THE

MISSOURI VALLEY LIFE

Insurance Company

No. 70 DELAWARE STREET, LEAVENWORTH, KANSAS

ALL POLICIES NON-FORFEITING.

Dividends on the Contribution Plan.

Securing the Greatest Pecuniary Advantage to the Policy Holders

REASONS FOR INSURING IN THIS COMPANY:

1st. This is a Western Company, managed by Western men, whose known financial character, ability and position, afford ample guaranty for its careful and successful management.
2d. Its Polices are all non-forfeiting.
3d. Premium all cash. It receives no notes and gives none. Policy holders have no interest to pay, and no outstanding notes as liens upon their policies.
4th. It has no restriction upon travel.
5th. Its dividends are made upon the contribution plan.
6th. Its business is exclusively life insurance.

DIVIDENDS

Are the accumulation of interest upon premiums paid, hence the Company that loans its assets at the highest rate of interest can give you the largest dividends. Eastern companies invest their moneys at 6 per cent., while this makes its investments at twelve per cent. or more.

The advantage of Western investments to the policy holder appears in the following startling figures: The amount of $1,000, invested for fifty years at

6	per cent. compound interest, is	$ 18,420.15
8	" " " "	46,901.64
10	" " " "	117,390.85
12	" " " "	318,068.00

It is obvious that this company offers greater financial advantages and inducements to the policy-holder than any other company in existance

LOCAL NEWS

Rev. Mr. Swartz will preach next Sabbath, at 4 o'clock, p m., in place of Rev. Mr. Arnold, who has gone to Iowa after his family.

Don't fail to go to the Fair and stay all day, to-morrow. It is the last and only chance. You can get your dinner on the Ground.

LADY EQUESTRIANSHIP.

The Great trial of lady equestrianship for the special premiums of an elegant Side Saddle, and a Silver Goblet, will come off at 2;45, tomorrow, and immediately thereafter, the trotting and pacing will take place, for the $50 and $25 purses. Everybody will be there.

A NARROW ESCAPE.

Three Men Buried in Main Street Culvert.

Walter J. White, —— Meadows and Christopher Mahony, were burried alive on the west side of Main Street Culvert, about 11 o'clock to-day. White and Meadows were taken out unhurt. Not so with Christopher Mahony, who being an older man, was not active enough to escape the heavy mass of dirt, and when taken out, was very much exhausted, and it is feared internally injured.

Col R. W. Furnas, President of the State Board of Agriculture, and his son Arthur, are in the city attending the Cass County Fair.

F. J. Metteer is running a very nice spring wagon to and from the Fair ground for the accommodation of the public. If you wish a seat to-morrow you should speak in time, as the rush will be great.

The HOWARD ASSOCIATION, of Philadelphia, has for many years enjoyed a good reputation for professional skill and honorable dealing. We have reason to believe that it is an institution of a useful character, conducted by trustworthy managers.

THE FAIR.

We have no time to speak in detail of the Fair now in progress, but will say that it is proving a grand success, at least so far as the display of fine stock, fine products and manufactures are concerned. There are a very large number of entries, and some of the finest stock is on exhibition that can be found anywhere in the United States.

MASS MEETING TO-NIGHT.

The people of Plattsmouth and vicinity will meet *en masse* to-night at Fitzgerald's Hall, to subscribe their mite for the one hundred thousand homeless and destitute people of all nations in Chicago. No one could give to a better cause. So terrible a calamity appeals to the sympathies of mankind. Plattsmouth will not be behind in doing her part. Let everybody turn out to-night. We must send a few car loads of provisions. If there is anybody too poor to give when suffering humanity cries for help, they can at least help collect and ship what others give.

INSURANCE COMPANIES ALL RIGHT.

It is now ascertained that nearly all the old reliable insurance companies, such as the Underwriters, Home, Phenix, of New York, and the Ætna, City Fire and Phœnix of Hartford, as well as the San Francisco companies, will pay all their losses in Chicago without impairment of capital. This comes of the wise provisions of the law under which they are incorporated, limiting them in the amount of insurance—being able to take only half of their cash capital and assets in any one city in the United States. This will be good news to every one insured in these staunch and world renowned companies.

The case of City of Plattsmouth vs. Joseph Schlater, for violation of ordinance No. 6, in refusing to take out license to do business had a hearing yesterday evening, and resulted in a fine imposed upon defendant.

