Nebraska Herald.

PLATTSMOUTH, NEBRASKA.,

THURSDAY, SEPTEMBER 28 1871.

ANNOUNCEMENTS.

County Superintendent.

Believing that educational matters and politics should be kept seperate, the undersigned begs leave to announce that he will be a candidate for the office of County Superintendent of Cass county, independent of either political party, and he asks all friends of education to give him their support, promising that if elected he will faithfully attend to the duties of the office and use his best endeavors to promote the efficiency of the public schools of this county.

J. D. PATTERSON.
Principal, Naomi Institute

PLATTSMOUTH, Sept. 26, 1871.

EDITOR HERALD:—Allow me, through your paper, to offer myself to the coming county Convention, as a candidate for County Superintendent of Common Schools. As it is the business likeway between parties, to define duties, allow me to set forth the work I propose to do should the people of the county honor me with the office.

1st, I propose to visit every school in the county, as soon and as often as practicable, making myself acquainted with the teachers and their methods—with the pupils and their needs.

2d. I propose to lecture on "The Common School," its design, its advantages, its abuses, and needs in every precinct of the county, the coming winter.

3d. I propose to do every thing I can to secure competent teachers for our schools, by careful examinations, in the first place; by kind suggestions to the teachers in the second place, and by Teacher's Institutes and Associations as often as practicable in the third place.

4th. I propose to have my regular office hours to suit the convenience of teachers when any and all the friends of Education will be welcome to meet me for consultation and advice.

I shall hope and earnestly endeavor to do the work of this, the highest and most important office of the County, faithfully and well.

ROSWELL FOSTER.

Dr. Blue, editor of the Nebraska City *News*, is engaged in writing love sonnets. Good thing, Dr.

Street Commissioner White is removing the debris of rock work from the Main Street Culvert, preparatory to the erection a of pile bridge.

A man named Coon was shot dead last Wednesday at Wood River bridge, by a man named Williamson. Williamson was arrested.

A new paint shop is being erected on Sixth street, one door north of Price's blacksmith shop.

The Tammany ring, of New York, is about "busted." When thieves fall out, honest men get their dues.

Merges has just completed the burning of another kiln of brick at Fitzgerald's yards.

In the language of the irrepressible President of the Constitutional Convention; if the Constitution is adopted "it is none of your unanimous things."

There is still no contradiction of the report that Pawnee has gone against the constitution. Let us sing.

The most important question of the age:—"Have you heard from Pawnee?"

Otoe county comes out with just six majority against the constitution.

The Trunk Railroad will be built through Cass county just the same, whether we hear from Pawnee or not, provided we all vote for the bonds on the 6th of October.

The Baptist sociable will be held at the residence of Bro. Waters, this—Thursday—evening.—*Chronicle.*

We expect to see "brother Waters" with a white choker on when next we meet. How does Straub take it?

Sanntag den 24 September hat die Deutsche Ev. Luth Gemeinde in ihrem Schulhaus vormittag's um 11 Uhr Gottendienst. Ueberhaupt findet derselbe von jetzt an regelmaessig alle 14 Tage statt. Minister Rev. L. Hannawald.

The Fairbury *Gazette* says workmen on the St. Joe & Denver road were putting up shanties at Jenkins' Mills last week, preparatory to commencing work on the road about a mile below that point. Grading is nearly completed half way from Hanover to Jenkins' Mill, and track laid two miles west of the former place.

A gang of burglars at Pawnee City went through Conner's jewelry store, Butler & Roper's store, and Wood's shoe establishment last week Wednesday, and carried off about $500 worth of property Citizens went in pursuit, but nothing has been heard of them to date.

M. W. Lynch, Esq., so long the popular clerk of the Platte Valley House, in this city, has leased the Pacific House, at Beatrice, and will open it to the public in a few days. Lynch is one of the best hotel men in the west, and the people of Beatrice may feel proud of securing him as a landlord.

Died, at the residence of Professor Adolphe d'Allemand, in this city, at 4:30 A. M. to-day, of nervous debility, Charles Robert Brown, aged 21 years and 10 months.

The funeral services will take place tomorrow at Rock Bluffs. The procession will leave the residence of Prof. d'Allemand at 10 A. M., Sept. 23d.

