THE YOUNG SHORT

HORNED DURHAM BULL

DUKE OF ORLEANS ! !

WILL stand at my farm in Cass county at **$10** for grade cows, **$40** for thorough bred cows.

The Duke is deep red, sixteen months old, and weighs twelve hundred and forty pounds, and is without exception, the finest animal of the kind in the State.

PEDIGREE:—Got by Duke of Paris (page 6683 A. H. B.) he by Duke Airdrie (p. 2745 A. H. B.) out of Lona Alvin, Lona out of imported Otley (1532 E. H. B.) The Duke is out of Mary Daen, 2d by Buckeye (296 A. H. B.) Mary Daen, by Crowder (339 A. H. B.). For full pedigree of Crowder, refer to 9th volume of American Herd Book. I will give one hundred and fifty dollars for the poorest calf, from any thoroughbred cow that may be bred, and can show a recorded pedigree. E. SAGE.

may 18d&wtf.

Dissolution Notice.

Notice is hereby given that the co-partnership heretofore existing between Jason Streight and M. B. Murphy, in the saddle & harness business is this day dessolved by mutual consent. All persons indebted to the above firm, either by note or account, will please call and settle the same within ten days, or their accounts will be placed in the hands of an officer for collection.

GREAT SALE OF

LOTS AND LANDS ! !

Unparalleled Inducements to Purchasers!

I WILL OFFER FOR SALE, TO THE HIGHEST BIDDER, ON

Monday, September 4, '71.

—A Large quantity of desirable property, consisting in part of—

THREE HUNDRED LOTS,

In my Addition to the City of Plattsmouth, and Several lots of

EIGHT AND TEN ACRES EACH,

ADJOINING THE CITY.

These Lots are well Situated, as regards HEALTHFUL LOCALITY. Commands some of the most BEAUTIFUL VIEWS ON THE MISSOURI RIVER, and are convenient for Dwellings or Stores. The City of Plattsmouth is destined to be one of the principal cities of the central part of the Continent. Situated on the beautiful Missouri River, at the mouth of the Platte River, with thousand of miles of navigation above and below, it stands at NATURE'S OWN GATEWAY TO THE ROCKY MOUNTAINS. over this route the Burlington & Missouri River R. R. Co. have already completed some 90 miles of the best railroad, with the most level route in the west, and the road will be finished and running to a junction with the Union Pacific R. R. at Fort Kearney by next November. It. is the ultimate design of this road to reach the Pacific coast by a NEAR ROUTE over better grades than any yet found, and thus CONTROL THE TRANS-CONTINENTAL TRAFFIC, which will in consequence pour all its advantages at this point.

A Bridge over the Missouri River

will be commenced here without delay, connecting this road with its namesake in Iowa, giving this city the SHORTEST AND MOST DIRECT ROUTE EAST. Numerous branch railways are already projected to drain the business for many miles into this MAIN ARTERY; all which prove conclusively that no better opening for

Safe and Profitable Investment

can be found than by securing Real Estate and good homes in this most promising city. PLATTSMOUTH is connected by rail with LINCOLN, and the interior towns of a rapidly settling section of the finest Agricultural lands in the West. It has connection with all the towns on the river, above and below it, and all the main cities east and west. **Chicago is on'y 22 Hou s distant,** while **St. Louis is but 24.** Competition in tran-portation between river and railway insures cheap freights to St. Louis, while three roads to Chicago keep down exhorbitant rates in that direction. Millions of dollars of material could be manufactured for the rapidly increasing demands of the interior portion of the State, and altogether, th ere is no more truly encouraging locality to settle in than right here in Plattsmouth.

Terms: Half Down, balance in six Months.

All letters of inquiry, containing a postage stamp for return, will be promptly answered. Address

SHEPPARD DUKE,

Plattsmouth, Cass Co. Neb.

THE

MISSOURI VALLEY LIFE

Insurance Company

No. 70 DELAWARE STREET, LEAVENWORTH, KANSAS

ALL POLICIES NON-FORFEITING.

Dividends on the Contribution Plan,

Securing the Greatest Pecuniary Advantage to the Policy Holders

REASONS FOR INSURING IN THIS COMPANY:

1st. This is a Western Company, managed by Western men, whose known financial character, ability and position, afford ample guaranty for its careful and successful management.
2d. Its Policies are all **non-forfeiting.**
3d. Premium all **cash.** It receives no notes and gives none. Policy holders have no interest to pay, and no outstanding notes as liens upon their policies.
4th. It has no restriction upon travel.
5th. Its dividends are made upon the contribution plan.
6th. Its business is exclusively life insurance.