Frank Williams is in the city looking as hearty and jolly as ever. Frank is now Marshal of Crete, and we would advise rogues to give him a wide berth if they want to run at large.

THE CHICAGO BANKS.

As it may be of interest to some of our readers to know how the late fire may effect the standing of the Chicago Banks, we give below the news of to-day in regard to them:

"The Commercial National Bank will commence rebuilding on their old site to-morrow. Meanwhile they are open for business on West Washington Street. They opened their vault this forenoon, and all their books, papers, money and certificates were in perfect order."

The other Banks will undoubtedly resume business immediately, as the vaults have been opened, and without exception, everything has been found in a perfect state of preservation. Loans have been made largely to that class of business men that suffer least from the disaster—principal loans on real estate surety being eastern capital.

Most of the insurance companies will meet their losses promptly, as soon as losses are adjusted.

Mr. C. Cooper, who has been out on the B. & M. for some time past, arrived at home to-day.

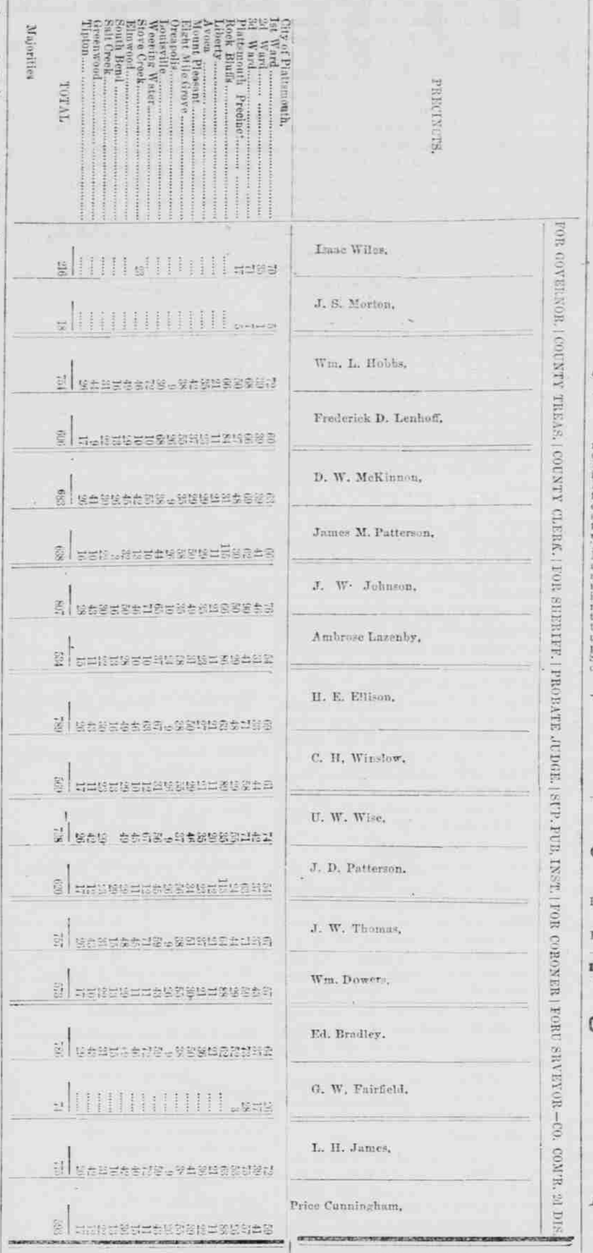
THE ELECTION.

We learn by private letter from Greenwood, that the Republican ticket had 33 majority in that precinct. It is also reported that Weeping Water, Salt Creek, Tipton, Liberty and Stove Creek, gave Republican Majorities, but we have not been able to obtain the figures from any of the above named places. We are in hopes to have the returns complete to-morrow. Enough however, is known to assure us that the entire Republican ticket is elected in this county.

Our former townsman, S. F. Cooper, came in from Crete a day or two since, and reports everything lively in that vicinity.

ELECTION RETURNS.

The following is the Official Canvas of votes for Cass County for County Officers,



A subscriber out in Clay County asks us to stir up the mail department, and secure the carrying of the mail as far as Sutton, in that County. We are not fully posted on the mail routes in the west, but we do know that those counties are filling up very rapidly with intelligent settlers, and they should be provided with all the conveniences in the way of mails that it is possible to give them.