Johnson county has voted $102,000 in county bonds in aid of the Atchison & Nebraska Railroad. Cars are expected to run to Tecumseh by December 1st. Engineers are now on the road, and grading will be commenced immediately

Many an intelligent man in Cass county was at a loss to know how to vote on the new constitution at the recent election because he had not seen the document. Every reader of the HERALD was furnished with a copy, and every man in Cass county who desires to keep posted should be a reader of the HERALD. It pays. Many a man would have willingly paid a year's subscription for the number containing the constitution.

"DONE GONE UP."

Col. Philpott came in from Lincoln this evening, and we learn from him that the people of Lincoln have given up the constitution. They say it is "done gone up."

TEN CARS A DAY.

The average shipment of wheat over the B. & M. R. R. to Chicago, from this city, has been about ten cars loads a day. This does not look to be very large shipments, but when kept up for several successive months it counts up to a large figure.

FALL TERM.

The Fall Term of Plattsmouth Academy will commence on Monday, October 2d. The success of Prof. d'Allemand during the past year and a half makes this Academy one of the most popular institutions in the west Five teachers are employed, and whatever is taught is taught thoroughly.

PLATTSMOUTH ACADEMY.

The following, which explains itself was received by Prof. A. d'Allemand yesterday:

NEBRASKA STATE UNIVERSITY,
CHANCELLOR'S OFFICE,
Lincoln, Sep. 21st 1871.

PROF. A. d'ALLEMAND, *Dear Sir:*—I owe you an apology for not redeeming my promise sooner, but the press of my own business has constrained my neglect. Accept the following as a slight testimonial.

On a recent visit to Plattsmouth, I had the pleasure of visiting, for a short time, the Academy of Prof. A. d'Allemand. All that I saw of its order and instruction impressed me favorably, and I do not doubt the efficiency of the teaching in his academy, or that it is worthy of public confidence and patronage.

A. R. BENTON, Chancellor
University of Nebraska.

NO SURE THING.

Dispatches from Lincoln at 5 P. M. to-day report Pawnee 358 and Gage 48 against the Constitution. This gives the opponents a new lease of hope, but we anticipate it will be short lived. We have advices from Gov. Butler stating that Pawnee will roll up 500 for the constitution when all counted, and we believe the dispatches are a put up job, although they cast a doubt on the result.

THE PUBLIC SCHOOLS OF THE CITY.

At a meeting of the City School Board this morning, it was decided to have the public schools of the city commence on Monday next, Oct 2d.

The city was divided into districts, and parents residing in one district will not be allowed to send their children to the school of another district without first having obtained permission from the Board of Directors. The districts will be composed as follows:

First Ward District will embrace all that portion of the city lying north of Main street and east of Eigth street.

Second Ward District will embrace all that portion of the city lying north of Main street and west of Eighth street, and all that portion of the city lying south of Main street and west of Eleventh street.

Third Ward District will embrace all that portion of the city lying south of Main street and east of Eleventh street.

By order of the School Board.

Attiest, R. H. VANATTA,
sep25dawlw Clerk of Board.

Capt. L. D. Bennett is erecting a neat and substantial residence in the northwest part of the city, on the line of the proposed New York Avenue.

At the Lincoln Land Office, for August, there were entered 65,642 acres of land under the homestead, pre-emption and cash entry laws.

A man in Knox Co., Ill., has spells of sleeping from two to seven days at a time, and of course during these spells takes no food. When he comes out he is just as well as ever.

MR. EDITOR:—Is there anything in the new constitution protects a man from the tongues of vulgar females? If not, I am sorry I voted for it (had not time to read it all) others besides myself are much annoyed whenever we step outside our doors, our ears being assailed by coarse remarks from creatures who call themselves respectable women. If we replied, we would be lowering ourselves to their level, so we have to keep silent; but couldn't they be arrested as a nuisance? If I am informed correctly, they are married women but surely their husbands cannot be aware of their behavior, else they would try to prevent their wives becoming so notorious for addressing coarse remarks to men with whom they have no acquaintance. If they cannot take a hint from this, and behave themselves in a respectable manner, we must see what will be the effect an appearance before the Police Judge.