DIVIDENDS

Are the accumulation of interest upon premiums paid, hence the Company that loans its assets at the highest rate of interest can give you the largest dividends. Eastern companies invest their moneys at 6 per cent., while this makes its investments at twelve per cent. or more. The advantage of Western investments to the policy holder appears in the following startling figures: The amount of $1,000, invested for fifty years at

6	per cent. compound interest, is		$ 18,420.15
8	"	"	46,901.64
10	"	"	117,390.85
12	"	"	318,008.00

It is obvious that this company offers greater financial advantages and inducements to the policy-holder than any other company in existance

RANCH HOUSE—Broad way, Council Bluffs Iowa.

LOCAL NEWS.

The Nebraska City papers complain of the insufficiency of their police regulation, and say that people are robbed there in broad day light.

The hats of the members of the Constitutional convention are "chalked" over the B. & M. in Nebraska, until the adjournment of that body.

Two insane persons—man and wife—were sent from Nebraska City to the Asylum this week.

The Corn crop of Cass county never looked better. The yield per acre promises to be very large. The recent damage done the crops by the recent hail storm is not as bad as was at first supposed.

Nebraska has railway and river connection with all parts of the world.

The HERALD job office is turning out some very fine cards, letter and bill heads for Mr. McGuire, of Crete.

A Brownville policeman has got up a reputation for efficiency by shooting a dog.

Atchison is rejoicing over the prospects of a bridge over the Missouri at that point.

Water-melons are making their appearance in our city.

Contractor Leasley has about forty feet of the Main street bridge ready for the timbers, which have not yet arrived. He is putting up a wall that looks substantial.

We are in receipt of a little sheet called the Omaha *Alta*, published at the *Tribune* office by W. E. Shirley.

Capt. Phelps Paine returned this morning from a trip to the Capital and other interior towns of the State. He expresses himself highly pleased with the country through which he passed. Who could do otherwise?

A young girl, aged 12 years, named Elmer Meder, was killed by lightning in Nemaha county last week. She was standing in the doorway during a thunder storm.

The West Point *Republican* gives the following list of new counties in Nebraska: Boone Logan, Neligh, Greeley, Howard, Sherman, Valley, Taffe, Caldwell, Hitchcock Furnas, Tipton, Kountze Chase, Warren, Millard, Sumner, Fairfield, Lake, Mason, Dundy, Harrison, Crounse, Creighton, Redick and Elkhorn.

The Tammany Ring have offered a *million dollars* hush money to the New York *Herald* to quiet it in the matter of the big steal recently brought to light in that city. The organ of the ring in Omaha thinks that society is composed of the "purest men living." Its ideas of "purity" must be somewhat vague.

Streight & Black have just received some luscious peaches and blackberries, by express, from Chicago. They are healthful and sold cheap enough to be used in every family.

The hill-sides on either side of Main street are dotted here and there with new and in many cases fine residences.

Father Hayes arrived at home yesterday from a protracted stay in Chicago, where he has been under medical treatment. We are pleased to know that he is now enjoying excellent health.

A private letter from a Mr. Myers of Indiana, says:

"I have sold 600 acres of land in this State and will invest the money realized from the sale, in your section of Nebraska."

Mr. M. left Plattsmouth a week or two since with the determination of making Nebraska his permanent home, and we are glad to hear that he will become a citizen so soon. He has resided in Indiana thirty-two years, and informed us that during that time, his family was never free from the fever and ague. He says a large immigration may be expected from that State next spring.

The Milford coal fields promises to supply Nebraska with cheap fuel during the the coming winter.

The Supreme Judges of Nebraska are to receive salaries of $3,500 each, and District Judges $2,500.

A set-to is really to come off at or near New Orleans, on or about the 2d of December between Mace and Coburn. The money—$2,500 a side—is already up.

One of the bridges on the Midland Pacific Railway was burned down last night. It is supposed to have been the work of incendiaries. No trains from Nebraska City to Lincoln to day.

