A pair of horses, harness and wagon, and two cows. Inquire at the HERALD office.

ONCE MORE

We call upon all those indebted to the HERALD office to call and settle AT ONCE. We do not expect to get the money from every man, but the books of the HERALD office, prior to Nov. 13th, 1871, must be closed during the next two weeks, and those persons whom we have accommodated with credit during the years past, should at least come forward and give us some evidence of their indebtedness, if they cannot pay.

H. D. HATHAWAY.

S. S. Caldwell in a card in the Tribune promises some further disclosures on the Bridge question soon.

Gov. Hoffman, of New York, says there were several instances in which clauses that never passed were added to bills that were presented to him for his signature.

There was a collision between two trains on the U. P. road on Tuesday last in which several cars were smashed and a passenger leg broken. The conductor and engineer of the rear train was discharged.

The monthly Union Sunday School Concert will be held at the Congregational Church on next Sunday, at 2 o'clock P. M.—the exercises to consist of singing, addresses, &c.

The County Commissioners of Lancaster county have purchased 320 acres of land from the B. & M. R. Co. in Nebraska, for a Poor Farm.

Older, with a fly in it, is decidedly a pleasant beverage, at least those who have tried it say so.

Last, on the 1st day of January, on Eighth street, a lady's fur collar. The finder will confer a favor by leaving the same at the HERALD office.

Married, in Cass county, Nebraska January 31st, 1872, by Rev. A. J. Swartz, Mr. Randle Stowers and Miss Mary C. Walter.

There was only one criminal case on the docket for trial at the present term of court in this county—that of H. C. McMaken, for petit larceny, in the following taking of a spring wagon seat. He was tried yesterday, and convicted.

Gen. H. T. Reid, of Iowa, has been appointed one of the Board of Visitors to the West Point Military Academy, for 1872.

Sidney, Iowa, must be a queer place. The editor there offers his paper one year free to anybody that will make a cash purchase of \$20 worth from any house or firm in town that advertises in his paper. There's a smack of business.

The Lincoln County Advertiser, J. B. Park, editor and proprietor, has decided to dispense with the Chicago part of its outfit, and is out in a bran new dress of its own, and now looks like a Christian newspaper.

According to the Lincoln County Advertiser, the finances of that county are in a most flourishing condition. Aside from \$8,000 in school money, there are between \$5,000 and \$6,000 in surplus cash in the county treasury.

The Republican State Convention for Iowa, to select delegates to the National Convention, will probably be called for March 20th unless objection is made to an early convention in which case it will be called about the 20th of May.

We are not surprised to learn of the illness of Mr. Thomas, of the Omaha Republican. His paper for some days past has indicated a foul stomach.

There is said to be a general understanding between the two houses of Congress that a supplemental appropriation bill will be passed, similar to that of 1862, providing for nine or ten additional members, and distributing them to States in the order of their numerical claims.

The Chronicle says we are making "charges" against his acting acidity. Mr. James. The Chronicle was never more mistaken in its life. We don't "charge" Mr. James a cent for any notoriety we have given him, and if he or the Chronicle desires it we can give him more notoriety, but we will not not vouch for it being of an enviable kind.

Speaking of Patent outsiders or "inwards" reminds us of a point recently raised by a lawyer of some note and of a large thinking apparatus. It is this—our law provides that certain things shall be published in a paper "printed and published" in the county, etc.

Now, can a paper which is printed in Chicago, where three-fourths of its reading matter is made up, be said to be "printed" in Nebraska—and if not, is a legal advertisement in its columns a valid publication.

By request of many citizens the P. T. V. Society, have concluded to have the Grand Masquerade on the thirteenth of February instead of the fourteenth. All those wishing costumes will please call at White & Spiers Hall on Monday, Feb. 12th, in the afternoon and evening, at which time they will be exhibited for your choice. There will be no cost nor labor spared to make this the most pleasant party of the kind ever held in the city.

Gov. Campbell of Wyoming was married last evening to Miss Isabella Wenderly.