A MAN WHO WANTS PEACE.

INFORMATION WANTED.

One John J. Shaffer, aged about 45, above medium size light complexioned, with little beard, married, has no children of his own, calls himself a dunkard, left Ottumwa, Iowa, last spring, and carried off with him, without the knowledge of her parents, a little Swede girl, 10 years old, named Emma Christine.—Shaffer started for Plattsmouth and has not been heard from since. The parents of the child are very anxious about her, and will satisfy any person for the trouble who will inform Dixon & Ennis, Attorneys, Ottumwa, Iowa, where Shaffer and the girl can be found.

Newspapers will do a poor mans favor by copying this notice.

A serious schism is threatened in the Episcopal Church of New York. The vestry of that church have resolved to adopt the new Union prayer book. This is against the wishes of Bishop Potter, and not to be in rebellion against his superior, the Rector, Rev. M. Thrall, has sent a letter to the Bishop withdrawing from the regular Episcopal Commission, and announcing his purpose to comply with the wishes of his vestry.

NOTICE

There will be a meeting of the Plattsmouth Musical Association on Thursday evening next, Sept. 28th 1871, in Clark & Plummer's Hall at 7:30 sharp. Every member of the association is earnestly requested to attend this meeting.

J. N. WISE, Prest.
HENRY THOMAS, Secy. 4

BRIDGE CONTRACT.

The contract for the erection of the pile bridge across Main Street has been let to C. W. Lyman, for $1,400. He is to have the south half of the bridge completed by the 21st of October, and the whole structure completed by the 7th of November.

POLICE COURT.

To morrow bids fair to be a lively day at the Police Judge's office. A combination has been formed to resist payment of licenses under the new city ordinance, and a test case will come before the Police Judge to-morrow.

NEW MEAT SEAT.

Geo. Fickler has opened a new meat market on Main street, where he can furnish customers with all the best meats in season. Geo. is well known as a first class butcher.

PAWNEE.

The Pawnee *Tribune* of Saturday says Pawnee city precinct gave a majority of 170 against the constitution, and that the county will give 300. A gentleman who arrived in Lincoln yesterday says the official count of Pawnee is 258 instead 358, against the constitution.

DELEGATE CONVENTIONS.

At the recent election, the Republicans of Lancaster county voted by ballot for candidates for county officers, and also voted on the question of whether they would hereafter have delegate conventions or primary elections by ballot, to choose candidates. There were 290 votes cast in favor of the primary election system, and 491 votes in favor of the delegate convention system.

NARROW GAUGE RAILROAD.

We understand the project of building a narrow gauge railroad from Plattsmouth south-west, through the Weeping Water country, is being talked up by capitalists of this region of country.—It is said a narrow gauge railroad can be constructed for about one third what a broad gauge would cost, and can be operated at a much less proportionate expense. Keep your weather eye open for the Plattsmouth and Weeping Water narrow gauge railroad. It is coming.

CASS COUNTY OFFICIAL.

The following is the official vote of Cass county on the new Constitution and the accompanying propositions:

		FOR.	AG'ST.
New Constitution,		769	241
First Independent Article,		693	312
Second	" "	553	455
Third	" "	548	470
Fourth	" "	562	545
Fifth	" "	312	690

From the above it will be seen that there were over three to one in favor of the Constitution in this county, and that each of the separate articles had a majority, except those for compulsory education and extention of suffrage.

POSTAL MATTERS.

The following postal changes have occurred in this state since the last report:

New offices established—at Franklin, in Franklin county. Joseph A. Perey, Postmaster. At Prairie, Fillmore, Delos Angell, Postmaster.

Postmasters appointed—Thomas C. Lee, at Loudon, Nemaha county. Otis F. Crane, at Taffe, Wayne county. Geo A. Rose, at Union, Cass county.

Names and sites changed—Lakeview, Saline county, to Wisner; E. M. Clark appointed postmaster.

COUNTY OFFICERS.