Judge A. Child, who has kept a weather record in this county for the past ten or twelve years, informs us that *four and a half inches* of water fell during the storm last night. How is that for wet?

The Fontenelle passed up this morning leaving a quantity of freight.—Among the lot was flour for Bennett Bros. which was so much damaged by wet that they refused to accept it

Wm. Stadelman, Esq., arrived at home last evening, direct from the Fatherland, where he has been for some time on business and a visit to friends of the olden time. Stadelman says America and Nebraska is the place for him, above all others.

The hotels of the city are comfortably crowded with guests from the East, many of whom are seeking locations for business in this State.

It is estimated by persons competent to judge, that the wheat crop of Cass county will exceed that of last year, seventeen thousand bushels.

The editor's domicile was surrounded last evening, not by burglars or midnight assassins, but by a band of Minstrels, who discoursed sweet music for us and ours. The sweet soprano and alto of the ladies and deep bass and soul-stirring tenor of the gentlemen blended harmoniously. We give our unknown musical friends due notice, that the next time they treat us in this manner lemonade, wine and cake shall be meeted out to them in no sparing manner.

The Atchison *Champion* says that the Atchison and Nebraska R. R. is to be extended up the Missouri river to Omaha, but it fails to tell us when this will be done.

A new lodge of Odd Fellows was recently instituted at Wyoming, with the following officers:

Wm. Hoback, N. G.
R O. Hoback, V. G.
R. S. Clinkinbead, Sec'y.
J. W. Gibson, Treasurer.

The Nebraska City *Chronicle* says:—"A man by the name of Perkins was driving near a woodyard above Eastport, on Saturday last, when the steamer Fontenell rounded for wood. The team took fright and ran off the bank of the river. Mr. Perkins and his little boy were on the wagon and all were precipitated into deep water. The man and boy were saved, but the team and wagon were lost. The horses were valued at $400."

Parents should be exceedingly careful of their children at this season of the year, as the mortality is very great. Reports from eastern cities show that over forty per cent. of the total deaths are from cholera infantum, and that about eighty per cent. of all cases of this complaint prove fatal. The mortality is but little less in the west, hence we say great care should be taken. The medical fraternity do not attribute the disease so much to what is taken into the stomach as is generally supposed (although the diet should be watched closely), but to a great extent to the general habits of life, clothing, etc. Avoid exposure during sudden changes of the weather, and keep the children warmly clad during the damp weather, and above all maintain regularity in habits, eating, sleeping, etc.

The river is low and still gradually falling.

S B. Hobson, Esq., one of the pioneers of Cass county was in the city yesterday.

H. T. Green, the accomplished Chief Draughtsman of the Surveyor General's Office, has just completed the annual map of the office for the Department of the Interior. It is said, by persons who ought to know, to be the finest piece of work ever executed in the north-west.

Mr. Ajtaffer informs us that his fall wheat will average forty bushels to the acre. He is engaged in threshing it at this time. This is pretty good when spring wheat only yields an average of about twelve or fifteen bushels.

J. M. Woods, Vice President of the Agricultural and Mechanical Association of Cass County, is in the city.

MARKETS.—Flour, new wheat, $3.50 per sack; corn meal 75 cents per bushel; potatoes 25 cents per bushel; butter, 12½@20 cents per pound; "garden truck," "dirt cheap."

Hon. J. E. Boyd, of the Constitutional Convention, has our thanks for interesting documents.

The Missouri river is fruitful in cat and buffalo fish. A youthful Nimrod "hooked" a cat last evening, which weighed eleven pounds.

Heisel, of this city, has already ground up and manufactured into flour, eleven hundred bushels of new wheat.

The *Advertiser* says Jim Whitewater, the Indian who killed Pasco and Walters near Beatrice, a short time since, is now in durance vile, having been arrested by members of his tribe. Jim says he was loaded to the muzzle with liquor on the night of the murder, and is unconcious whether he killed the men or not. The white men who plied him with liquor should be made to swing from the same tree with the Indian.

Alexander Slatery, a laborer working on the Main street culvert, was severely injured this morning by falling through the culvert. A rock gave away, and in falling he threw his arms out to catch at some support, and accidentally struck the sharp edge of a rock with his wrist, cutting a fearful gash across his wrist. He bled profusely, but will not, probably, sustain any permanent injury.