Persons having claims against the Cass County Agricultural and Mechanical Association for labor or material furnished during the recent Fair, are requested to hand their accounts to the Secretary at once, in order that the business affairs may be set in shape at the next meeeting of the board.

H D. HATHAWAY,
Secretary.

The B. & M. Co. have their headquarters in this city under the HERALD Office, and that wideawake agent, T. A. Riordan, Esq., has just put up one of the neatest signs to be seen in the city.

We imagine some one said it was stormy. Perhaps we are mistaken.

Get out your Sleighs—it has been snowing "right smart" to-day.

QUICK WORK.

A few days ago we mentioned the fact that Fitzgerald had taken the contract of building the O. & S. W. R. R. from Crete to Beatrice, and now we learn that the Cummissioners will examine the first ten miles of the road to-day, for the purpose of securing the State land grant. This is pushing things lively.

Charles H. King, Esq., of Eight Mile Grove, has our thanks for the premium head of cabbage. We do not know the exact weight, but it would only require two like it to make a barrel of krout.

"ALL O. K."

Capt. H. E. Palmer, who represents in this city several of the leading insurance companies of the United States, is in receipt of special dispatches announcing the solvency of the companies, notwithstanding their heavy losses in Chicago, and instructing him to proceed as usual with insurance, but to largely increase the rates, and in some instances to double them. The Home is said to be able to adjust all losses promptly and to pay on call. The Phœnix has an available fund of nearly $2,000,000, while her Chicago losses do not exceed $350,000. The Underwriters lose about $900,000 in the Chicago fire, which they will pay promptly and still have over *half a million* untouched surplus. This looks healthy, and no one insured in any of these leading companies need to have a moment's uneasiness.

In addition to some contributions already mentioned for the Chicago sufferers, the following sum was received on the 13th closing at midnight, $923,374, in cash—saying nothing about the immense supplies of clothing, provisions, &c.

THE AWARDS.

We will publish, on Monday, the awards made during the recent County Fair.

The total amount of grain destroyed by the recent fire in Chicago in five elevators, amounts to 1,600,000 bushels. The amount remaining in elevators is about 5,000,000 bushels.

Her Majesty's subjects have done nobly by the Chicago sufferers. They have sent 10,500 £ Sterling, or $52,500—500,000 blankets and any number of military tents that may be wanted.

The Committee appointed to procure clothing for the Chicago sufferers desire to return their sincere thanks to the ladies of this city for the liberal manner in which they have responded to the call. They have secured a goodly supply, which will be immediately shipped to Chicago.

SAD ACCIDENT.

Just as the exercises of the Fair had closed last evening, and the crowd was leaving for home, quite a serious accident occurred. Several parties were running races, not in the programme, and as is usual in such cases they soon became very careless. Wm. Gilmour, jr., was riding a race, and when near the outcome his horse came in collision with another horse and rider that were attempting to cross the track. The shock threw Mr. Gilmour and his horse both to the ground, the horse falling on him very heavily. He was picked up apparently lifeless; but restoratives being at hand his respiration and pulsation were soon restored, and we learn to-day that it is thought his injuries will not prove fatal. The horse which he rode had his shoulder broken by the collision.

SAUNDERS COUNTY FAIR.

The Saunders County Fair comes off on the 19th and 20th inst., and the indications are that they will have a first-class time. Arrangements have been perfected with the B. & M. Co. to carry passengers to and from the Fair at three-fifths fare, and stock will be transported free—the owner to pay for going and on returning with a certificate that the stock has been on exhibition the money will be refunded him. Everybody should go to the Saunders County Fair.

COMING! COMING!

We learn from Col. H. M. Van Arman, State Immigration Agent, that ten families of a colony organized by him arrived to-day, and will settle in Seward and Crete. "And the cry is still they come!"

Among the curious things on exhibition at the Fair, was a "charm string" of buttons entered by miss Nellie Parmele, that had 700 buttons on, making a string nearly ten feet long.

FORWARD!

Orders were received at the B. & M. R. R. offices in this city to-day to commence shipping grain to Chicago Monday morning. This will almost completely restore confidence in business circles.