The constitution has been rejected, hence we must proceed under the old law to elect county officers on the 10th of October—one week from next Tuesday. The time is short in which to go through the ordinary machinery of nominations, but it has been decided to do so, and in accordance with this decision a call for a convention is issued today. If the Republicans of each precinct will be prompt in their action, notifying their neighbors who may not otherwise hear of the convention, and take especial pains to have full primary meetings, we see no reason why as fair an expression may not be had as if a months notice was given. Remember the 5th of October is the day set for the primaries, at 2 p. m.

Rev. Foster, of this city, will arrange a class in vocal music at the First Baptist Church of Eight Mile Grove on Saturday evening, 30th inst.

Lincoln county voted on the question of suspending the herd law the same day when voting on the Constitution. Majority against suspension 95.

The *Chronicle* says: "Judge Mason and M. L. Hayward returned from Johnson county on Saturday. The horse thieves who have been confined in our jail, all plead guilty and one was sent to jail and two were sent to state prison."

Married, at the residence of Mr. John Shannon, in Plattsmouth, September 26th, at 8 o'clock p. m., by Rev. J. W. Presson, of the M. E Church, Mr. Alpheus Turner of Fillmore county Nebraska, and Miss Lee ta Dudley, of Indiana.

A forger, named Charles Holt has been arrested at Fremont. The *Tribune* gives the particulars.

The basement of Parmale's Block is nearly completed.

The Glenwood *Opinion* has commenced the publication of a daily newspaper, which will be continued during the fair at that place.

President Grant will pass up on the morning train to Council Bluffs and Omaha to-morrow. He will not probably stop at this city. He does not deliver the address at the State Fair.

Aug. Schnasse, of the New York Store, arrived at home Sunday, and their immense stock of goods are arriving by every train. Schnasse informs us that he has coming the largest stock of goods ever brought to Platts mouth.

We are indebted to N. Clemons, Esq., of Rock Bluffs, for a basket of excellent Sweet Potatoes, of the Brazilian White variety. They are an excellent potatoe, and persons desiring them can be supplied by calling on or addressing Mr. Clemons, at Rock Bluffs. He has over one hundred bushels of them.

Judge Lake has discontinued the injunction against the sale of real estate by the Treasurer of Douglas county in consequence of irregular assessment. He does not decide upon the merits of the Church Taxation question, but holds that there is sufficient wrong to the tax payers shown to warrant the stoppage of revenue, upon which the machinery of government depends.

C. M. White, Esq., State Agent of the Insurance Company of North America, was in the city to day, and appointed Capt. Phelps Paine agent for the company in this city. The North America is one of the oldest Companies in the Union, having been organized in 1794.

Adopted or rejected Cass county occupies the proud distinction of the only river county that gave a majority for the new constitution on its merits, and of giving the second largest majority of any county in the State. Richardson county gave a majority in favor of the new constitution, but the county seat question had a great influence on the vote there.

REGISTRY LIST.

The following is a list of the qualified voters in Plattsmouth precinct, Cass county, State of Nebraska.

	A

I hereby certify that the above is a correct list of the qualified voters of Plattsmouth precinct. Books will be open for correction on the fourth and fifth days of October, 1871, at my residence. I. WILES, Registrar.

In another column it will be seen that J. D. Patterson, Principal of Naomi Institute, has announced himself as an independent candidate for the office of County Superintendent. Now, while the HERALD, as a Republican paper, has ever been opposed to so-called "People's candidates," "Independent candidates," and everything that would tend to create discord or confusion in the ranks of the Republican party, yet in justice to Mr P. we must say that we believe him to be well qualified for the office. As an educator, he ranks among the first in the county; and the noble institution he has reared, and which he conducts with so much ability, attests his energy and zeal in the cause of education. Were he the regular candidate, it would give us pleasure to support him; but we believe all true Republicans should use every endeavor to preserve harmony in that grand old party which saved our country in its hour of trial.

Sweet potatoes were selling to-day at $1.25 per bushel. Cheap enough for anybody.

Apropos of the many remedies proposed for preventing boiler explosions, the Louisville Courier says the only absolutely sure way to keep them from exploding is to fill them with ice water and set them in a cool place.

Curiosities of Immigration.