There are five ways of acquiring land in Nebraska—first, by purchasing of the railroad companies; second, by preemption; third, by homesteaning; fourth by cash payment; fifth, by purchasing from actual settlers.

Col Doane, Chief Engineer and Superintendent of the B. & M. in Nebraska, arrived at home from Boston last evening.

In the last Council Proceedings Councilman Cushing is reported as voting "no" on the motion to disallow Mr. Fitzgerald's claims against the city.—Mr Cushing authorizes us to state that he did not vote at all on the question, and that the report of the proceedings in this regard were incorrect.

Jeff. Davis has instituted a "departure" of his own (whether "new" or not we are unable to say). He recently "departed" from the path of virtue and accepted lodgings with Mrs. Bowers in a sleeping car.

Although some soda-water manufacturers may make their syrup from various articles, such as "pine apple from old cheese," &c., Buttery and Prole don't do that kind of a business; their syrups are the purest and best, and their soda water is not excelled by anybody east or west. Everybody try it and satisfy yourselves.

The Brownville *Advertiser* says Schuyler Colfax is its first choice for the Presidency, and Gen. Grant its second.

The daily issue of the Lincoln *Statesman* has been suspended. Reason, lack of patronage.

The Mormon paper of Omaha cites Jeff. Davis as its ideal of "one of the honest men living" since he was caught in bed with a woman whom the law did not recognize as being entitled to such great consideration on his part.

Senator P. W. Hitchcock was in the city this week. We did not have an opportunity to "interview" him, as the *Tribune* did Senator Tipton.

THE EDUCATIONAL QUESTION.

There is a proposition before the Constitutional Convention to engraft a clause into that instrument making it obligatory upon every parent to send their children of a certain age to school at least a certain number of months during each year. We have no desire to discuss this question—in fact, we hardly believe it admits of discussion—but we do desire to enter our protest against placing any such clause as this in the body of the Constitution as it is to be submitted to the people, for the simple reason that it would endanger the entire document. If any one wishes to have a fair expression of the views of the people upon this question, let the proposition be submitted separately. For our ourself, we can say that we are opposed to the clause, because we believe it to be in direct opposition to the principles of Republican Government. While we think no one will question the fact that education is the great civilizer of the world, and is the foundation stone of Republican institutions and self government, yet we have no more right to force education than we have to force religion, which is strictly prohibited by the Constitution of the United States. In the intelligence of the masses lies the safety of the nation; but if we attempt to force that intelligence the inate principle of liberty itself rebels against it and thereby we kill the root by endeavoring to increase the growth of the branches. Let our Constitution makers and our law makers strengthen the branches of free government by cultivating the root, which is a *desire* for knowledge and truth. Render every aid possible to the system of education, and we will guarantee that the parents of the country, who as fully appreciate these benefits as does any member of the Constitution, will not be backward in accepting them, and the men and women of the country will grow in knowledge because they love knowledge, and not because it is attempted to be forced upon them. You can no more force a man to be a Webster or a Philips than you can force him to be a christian. Give him the *opportunity* and the *incentive*, and if he does not progress your force work will prove of no avail.

AGRICULTURAL SOCIETY.

PLATTSMOUTH, July 29th, '71.

Board of Managers and officers met pursuant to adjournment, called to order by President Wheeler.

G. H. Black, chairman of committee on Grounds, reported that the committee had examined various places, and that the committee were unable to agree upon a location—some being in favor of one place, and some another. Three localities were talked of—one on the Platte bottom, one on Mr. Jacob Adams' place and another on J. R. Porter's place.—The Porter place was agreed to be the best place, but it was very uncertain whether it could be obtained.

On motion, the committee on Grounds, were discharged from further duty, and a new committee, consisting of H. D. Hathaway, John Muttz, and G. S. Smith were appointed to select grounds, with instructions to contract for grounds suitable, to be selected south or southwest of Plattsmouth.

On motion, President D. H. Wheeler was added to the committee.

The committee on premium list reported progress, and asked further time, which was granted.

On motion, Messrs. G. S. Smith and Jacob Vallery were appointed a committee on printing, with instruction to procure the printing of 500 copies of the Premium List and regulations.

On motion the meeting adjourned subject to the call of the President.

D. H. WHEELER, Pres't.
H. D. HATHAWAY, Sec'y.

MUSICAL ASSOCIATION OF PLATTSMOUTH.

