up the Nemaha Valley; and that implements for grading are on the ground. We hope to be able to say more next week of the Nemaha Valley and Truck roads.

It is said that the premiums awarded at the Nebraska State Fair this season will be paid over on the ground. The money is on hand for it. Col. Furness, President of the Board, has the sum of \$1,000 drawn from the State Treasury for the purpose of paying.

The Zephyr came up today with twenty-five hundred tons for the B. & M. R. R., and a small amount of freight for city merchants.

The travel between this city and the R. R. Station has increased so much that it has become necessary to double the service, making four coaches a day, each way. They are all crowded.

Work commenced on the R. R. south of Main street this morning. A few days will make a material difference in the looks of things in that locality. The buildings are all to be sold on the 23d; the trees will all be cleared off, and the general appearance of the city will be improved.

An Otose county man files a petition in the District Court in which he closes a bill of items for damages with the following: "For tearing and injuring a shirt, thirty dollars." They must value shirts very highly down among the "Otoses." Probably they are a luxury only indulged in by the "braves."

In our notice of the laying off the corner stone of the State University at Lincoln we were made to give the date as on the sixteenth, when it should have read on the twenty-third. Remember the 23d. Past Grand Master Wheeler, of this city, will officiate in the masonic ceremonies of the occasion.

A large quantity of goods for our city merchants are lying at the Council Bluffs warehouse, awaiting shipment. The Captain of the Shreve said he did not bring them yesterday evening because he "did not have time." There is a day coming when steamboat Captains will "have time," and to spare, to load goods for Plattsmouth.

The Catholic Festival last night was a perfect success. The attendance was large, yet not so large as to make it crowded and unpleasant. The net receipts were about \$100. Too much praise cannot be bestowed upon the ladies who had the management of the affair, nor upon the gentlemen who patronized the different tables with such generosity.

The St. Joseph Union reports the finding of a three foot vein of coal near that place.

Grasshoppers are reported thick forty miles west of Troy, Kansas, and making their way eastward.

The assessment of St. Joseph city foots up \$7,617,678, an increase over last year of \$842,921.

R. W. Putnam, of Leavenworth, representing Brewer & Flinton, coal publishers, of Boston, is in the city.

Mr. Stambaugh advertises, by poster, a sale of lots in his addition to Ashland, immediately after the close of the sale by Clark & Miller.

We are willing to add a few more names to our list of subscribers to the daily Herald, provided application is made soon.

The Zephyr finished discharging her load of ties this morning, and immediately turned back down the river for another load.

Mr. E. Sage returned from Illinois a few days since, where he has been on business. He reports an overdrive of rain on that country.

Mr. Inhelder informs us that the Republican Primary meeting for Louisville precinct will be held on Tuesday, the 28th inst.

ALL POLICIES NON-FORFEITING.

Dividends on the Contribution Plan.

Securing the Greatest Pecuniary Advantage to the Policy Holders

REASONS FOR INSURING IN THIS COMPANY:

- 1st. This is a Western Company, managed by Western men, whose known financial character, ability and position, afford ample guaranty for their careful and successful management.
- 2d. Its Policies are all non-forfeiting.
- 3d. Premium all cash. It receives no notes and gives none. Policy holders have no interest to pay, and no outstanding notes as liens upon their policies.
- 4th. Dividends and losses are paid in cash.
- 5th. It insures at lower rates than any Eastern company.
- 6th. Its risks are in the West, where the rate of mortality is lower and the rate of interest higher than in the East; hence the accumulation of dividends to the policy holder is greater than in any Eastern Company.
- 7th. It has no restriction upon travel.
- 8th. Its dividends are made upon the contribution plan.
- 9th. Its business is exclusively life insurance.

DIVIDENDS

Are the accumulations of interest upon premiums paid, hence the Company that loans its assets at the highest rate of interest can give you the largest dividends. Eastern companies invest their moneys at 6 per cent., while this makes its investments at twelve per cent. or more.

The advantage of Western investments to the policy holder appears in the following startling figures: The amount of \$1,000, invested for fifty years at

6 per cent. compound interest, is	\$ 18,420.14

AUDITOR OF STATE OFFICE, TOPEKA, KANSAS, February 20th, 1890.

