[From the Titusvile Press.] horse epidemic began to rage, that there would be trouble from hitching up oxen, men, boys, and goats, who had never stomachies. As a remedy for the nerbeen properly trained to this kind of vous weakness to which women are eswork, and now we are called upon to notice a series of runaway accidents that occurred in town yesterday, by which much property was destroyed, and lives endangered. We hope it will never be our duty to again chronicle such a horrible chapter of destruction.

other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

THE FIRST OUTBREAK occurred at the head of Franklin street yesterday morning, about eight o'clock. It seems that Mr. Pumpjerker, one of the numerous milk dealers who supply certain of our citizens with coloring material for their coffee and tea, was coming in from his dairy with his hand-cart filled with milk cans, and (owing to the epihippie) drawn by two sorrel-headed hired men, one a young and spirited fellow who had not been worked in harness but three days, and the other an older beast with wind galls on his head, and blind in the off eye. Mr. Pumpjerker but twenty, and so natural and perfect that no was pushing behind not dreaming of danger, when just as the team turned from Brook street into Franklin they became affrighted and dashed off down Franklin street at a fearful rate of speed, with their coat tails in that horizontal position necessary for the enjoyment of ladies in New York, London and Paris. It the game of chequers, and their soap costs only 75 cents per Bottle, and is sold by all locks flying in the breeze. The hand- Druggists and Perfumers. cart was upset near the corner of Walnut street, but the now thoroughly madden-ed team soon kicked themselves loose from the wreck, and with the tugs flap-ping about the calves of their legs fled out on the Pleasantville road, where they were stopped by a saloon keeper who held a couple of cocktails in frent of them. Mr. Pumpjerker's loss was about six dollars, mostly for tinware and wasted chalk.

ANOTHER ACCIDENT. A Swede man who was attached to a red wheel-barrow, while trotting down Spring street yesterday forenoon became frightened at the feet of a young man who was having his boots blacked in front of the American Hotel, and before the bestenders could stop him rep away. frightened man, but is struck the latter tance then to secure the best. in a different spot from that which the thrower intended to hit, and only accelerated the runaway's progress, and he breke into such a gait that he broke a breke into such a gait that he broke a gate near the corner of Spring and Perry structs, and left the wheel-barrow a wreck on the top of E. T. Hall's sewing the Steel Plate engraying with "G. W. Westbrook, Chemist," and "Trade Mark, MEXICAN MUSTANG LINIMENT," engraved across machine rooms. At last accounts the frightened Swede had not been captured, and it is thought he has returned to his stamp, and not a common stamp as used by native land.

A NOBLE EXPLOIT. An old farmer came to town yesterday. driving his two sons who are about ten hands high, with white spots in their foreheads where their hats wear the dirt off, and hitched to a light wagon filled with frost-bitten pumpkins, decayed potatoes, stove-wood, and other luxuries peculiar to this country. Both boys had been carefully groomed, and came gaily prancing into town, when just as they were opposite the dry goods store of W. H. Andrews, on Spring street, several handsome young ladies came out of the store, and William, who was on the "nigh" side, became frightened, and middle age, at once bespeaks refinement, elebegan kicking, which so alarmed his companion that he, too, snorted, and but his noise and gestures only frightened the team more, and they turned north up Washington street, leaving the wagon box and wheels behind School was just out for noon, and the path of Jan 2d daw la every 3w the runaways was filled with children. and it seemed as if several lives must be lost; but at this juneture a noble and daring livery horse, who was out with his throat in a sling, taking a walk for his health, saw and seemingly comprehended the situation, and though his throat was so sore that he could hardly "whinner," and his ankles so lame it was with difficulty he managed to throw himself in front of the running men. and seized them by the coat tails with his mouth, and speceeded in checking their career, but not until the noble animal had been dragged several rods.— and with dispatch.

MIRACULOUS ESCAPE OF A CHILD. Yesterday a child of John Macgudgeon, the gentlemanly pig butcher and The Undersigned has on hand and is importer of sausage meat, who lives on Canine avenue, was riding down Martin street in a baby carriage, drawn by a dark bay servant, when a couple of poorly fed, gaunt looking chaps hitched to a grocer's delivery wagon, turned a corner suddenly and threw a kiss at the dark COTTONWOOD LUMBER. bay, causing her to shy and upset the bady cart, throwing the occupant to the ground right in front of the grocer's team. A lady who saw the occurrence gave a shrick so loud and shrill that it saved the life of the child, for the two hired men hitched to the delivery wagon heard it, and thinking it was the noon whistle of the Titusville Manufacturing company, by a strong effort checked their speed when within two feet of the infant, and wheeling around went to dinner. The promptness with which these men cease work and go to meals, in this case availed something. ONLY ONE MORE.

Yesterday afternoon a gentleman who lives upon the Pleasantville road, hitched up his old grandfather, just as he had twenty times since the horse disease visited this section, and drove into town Don't fail to procure Mrs. Winslow's Soothing to do a little marketing. to do a little marketing. poison or other means, and the vital organs wasted beyond the point of repair. They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs. FOR FEMALE COMPLAINTS, in young er old, married or single, at the dawn of womanhood or at the turn of life, these Tonio Bitters have no equal.

For Inflammatory and Chronic Rheuma. tism and Gont, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kid-ueys and Bludder, these Bitters have been most

provided their bones are not destroyed by mineral

smocessful. Such Diseases are caused by Vitinted Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Beadtche, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth. Billous Attacks, Palpitation of the Heart. Inflammation of the Lungs, Pain in the regions of the Ridneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the terrid
Liver and Bowels, which render them of unequalled

tfficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carouncles, Ring-Worms, Scald Head, Sore Eyes, Erysipess, Itch Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short lime by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitlated Blood whenever you find its impurities bursting through the skin in Pimples, Erupions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood sure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the sarth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breef these living monsters of disease. No System of Medicine, no vermifugos, no antheirmatics will free the system from worms like these Bitters.
