One of the first acts of the new king of Spain, it is reported, will be to do nate one half of the apparage of the Spanish crown, amounting to some \$20, 000,000, to the national treasury. A generous act, if truly stated; and one of those actions which the Spanish treasury can stand a good deal of. Mr. Jesse Robinson, New Castle, Pa., has a fig tree which has been growing for twelve years. It has now one hundred and twenty figs, with more coming.

A peculiarity of the tree is that it never blooms. The fruit forms on it at once, and it is forming on some branches while ripening on others. Gen. Thayer has served the interests of this State, in the U. S. Senate, now nearly four years, and during that time 459 we do not recollect a vote, a word, or a the property of George Jennings, 604 speech of his, but what has been on the Clerk of the District Court of the 4,459 we do not recollect a vote, a word, or a right side. He has been prompt to comply with the wishes of his constituency, or give a reason why he could not. His career will not be hereafter in the United States Senate, but we are not through with his services. If the State does not want him, the nation will. His energy cannot sleep, and his love for Nebraska and her material prosperity, will nduce him to work steadily on for the public good, and in these efforts he needs and will receive the support and sympathies of every true Republican-