The Omaha Bee says that there are only a dozen cases of small pox in and only one new case during

A HOLE A MINUTE.

The express train from Lincoln this evening, on the B. & M. in Neb., ran from Omaha Junction to Plattsmouth Depot a distance of nine miles in just nine minutes. What other road in the west can equal this time. Don't all speak at once?

THE STODDARD PARDON.

In Tuesday's issue we spoke of the fact of his Excellency having pardoned Stoddard, the abortionist, and now we have it from the best of authority that the said Stoddard was never subjected to prison discipline, that the warden refused to cut his hair in accordance with prison regulations, and that among a certain few of the State officials there was a determination from the very commencement, to thwart the law and release Dr. Stoddard in the very face of the court and the jury that pronounced him guilty of a heinous crime.

BROOKS HOUSE.

This House, under the management of Mr. Cox, its present popular landlord, is one of the best in the west. Its cleanliness manager was for a long time in charge of a hotel in Clarion, Iowa, and secured for himself there the reputation of being a first-class landlord. He has lost nothing of that reputation since taking charge of the Brooks here, and has secured the confidence and good will of our citizens and of the traveling public. His tables are set with the best of markets afford, and no pains are spared to make his guests feel at home.

COMPUTORY EDUCATION.

The Supreme Court of Iowa has declared that the law requiring punctual attendance at the schools is for the good of the pupil, and must be enforced. Of pupil's tardiness the Court says: "The good of the whole school cannot be sacrificed for the advantage of one pupil who happens to have an unreasonable father, and as the law now is, no other means can be devised for enforcing regular and prompt attendance than the penalty of expulsion."

"100,000 ACRES"

We publish to-day the famous Salt Bill, complete, and would be pleased to have our Omaha contemporaries point out the precise section that donates "100,000 acres" of land, as they have asserted it did. The bill as published is as it passed the House, except that the royalty was five per cent. instead of two.

RUN AWAY.

Chard, the Englishman who eloped with the Clergyman's daughter, and who has been for some time confined in jail in Omaha, has again eloped with his prize. The officers in Omaha refuse to have anything further to do with the case, as she seems bound to stick to him in spite of all efforts to reclaim her.

THROUGH THE ICE.

Mr. Henry Boeck's team broke through the ice to day and escaped drowning in almost a miraculous manner. The driver drove on to some ice where the water had settled away from it which gave way, and the team and wagon went in, when he leapt and ran to Mr. Boeck's shop to inform him that his team was in the river. All this time the horses were in swimming water, but fortunately one of the horses got his forefoot on the ice which held the wagon tongue in such a shape as to keep the other horse's head above water, and thus prevent them from drowning. They were got out with considerable difficulty, and with but little injury to the horses. The driver is entitled to much credit for the strategy employed in leavinh the team. Kerr's brigade never did better.

IF OMAHA IS NOT SATISFIED WITH THE FALGACY OF THE HERALD DOCTRINE OF "NO PARTY."

We suggest to them that they try it themselves, but as the people of most of the State have already seen the evil effect of this most pernicious system, we hope Omaha will allow them to run strict party tickets. We think Cass, Otoe, Nemaha, Richardson, Lancaster, and other populous counties of Nebraska, have about had their fill of "no party" men, and are now fully prepared for strict party tickets.

THE RICHARDSON COUNTY PRESS FAVORS THE CALLING OF AN EXTRA SESSION OF THE LEGISLATURE.

The Richardson county press favors the calling of an extra session of the legislature, and urges the papers throughout the State to advocate the same thing. The principal object sought to be obtained by a meeting of the legislature is the passage of the Immigration bill. This should have been attended to when the legislature was in session and would probably have been, but for his Acting Excellency and the precipitate adjournment of the Senate. The Omaha Tribune says, however, that there will be no extra session so of course Gov. James will call none.