Pursuant to a call by the committee of the Oratorio of Esther, through the columns of the HERALD, to the singers of Plattsmouth, a meeting was held last evening (not at Mr. Leonard's Photograph Rooms) at Clark & Plummer's Hall, for the purpose of organizing a Musical Association of Plattsmouth.—Mr. J. N. Wise was called to the chair, and Mr. Henry Thomas was chosen secretary. By a a vote it was decided that the officers of the Association shall consist of a President, Vice President, Secretary, Treasurer, Organist, Leader, Assistant Leader, and an advisory Board of three, consisting of the two leaders and one member chosen from the class. Proceeded to the election of officers for the Association, which resulted as follows:

Mr. J. N. Wise, President.
Mrs. Wm. Wintersteen, Vice President.
Mr. Henry Thomas, Secretary.
Mrs J. S. O'Brien, Treasurer.
Miss Lillie Simpson, Organist.
Mr. Richard Newell, Leader.
Miss Ella Crocker, Assistant Leader.

The election of the Advisory Board to be completed at the next meeting.

There will be a meeting of the Association, at Clark & Plummer's Hall, on Wednesday evening next, August 2d, at 8 o'clock sharp, to further perfect the organization, at which all the singers of Plattsmouth are cordially invited to be present and take an interest in this association.

HENRY THOMAS,
Secretary.

The Legislature of Iowa has taken measures to preserve, or rather to restore, the forests which have been and still are recklessly destroyed. The law releases from taxation on $100 valuation every acre of forest for ten years, and for each acre of fruit trees planted $50 valuation for five years is exempted, and the same for shade trees and hedges along the highways. There are now maple forests in several counties, from which sugar is made, where fifteen years since there was nothing but wild prairie grass and hazel shrubs.

Old Money Bags says that a girl with an income of three thousand dollars a year, or more, is always an object of interest because she has so much principal.

A Troy editor speaks of another as sufficiently well posted to edit a handbill.

Plows! Plows! Plows! Plows

THE GREAT CAUSE

OF

HUMAN MISERY!

Just Published, in a sealed envelope. Price 6cts.

A Lecture on the Nature, Treatment, and Radical cure of Spermatorhœa, or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally; Nervousness, Consumption, Epilepsy, and Fits; Mental and Physical Incapacity, resulting from self-abuse, &c.—By Robert J. Culverwell, M. Dr, author of the 'Green Book,' &c.

The world renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequence of self-abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings or cordials, pointing out a mode of cure at once certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This lecture will prove a boon to thousands and thousands.

Sent under seal, to any address, in a plain sealed envelope, on the receipt of six cents, or two postage stamps. Also Dr. Culverwe l's 'marriage guide,' price 25 cents. Address the Publishers,

THE IMPROVED

McLean & Hooper

SIMPLEST, CHEAPEST, MOST DURABLE & LIGHTEST RUNNING.

ENLARGED, IMPROVED, PERFECTED AND NOW PATENTED.

ELASTIC LOCK STITCH

Family Sewing Machine

This superior Machine is adapted to the very wide range of Hemming, Felling, Braiding Binding Cording, Embroidering, Seaming, Quilting, Tucking, Ruffling, Hem-stitching and Gathering. Is equally good for fine or heavy work, and is the most practical Sewing Machine ever invented.

The needle of the McLean & Hooper is short and straight, and is not open to the objection of vibration and its results in long or curved needles. It is never set too high, nor too low. The machine is always in order; sews from two common spools without re-winding; wastes no thread; cannot tangle if run without goods, nor when the easy passage of the goods is obstructed. The feed is never dull, is positive, and is the very strongest feed in use. The Machine is free from springs, which tend only to weaken and get out of order. The most delicate seamstresses use the McLean & Hooper without injury, being the *lightest running machine ever made.* The inventor considers his invention an improvement that does not simplify, and his very justly kept in view the fact that as Sewing Machines are used chiefly by those who, as a general rule, know little of practical mechanics, a greater degree of simplicity in their construction and use, and consequently a lower range of prices were essential, in order to meet a universal want.

Price, on Plain Walnut Table, with Outfit, - - - - - $45.00

Other styles and finish as low as any other Company. Send stamp for descriptive circular. Agents wanted in every county in U. S. and Territories. Save $25, and sewing machine vexations, by purchasing the McLean & Hooper.