Out of 15,000 immigrants who arrived at the ports of Boston and San Francisco, during the quarter ending June 30, more than one-half were skilled workmen representing about sixty different vocations. Most of the remaining men were laboring men, and a few hundreds were women, who make their living as seamstresses, nurses and servants. One hundred and two carpenters arrived at Boston during the whole period of three months, and they were accompanied by 230 farmers and 43 fishermen.

Knight Templar's Banquet.

BALTIMORE, September 19.—A grand banquet was given the Knight Templars this evening at the Maryland Institute. There were three tables extending the entire length of the hall and several hundred seats and all the seats filled with grand officers and invited guests, including some fifty ladies. Speeches and toasts followed the edibles, interspersed with vocal music.

An accident of a painful nature occurred to-night while Ascalon Commandery of St. Louis, was parading with its band, preceded by its eminent commander, W. W. Whetten Ehringer, on horseback, passing in front of Barnum's hotel, where the street was densely crowded, the horse became frightened, reared and fell back on his rider, breaking one of his arms and otherwise badly bruising him. He was taken to the Mount Vernon hotel, the headquarters of his commandery.

Why Coal Tar Rots Wood.

Mr. Phillips, City Civil Engineer of Cincinnati, says: Experience has shown in this city that the practice of throwing plank or blocks into hot or warm coal tar for a short time is a cause of accelerating decay. The reason seems to be this—a thin film of tar is formed on the surface, which is water-proof or partly so for a while, and as soon as the travel is turned upon the blocks this film is worn off the top of the blocks and they become sponges, absorbs the water readily, and allows it to pass down into the interior of the blocks, while the outer coating prevents its escape. The result is the speedy rotting of the interior of the block.

A Southern paper gives an account of an aged freedman who, having saved enough of his earnings to send his boy to school, concluded that he would get a double return for his money by b coming in turn a pupil of the son, and by so doing secure for himself the benefit of an education. Having mastered his A. B. C, and conquered his a-b abs, the old gentleman was given a lesson in words of three letters. By this time his enthusiasm for learning had shockered and he grew careless. His thirst for knowledge ceased altogether when, upon his spelling the word d-g, d-o-g, he was feathered in on him with a well seasoned hickory, and gave him a tremendous flogging, assuring him at the same time that such discipline was indispensable to the acquirement of a thorough education.

The recent arrival at Philadelphia of a cargo of 850 quarters of fresh beef from Texas has created quite a sensation in that city. Directly after the arrival of the vessel, the hatches which had remained sealed from the moment the vessel left Texas, were opened, and the uppermost quarter was lifted out for inspection, and found to be as fresh and sweet as when it was packed away. By an arrangement of a large ice-box in the after part of the vessel, and a huge fan, a current of air was kept continually passing over and permeating between the layers of beef and they maintained thus an even average temperature of 36 degrees. Five hundred pounds of a dainty fish, caught in the Gulf of Mexico, were found to be as firm and perfect as when placed in the refrigerator. When it became known that fresh Texas beef was being sold at ten cents a pound, half the rates ch rged in the street market, a great rush of people was at once made to take advantage of the rare opportunity. The Captain of the vessel at once transformed a portion of the forecheck into a well appointed meat stand, and secured a corps of carvers, who are now, and have been since this temporary meat shop was opened, industriously engaged in attending to the host of customers constantly pressing forward for the cheap Texas beef. The scene was an interesting one, rich and poor crowded forward to be served, calling for quantities from a pound to a quarter, and while waiti g, were prolific in their encomiums upon its good quality and its cheapness, and their riddance from the 'butcher monopoly' which they have been compelled to support for so long a time. The new enterprise bids fair to give a decided impetus to stock raising in Texas, and the time is likely not far distant when semi-weekly vessels will arrive loaded with fresh beef from that section. The experiment has been tried at a season of the year during which its success might have been reasonably doubted.

We regret to learn that one of our boys, William Cooper, met with a severe accident while hunting yesterday. He had fired off one barrel of his gun, and was in the act of reloading, when the other load went off carrying with it the thumb and first two fingers of his right hand. Drs. Strickland and French dressed the wound.—*Lincoln Journal.*

Lord Shaftesbury told at Glasgow of his having whitewashed and painted one of the dirty houses occupied by a family in the foul districts of London, and a short time afterward returning to find it worse than ever. He said, "what on earth is this?" and the reply was, "Plaze your honor, the house looked so cold and uncomfortable that I sent for the sweep, and axed him to give us a few warm touches."