THE BRITISH MINISTER AT WASHINGTON HAS APPLIED TO FOM LOWE TO OBTAIN COPIES OF EVERY NEWSPAPER, PERIODICAL AND MAGAZINE PUBLISHED IN THE UNITED STATES, TO BE PLACED ON EXHIBITION AT THE INTERNATIONAL EXPOSITION, TO TAKE PLACE IN ENGLAND THIS YEAR.

Publishers who desire to avail themselves of the opportunity to be represented at the English exhibition, will address a copy of their publications of some date in February, to Joseph Shillington, ussage agent Washington, D. C.

MR. CONELIAS SCHALLER, AGENT OF THE BURLINGTON AND MISSOURI RAILROAD, IN ENGLAND, WROTE THAT ONE THOUSAND ENGLISH EMIGRANTS WILL LEAVE THAT COUNTRY FOR NEBRASKA IN EARLY SPRING.

A petition is being circulated in Omaha for the purpose of getting the county Commissioners of Douglas county to bring suit to recover \$75000 in bonds given in aid of the Omaha & Southwestern Railroad Company.

COLONIES ARE ORGANIZING IN OCEIDA, ONONDAGA, COLUMBIA, AND WYOMING COUNTIES, NEW YORK, FOR EMIGRATION TO NEBRASKA.

We believe the State will add fifty per cent. to her population next year.

REPORT OF THE GRAND JURY ON THE CONDITION OF THE CO.

To the Honorable District Court of the 2nd Judicial District of the State of Nebraska, within and for the County of Cass.

We the grand jurors, duly empaneled and sworn within and for said county, at the adjourned January term of said court, A. D. 1872, would respectfully represent and report that having visited the jail of said county in accordance with the instructions of the court, we find the same to be in as good condition as the same can be kept. There is but one prisoner confined therein, and upon interrogating him he expressed himself well satisfied with his treatment. We find him looking neat, clean and healthy, his room warm and comfortable. We also report that the jail building is rather inferior and unsafe, for the keeping of any desperadoes, and would recommend the erection of a new and substantial jail building. All of which is respectfully submitted.

S. M. KIRKPATRICK, Foreman.

A COMPANY HAS BEEN ORGANIZED IN OMAHA TO OPEN A CHEESE FACTORY ON THE PAPPION.

An agent is now securing the machinery. The extent of range, rich grass, healthy climate and good water of Nebraska, render it one of the best dairy countries in the world. It will be well when every farmer markets cheese and butter by the thousands of pounds; then will the cream of the best dairy products of the world be produced. The price of railroad transportation will not consume both profit and product of the farmer's labor. We hope our Farmers' Clubs will take hold of the dairy question at once, and prevent Fremont from being a first-class dairy country.

EDITHS HERALD.—MIGHT NOT THESE LONG WINTER evenings be spent as profitably by our school boys, and others, in exercising the minds upon some such mathematical question as the following, and entertaining some of our old fogies with the solution of it, through your columns as to spend their time to less profit in looting about, and getting into mischief? But to the question:

THE OLD DITCH. A gentleman employs two men to dig a ditch 100 yards long, for which he agrees to pay them one hundred dollars. One of the men digs for one dollar and twenty-five cents per yard, and the other for seventy-five cents per yard. Question—How many yards shall each man dig to earn fifty dollars? Yours, Al'abri.

PLATTSMOUTH, Feb. 6th, 1872.

There will be preaching at Clark & Plummer's Hall, commencing February 7th, at 6 p. m., and will continue every evening during the week, by Elder Alton, of the Disciples Church. All the members of the church are earnestly solicited to attend, and the public are respectfully invited.

A SAD ACCIDENT.

We learn from J. B. Ferree, Esq., that a little girl by the name of Sarah Curry, a daughter of Mrs. Rebecca Ferree, living about three miles south of Plattsmouth, was severely scalded last Sabbath evening. She was going from the room in the kitchen with a kettle of boiling water, when she slipped on a piece of wood and threw her down, and as she fell, the lid of the kettle came off and scalded her severely. Mr. Ferree thinks that she will be about in a few weeks.

THE COMMISSIONERS' COURT MET TO-DAY.

There are some important road cases which will come before the Board.

