WOOL WANTED

500,000

Pounds of Wool Want at

ST. JOSEPH

WOOLEN MILLS.

FOR WHICH THE

Highest Price will be Paid,

IN GOODS OR MONEY.

Our goods will be found well worth a trial and to be in every respect, as we represent—good, fast colors, superior finish, and as they are all wool, and no shoddy, waste or flyings used in their manufacture, we guarantee satisfaction as to their durability.

Parties ordering goods in exchange for wool are assured of getting them at the very lowest prices. Those desiring their wool manufactured into rolls or single yarn will have it returned immediately without charges for drayage to and from the depot.

Price for carding 8½c; carding, spinning and ruling, 25c per pound.

Satisfaction given in all respects. Samples of goods sent and prices given when required

We manufacture and keep constantly on hand the largest stock of woolens to be found in the west, consisting of cashmeres, tweeds, 6-4 Felted clothes, satinetts, Jeans, plain and plaid flannels, grey and white blankets, stocking yarn, single or double, in all colors, &c.

We would invite the attention of farmers to this advertisement—would prefer wool for our goods to money, and will give you better hargains than you can get elsewhere.

Give us a call, or send your wool.

Factory, North Third Street.

THE YOUNG SHORT HORNED DURHAM BULL

DUKE OF ORLEANS ! !

WILL stand at my farm in Cass county at $10 for grade cows, $40 for thorough bred cows.

The Duke is deep red, sixteen months old, and weighs twelve hundred and fifty pounds, and is without exception, the finest animal of the kind in the State.

Pedigree.—Got by Duke of Paris (page 6083 A. H. B.) he by Duke Airdrie (p. 2749 A. H. B.) out of Lona the XIVth, Lona out of imported Offley (5552 E. H. B.) The Duke is out of Mary Dean 2d by Buckeye (298 A. H. B.) Mary Dean, by Crowder (380 A. H. B.). For full pedigree of Crowder, refer to 5th volume of American Herd Book. I will give one hundred and fifty dollars for the poorest calf, from any thoroughbred cow that may be bred, and can show a recorded pedigree. E. SAGE.

THE

MISSOURI VALLEY LIFE

Insurance Company

No. 70 DELAWARE STREET, LEAVENWORTH, KANSAS

ALL POLICIES NON-FORFEITING

Dividends on the Contribution Plan,

Securing the Greatest Pecuniary Advantage to the Policy Holders

REASONS FOR INSURING IN THIS COMPANY:

1st. This is a Western Company, managed by Western men, whose known financial character, ability and position, afford ample guaranty for its careful and successful management.
2d. Its Polices are all **non-forfeiting.**
3d. Premium all **cash.** It receives no notes and gives none. Policy holders have no interest to pay, and no outstanding notes as liens upon their policies.
4th. It has no restriction upon travel.
5th. Its dividends are made upon the contribution plan.
6th. Its ousiness is exclusively life insurance.

DIVIDENDS

Are the accumulation of interest upon premiums paid, hence the Company that loans its assets at the highest rate of interest can give you the largest dividends. Eastern companies invest their moneys at 6 per cent., while this makes its investments at twelve per cent. or more.

The advantage of Western investments to the policy holder appears in the following startling figures: The amount of $1,000, invested for five years at

6	per cent. compound interest, is	$ 1338.23
8	" " " "	1,469.34
10	" " " "	1,610.51
12	" " " "	1,762.34

It is obvious that this company offers greater financial advantages and inducements to the policy-holder than any other company in existance

LOCAL NEWS

A large amount of wire has been received in Omaha for the Great Western telegraph company.

Melons are a drag in the market, although Baker's Muskmelons are sought by everybody.

"Phocion," the suicide correspondent, has been heard from again. He was at Sioux City, where he had a row with some colored men, and came off second best.

We learn from Sheriff Johnson that a strong effort is being made by relatives and friends of Constance to induce Hibbard & Spencer, of Chicago, to not make an appearance against him at the session of the District Court.

If you want a taste of those luscious Concord grapes raised by Chas. Wolcott, call at "The Good Intent" and you can get them

The Convention has decided, by official vote to submit the question of minority representation as a separate clause

The temporary insane Asylum at Lincoln is rapidly approaching completion, and will be ready for the reception of the patients in a few days. The building is frame, 96x34 feet twenty feet high containing forty bed rooms, 7x10; kitchen 61x15; hall, full length of the building, twelve feet wide; Superintendent Stewart's rooms, 10x14 and 10x12; store-room 10x16. There is 80,000 feet of lumber in the building; 60 doors and 57 windows. The contractors are McCord, DeHart & Co. The cost of the edifice when completed is $4,500.