"Schoolbegins next Monday, Nan!" shouted little Harry, as he entered the family sitting room, a few days ago. *Hurrah!* "Goody! goody!" responded Nan. "I am so glad." And so say the millions of happy "Young Americans" who before this paper is printed are settled down to another year's hard work. Teachers are returning to their work refreshed and reinvigorated. The girls, full of life, fun and mischief, their ruddy cheeks have borrowed the vermilion tints from [illegible] it will be some days before they can settle down to hard study. Happy childhood—may you long remain children at least in feeling and innocence.

What a responsible yet joyous employment is that of a teacher! Next in importance and responsibility to him who is commissioned to bear the message of peace and good will to men, stands the teacher. While his youthful charge, to the other is given the scarcely less important task of pruning, leading and moulding the mental and moral natures of the immortal beings entrusted to his care. And very often it is made the duty of the teacher to supply the lack of parental should be learned from the sacred desk. All honor, then, to the schoolmasters and schoolmarms of America, and prosperity to our free schools.

The horn of a Patagonian ox has been forwarded to the German Meerschaum of Baltimore. It is sixty-five inches long, seventeen inches in circumference at the base and will hold seven quarts.

GREAT SALE OF

LOTS AND LANDS!!

Unparalleled Inducements to Purchasers!!

I WILL OFFER FOR SALE TO THE HIGHEST BIDDER, ON

Monday, November 6, '71.

—A Large quantity of desirable property, consisting in part of—

THREE HUNDRED LOTS

In My Addition to the City of Plattsmouth, and Several Lots,

EIGHT AND TEN ACRES EACH,

ADJOINING THE CITY.

These Lots are well Situated, as regards Healthful locality. Commands some of the most Beautiful Views on the Missouri River, and are convenient for Dwellings or Stores. The City of Plattsmouth is destined to be one of the principal cities of the central part of the Continent. Situated on the beautiful Missouri River, at the mouth of the Platte River, with thousands of miles of navigation above and below, it stands at Nature's own Gateway to the Rocky Mountains; over this route the Burlington & Missouri River Railroad Company, have already completed some 90 miles of the best railroad, with the most level route in the west and road will be finished and running to a junction with the U. P. R. R. at Fort Kearney by next November. It is the ultimate design of this road to reach the Pacific coast by a near route over better grades than any yet found, and thus Control the trans continental traffic, which will in consequence pour all its advantages at this point.

A Bridge Over the Missouri River

will be commenced here without delay, connecting this road with its namesake in Iowa, giving this city the shortest and most direct route East. Numerous branch railways are already projected to drain the business for many miles into this Main Artery; all which prove conclusively that no better opening for

Safe and Profitable Investment

can be found than by securing Real Estate and good homes in this most promising city. PLATTSMOUTH is connected by rail with Lincoln, and the interior towns of a rapidly settling section of the finest Agricultural lands in the West. It has connection with all the towns on the river, above and below it, and will the main business east and west. Chicago is only 222 hours distant, while St. Louis is but 24. Competition in transportation between river and railway insures cheap freights to St Louis, while three roads to Chicago keep down exhorbitant rates in that direction. Millions of dollars of material could be manufactured for the rapidly increasing demands of the interior portion of the State, and altogether, there is no more truly encouraging locality to settle in than right here in Plattsmouth.

TERMS: Half Down. Ballance in Six Months.

All letters of inquiry, containing a postage stamp for return, will be promptly answered. Address

SHEPPARD DUKE,
Plattsmouth, Nebraska.

Local Notices.

$1,000 Reward is offered by the proprietor of Dr Pierce's Alt. Extr Golden Medical Discovery for a medicine that will equal it in the cure of all disease for which it is recommended. For Bronchitis, severe Coughs, and the early stages of Consumption, it has astonished the medical faculty by its wonderful cures, and hundreds of the best physicians pronounce it the greatest medical discovery of the age. Sold by druggists,