JUDGE DUNDY WILL COMMENCE A TERM OF THE U. S. DISTRICT COURT IN OMAHA TO-DAY.

It will probably last a week or ten days.

WE HEAR THAT LARGE ACCESSIONS ARE BEING MADE BY THE M. E. CHURCH AT ROCK BLUFFS.

Mr. Ferree says that he has been conducting the meetings there.

These are the words of the "Redick Light Guard," an organization at the centre of civilization, "Omaha," John Bull will forthwith grow pacific.

WE HAVE LEARNED THAT THE TURNERS ARE GOING TO GIVE TWO BEAUTIFUL PRIZES TO THE TWO BEST MAKS—ONE FOR THE BEST CHARACTER WORK, AND ONE FOR THE BEST CHARACTER WORK.

BRIDGE ACROSS THE PLATTE.

The B. & M. R. Company will, in the Spring, bridge the Platte river. Would it not be well for the people of this place to ascertain the additional cost of a wagon bridge in connection with the R. R. bridge, and to ascertain whether they could not secure its construction? There is a large trade in Strapp county which would come to Plattsmouth, had the people any way of crossing the Platte river.

We think this matter deserves some attention and we mention it that the citizens may take action as they may deem best.

WE LEARN THAT THE SUBJECT OF BUILDING THE TRUNK ROAD IS AGAIN BEING DISCUSSED IN ALL THE RIVER TOWNS BETWEEN HERE AND THE KANSAS LINE.

We have a deep interest in this matter, and are prepared to assist to the full extent of our ability whenever the proper time arrives. Nemaha county has taken hold of the matter, and we presume Otoe stands ready to assist, if so we may reasonably hope for success at no distant day.

GREENWOOD, NEB., Feb. 6, '72. EDITORS NEBRASKA HERALD.—A terrible accident occurred in Ashland, Nebraska, to-day. A young man, named Hunter, residing in Ashland, about 18 years old, accidentally shot and instantly killed himself while re-loading a double-barrelled shot gun which he had discharged one barrel of, at some birds. It seems that one barrel was loaded with buck shot, and that was the one that caused the accident. The shot took effect between the eyes and came out at the top of the head.

CITY SERVICE REFORM.

Senator Matt Carpenter, of Wisconsin, delivered a powerful speech recently on the new City Service Reform. Here are its closing passages:

So, sir, it comes to this at last that if the matter be contested, the dinner which has been consumed will have faded away as a mere memory. Indeed, sir, those who have struggled through life, lacking the advantages of education, are more alive to its importance and more anxious to bestow it upon their children than those who enjoyed in early life such advantages to the utmost. THE TONE OF THE ENGLISH PRESS, AS WILL BE SEEN BY OUR DISPATCHES TO-DAY, ARE SLIGHTLY MODERATED.

The tone of the English press, as will be seen by our dispatches to-day, are slightly moderated. The fear of a larger bill of damages than the British Government can afford to pay, and an effort to strengthen a decayed monarchy, may induce the Ministry to declare war against this government; though we cannot but believe that most that is said is merely for effect. The position of these two great and friendly nations will be watched with a great deal of interest.

The Omaha Bee says: "Yesterday Mayor Caldwell received a letter from Mr. Scatchley, the English clergyman, in which were \$250, the first instalment of the \$500 which he proposes to send to pay the necessary expenses of his daughter while here, and to provide for her passage home. The letter states that either he or his wife will start immediately for New York City, and desires the officers here to bring the girl there. A very urgent appeal is also made to keep Anna in custody until her parent comes on. After consultation it was determined to go in pursuit of and rearrest her, and accordingly this morning Deputy Marshal Armstrong, accompanied by Officer Kelley, started in a carriage for the island, where she was held before. It is not definitely known just where she is, but the officers say they will find her before they return. We doubt whether when they get her, she will consent to go home, and we certainly know of no law to compel her to do so. She is evidently determined to live with Clark, her seducer, and all efforts to prevent her will meet with strong opposition on her part."