KNOW ALL MEN BY THESE PRESENTS: That I, A. THOMAS, Auditor of the State of Kansas, do hereby certify that the

Missouri Valley Life Insurance Company, organized and doing business under the laws of the State of Kansas and Missouri, has furnished the undersigned satisfactory evidence that it has invested One Hundred and Fifty Thousand Dollars of the capital in United States Government Bonds of the denomination of Five Twenty-five and are possessed of the same. And I do further certify that said Company has set apart One Hundred Thousand Dollars of said United States Bonds for the benefit of all policy holders of said Company; and that I hold in trust and on deposit for the benefit of said policy holders the security above mentioned, and I am satisfied that such securities are worth One Hundred Thousand Dollars; and I have subscribed my name, and caused the seal of my office to be put on said Aud. I, all seal, the day and year above written. A. THOMAS, Auditor of State of Kansas.

CERTIFICATE OF AUTHORITY TO DO BUSINESS.

OFFICE OF SUPERINTENDENT OF THE INSURANCE DEPARTMENT OF MISSOURI. IT IS HEREBY CERTIFIED: That the Missouri Valley Life Insurance Company, a Life Insurance Company, organized under the laws of the State of Kansas, and its principal office located at the city of Leavenworth, has complied with the requirements of the Act of March thirty-second, thirty-third and thirty-fourth sessions of an Act of the General Assembly of the State of Missouri, entitled "An act for the incorporation and regulation of Life Insurance Companies," approved March twelfth, 1887, as amended by the Act of January, 1888, and pursuant to the third and fifth sections of said Act, the said Missouri Valley Life Insurance Company has heretofore been authorized to do business as a Life Insurance Company within the said State of Missouri, subject to the several provisions and requirements of the Act aforesaid, until the first day of February, in the year of our Lord eighteen hundred and ninety.

Witness my hand and the seal of the State of Missouri, at the city of St. Louis, this 22d day of July, A. D. 1890.

WILLIS KING, Superintendent of the Insurance Department of the State of Missouri.

CERTIFICATE OF AUTHORITY.

INSURANCE DEPARTMENT, OFFICE OF STATE AUDITOR, LEAVENWORTH, NEBRASKA, APRIL 1, 1890.

WHEREAS, Abram B. Covall, State Agent for the Missouri Valley Life Insurance Company, located at the city of Leavenworth, Kansas, has filed in this office a copy of the Act of said Company, and a statement under oath, showing its condition, as required by the fifth section of the Act of March twelfth, 1887, and approved February 12th, 1888, and whereas, said Company has furnished the undersigned satisfactory evidence that it is possessed of

Five Hundred Thousand Dollars

of actual capital, invested in the stocks of at least ten valueless, or in bonds or mortgages on real estate worth double the amount for which the same is mortgaged; and whereas, said Company has filed in this office a written instrument, under the seal of the Company, signed by the President and Secretary thereof, authorizing the said Abram B. Covall to subscribe and receive for and in behalf of said Company, consenting that service of process upon him shall be taken and held to be so valid as if served upon the Company, according to the laws of this State or any other State, and waiving all claims of error by reason of such service; and whereas, Abram B. Covall has furnished satisfactory evidence that he is the authorized Agent of said Company;

Therefore, be it known to these presents, that in pursuance of the aforesaid Act, I, John Gillespie, Auditor of the State of Nebraska, do hereby certify that Abram B. Covall, Esq., has full authority to do business as such agent, and by the laws of this State, until the first day of January, A. D. 1890, in witness whereof, I have subscribed my name, and caused the Seal of the Auditor's office to be put on this 1st day of April, A. D. 1890.

WHAT
CUYLER SCHOLFAK
Says of Weeping Water.

Extract from Letter to
Mrs. Grundy.

"As I was telling you, my dear Mrs. Grundy, I came on my mule to Weeping Water in a daily dilapidated condition—some hat, some boots out stocking—in short, destitute of all those conveniences and luxuries which, in our day, are so much to be desired. I was, however, most cordially received by the worthy citizens of the town, who, to my surprise, had been deprived of all by the merest accident, who even took my mule care."

Thinking that I might find that flourishing town obtain a second-hand blanket, I rode up to

REED BROS.
stores and hitting my mule by the ears to a large freight wagon loaded with goods for the Plattsmouth retail trade, I entered. Judge of my surprise when I was promptly met and offered a complete outfit, from a pair of stitched boots to a goose-quilt top-sick, for the paltry sum of nine dollars and sixty-two and one-half cents, the 2 cents being the profits on the goods. "If you want anything in the miscellaneous line, call on them, and if you don't see what you want for it, I would remark how that they are generous, useful, good, looking and truthful to a fault."