A. H. & G. Buck have just received a fine lot of grapes from their Burlington vineyard. Call and sample them.

Alex. Dobson, of Butler county, paid $75 for a pair of Poland-China sows a day or two since. They are beauties.

A pair of full-blood Poland China pigs for Wm. Lloyd were received at the Express office this morning.

Mr. Mathews, formerly editor of the Ashland *Times*, has received a "call," as clerical gentlemen say, to publish a paper at Pleasant Hill, the county seat of Saline county.

The apportionment under the new Constitution gives Cass four members of the House and one Senator.

Hon. S. M. Kirkpatrick has our thanks for a copy of the report of the Committee on apportionment.

A cargo of young Prairie Chickens just received and for sale by Bennett Bros.

Peaches by the wagon load in town today.

Loads of melons in every direction—some of them two and a half feet long—remind us of pine saw-logs.

The air that passes over the Asylum grounds at Lincoln is to be made to pay toll by turning a wind mill, which will force water from a deep well to the most remote parts of the Insane Asylum. The time is not far distant, in Nebraska, when wind mills will be used to grind our wheat and corn and saw our timber.

Three years will confirm what we now declare: That Nebraska will be the greatest corn growing and stock raising country on the American continent.

The B. & M. in Nebraska now have nine locomotives in operation from Plattsmouth west, running day and night and yet they have more work than they can possibly do. They yesterday hired a tenth locomotive until they can get a new supply from the manufactory.

The HERALD office was the recipient to-day of a box of fine luscious peaches with a note attached from our genial friend Pat Morrissey, begging our acceptance of the same as a token of respect for our good behavior during his late absence!

Many thanks friend Morrissey, and we wish you to bear in mind that we always were well behaved and "good boys, too" and while enjoying his excellent treat, we were strongly impressed with the fact that through all the vicissitudes of life, and pains of bodily illness, with which he has been afflicted, Morrissey has preserved a warm and generous heart and is not the man that would ever forget a friend.

M. O'Connor's Circus, which showed here yesterday afternoon and evening, did not have as large an audience as is usual for this place, although the performance was very good—in fact, better than the average of circuses,—and the only reason we are able to assign for the slim attendance is the fact that everybody is waiting for the Great Atlantic & Pacific Circus which is coming from California on its tour across the continent, and will exhibit in Plattsmouth on Monday, the 28th of August.

Every exchange we pick up from the west is filled with praise of the unparalled success of this famous troupe, and if the half that is told of them is true, (of which we have no doubt) the Atlantic & Pacific certainly will be the best show of the kind that has ever visited Nebraska.

The *Chronicle* says the scarcity of grain in this section causes it to sell higher here than at Nebraska City. We would ask, for information, if the corn with which ten cars were loaded to-day, in front of the HERALD office, was hauled from the neighborhood of Nebraska City? And if so, why?

Cute.

At one of our Sabbath Schools on last Sabbath, the Superintendent was reviewing the lesson and was talking of the verse, reading—"Let your loins be girded and your lights burning." He asked the question—Why are we commanded to "gird our loins?" One little harp shaver sung out—To keep your breeches up.—*Iowa Falls Sentinel.*

Mr Beecher, discussing the need of "using one's lif for others," said:

There are thousands, and thousands, and thousands who could be saved if there was anybody to wrap a warm heart about them; if there was anybody to take them up and care for them, and clothe them, through good report and evil report.

FROM THE SURVEYORS.

Dougherty's party all right.

R. G. Doom, of this city, received a letter last evening, dated the 14th, from his son Everton, who is with the Dougherty party, stating that the escort of fifty men had arrived, piloted by Robert Doom, jr., and that work would be resumed the next day. This makes a party of seventy men, all thoroughly armed, and Everton writes that no further apprehension need be entertained in regard to their safety, as they now feel perfectly secure in going any place they desire. He thinks they will complete their work and get home about the 1st of October.

ABOUT CASS COUNTY.

A gentleman who resides in Illinois writes us a private letter to ascertain certain facts relative to Cass county, with a view to remaining here. We take the liberty of stating and answering a portion of his questions through the columns of the HERALD, believing that others will profit thereby. He asks what is the population of your county?

Ans.—About twelve thousand.

What are its principal products?

Ans.—Wheat, corn, Oats barley and potatoes may be counted as the principal products of the soil, but everything raised in this latitude can be successfully cultivated here, and most of them are produced in either large or small quantities.

What are its shipping facilities?

Ans.—Our shipping facilities are excellent. We have the river along one entire side of the county, the B. & M. railroad running for over thirty miles through the county, running seven daily trains between this city and Chicago; the Kansas City, St. Joe and Council Bluffs railroad gives us railroad connection with all parts south, and the Trunk Railroad will soon give us a second line direct to St Louis. We have the best shipping facilities of any place in the west, if we except perhaps, Omaha, and we can hardly be counted inferior to that place.

