Talking the other day with an able and popular lecturer, who seldom failed in getting a full and attentive audience, we ventured to ask him what kind of subjects and what style of treatment he whole land during three days and three nights. It will be so thick that absolutely nothing will be visible, and will be accompanied by pestilence which will chiefly fall on the enemies of religion, although the scourge will not be entirely confined to them. While this darkness lasts, no lights will shine, no fire will have any brightness, and only ly those who have blessed things (candels?) will be able to see. All this is very horrible, and it is to be hoped that the lady may be mistaken in her preprophecy is attributed to the venerable the lady may be mistaken in her predictions, and that they may turn out to be as erroneous as that of the great tidal wave which was the other day to have destroyed New Orleans. The prophetess, however, gives full directions as phetess, however, gives full directions as to the proper course to be pursued during this reign of darkness and pestilence.

A brother of the Confederate General Forrest was cut in two by his own sawmill in Texas. People are exhorted to not endeavor to scan the heavens curiously during the darkness, for whoseever shall go and look out of a window, or leave his house for the purpose of descrying the firmament, will be immediately struck down. The whole time that the judgment shall last ought to be employed in rrayer, and above all in reciting the Holy Rosary. The director of Anna Maria Taigi said, in August 1864: "It is most true that the venerable servant of God announced the scourge of three days' darkness, ex-tending over the whole earth. While it lasts the windows must be kept closed.'

Tilton was chairman and prompter. Vic's Sister got a cross-fire on her. Cheers and hisses were as thick as bullets at Chicamauga, and a pretty little hubbub ensued in which Vic's friends played second fiddle.

The word Canada had a singular origin. When the Spaniards first visited the country they found neither gold nor silver, and went off saying "A Canadada," (there is nothing here). When the French came the Indians tried to frighten them off by repeating it over and over, but the new comers took it for the name of the land, and so called it Canada.

Some ladies in Texas were desirous of the long work of the name of the land, and so called it Canada.
