They are now bonds voted by the people to the B. & the south line of this city. The B. & Doane, and Merssrs. Smith and Harris were growing as tall and rank as in some selling the best for 121 cts per yard. M. R. R. Co; and they will also re- M. R. Co. in Nebraska have more to accompany the party, we concluded to parts of the bottom land-forming quite

the Captain of the party, and all were they are selling very low.

We fully expected to come across a ing the valley, they were to be counted band of Indians on the Republican valby the thousands in single herds. No ley; but none appeared, and we got siring to secure the stock less than 100,000 buffalo must have been along just as well and a little better was imported by Mr. Shrider for ranging on the bluffs and valley of the without their company. There were no nois last season, at considerable expe Republican from the north of Turkey signs of any on the valley-troops hav-Creek to about thirty miles east of it, ing recently been along there had doubt-

Our party finally came out onto the pletely black with them. By day and Little Blue valley at Spring Rauch, William E. Sheldon by night the bellowings and neighing of about forty-five miles east of Kearney.the bulls sounded like rathing thunder. Here all separated—the railroad party At times a small herd would get scared going north to strike the line of the B. at our approach and run off to large & M. R. R.—the troops going west to D. herds, causing a general stampede. The Fort Kearney, and ourself going east for Court House, in Plattsmouth, Cars count young calf, but a few days old, might be a short distance and then north across seen making about as rapid progress as the divides to Junetonville and Martins-

Our railroad friends were much deyond their expectations. Such herds of buffalo had never met their gaze before. Such fertile soil as they saw completely The shaggy denizen of the prairie we falsified all previous reports detrimental were pleased to see enjoying themselves to this section of Nebraska. They had heard and seen unfavorable reports, and cinity for several weeks. The stakes of the B. & M. R. R. cross the line of the St. Joseph and Denver railroad about ten miles east of Kearney. It will not be long now before the iron

horse will come snorting along the south side of the beautiful valley, gladdening the hearts of hundreds and thousands of One Door East of the Court Blook Is the Pi people. The Burlington and Missouri River Railroad, imitating the example of the great pioneer railroad of Nebraska, in the hands of such men as Col. Doane, be a great benefit to Nebraska, and to thousands of people that are now as it were homeless. They will open the wilderness to settlement-they will poputhey will push forward enterprises-they adapted to the production of grains, The silent prairies—the silent words fruits and vegetables. A free growth of disturbed only by the water's ceasele s

spread their net-work o'er all the land; ple. Haste, railroads, on your mission. The Republican valley ranges from God speed the work of all such men as and watered creeks come into it from all spected friends, Thomas Doane, D. N. Moses H. Sydenham.