What are its political principles?

Ans.—Loyal to the core. Glorious old Cass is counted one of the counties in Nebraska where a good round majority for the principles of the Republican party can always be looked for.

How is the supply of timber and water?

Ans.—Cass county is well watered, as is nearly all of our State; and there is no such thing as poor water in the State. Timber is not so plentiful as we might desire, yet there is no particular inconvenience felt from lack of it. Cass county is probably as well timbered as any county in the State and has some of the finest water power in the State.

Is there much vacant good land in your county?

Ans.—There is very little government land in Cass county, yet there is much land upon which there are no improvements, and which can be bought at very reasonable figures—say from $5 to $10 per acre.

Do you think the business of breeding fine blood swine would pay there?—

Ans.—We think there is hardly a doubt on the subject. This State is emphatically a stock county, and there is much call among our farmers for the finer breeds of cattle, horses and swine. We know of very many farmers who are constantly sending from home for fine breeds of swine, cattle, etc., and we doubt not that a regular swine breeding business would pay remarkably well here.

STATE FAIR—PROVISIONS FOR STOCK.

Every indication now is, that there will be an extraordinary attendance of fine stock of all kinds, at the coming Nebraska State Fair, to be held in Brownville, September 26, 27, 28 and 29th next. While the Executive Committee are sparing no pains to provide abundantly, it will be an accommodation to the Board to have entries of stock made and stalls secured as soon as possible. Entries can now be made and stalls secured. Apply either to D. H. Wheeler Secretary, Plattsmouth, or the undersigned at Brownville. R. W. FURNAS,
Pres't State Bd. Ag.

A GOOD SUGGESTION.

"The State of Nebraska is liable to be mulcted in a sum ranging anywhere from $50,000 to $100,000 on account of the *Inches* of its Executive and law officers in the Salt Basin matter. The Constitutional Convention was considerably given to "investigating" during the early days, why not do a little amateur work in this line about this time."—*Lincoln Journal*

Will the members of the Convention look after this little matter before they leave. Of course they have no authority to take official action as a Convention; but it is altogether proper that each member should take the individual responsibility of ascertaining the facts.—Will they do it?

Notwithstanding the ruinously low prices of corn in our city, it is worth two to three cents a bushel more here than at Nebraska City.—*Plattsmouth Herald.*

Poor land, slim crops, scant supply, about Plattsmouth. That's all.—*Neb. City Chronicle.*

It matters not what reason our *Chronicle* friend assigns, so long as he admits the fact. Person having grain to sell will take notice and profit accordingly.

The editor of the *American Mechanic* has encountered trials unknown to ordinary men. Just hearken unto his wailings: "Owing to the fact that our paper-maker disappointed us, our exchange, a Dutch peddlar-tote our scissors, the rats run off with our paste, and the devils went to the circus while the editor was at home tending the baby, our paper is unavoidably postponed beyond the period of publication."

$5 TO $10 PER DAY Men, Women, Boys and Girls wanted to work for us right in their own localities. Full particulars and instructions sent free by mail. Those who need profitable work should address

THE IMPROVED

McLean & Hooper

ENLARGED, ORNAMENTED, IMPROVED and WARRANTED

SIMPLEST, CHEAPEST, MOST DURABLE & LIGHTEST RUNNING.

ELASTIC LOCK STITCH

Family Sewing Machine

This superior Machine is adapted to the very wide range of Hemming, Felling, Braiding, Binding, Cording, Embroidering, Seaming, Quilting, Tucking, Ruffling, Hem-stitching and Gathering. Is equally good for fine or heavy work, and is the most practical Sewing Machine ever invented.

The needle of the McLean & Hooper is short and straight, and is not open to the objection of vibration and its results in long or curved needles. It is never set too high, nor too low. The machine is always in order; sews from two common spools without re-winding; wastes no thread; cannot tangle if run without goods, nor when the easy passage of the goods is obstructed. The feed is never dull, is positive, and is the very strongest feed in use. The Machine is free from springs, which tend only to weaken and get out of order. The most delicate seamstress use the McLean & Hooper without injury, being the *lightest running machine ever made.* The inventor considers no invention an improvement that does not simplify, and he very justly kept in view the fact that as Sewing Machines are used chiefly by those who, as a general rule, know little of practical mechanics, a greater degree of simplicity in their construction and use, and consequently a lower range of prices were essential, in order to meet a universal want.

Price, on Plain Walnut Table, with Outfit, - - - - - $45.00

Other styles and finish as low as any other Company. Send stamp for descriptive circular. Agents wanted in every county in U. S. and Territories. Save $20, and sewing machine vexations, by purchasing the McLean & Hooper.
