MEETING OF THE EDUCATIONAL ASSOCIATION, AT MT. PLEASANT, MARCH 28TH AND 29TH.

The Educational Association of Cass county met to-day, March 28th, 1873, at the Mt. Pleasant school house, and at 2 o'clock, P. M., the President, Mr. J. T. Sumny, called the meeting to order, and in a few brief remarks stated the objects of an Educational Association. The Secretary being absent, on motion of S. A. Bear, Prof. Patterson was chosen temporary Secretary.

Mr. Patterson, Chairman of Executive Committee reported a programme of exercises, and remarked, that owing to the absence of a number of persons, to whom parts had been assigned, it would be impossible to follow the programme as agreed upon by the committee.

Prof. Patterson then took up the subject of Primary grammar, and gave a brief lecture upon his method of teaching the same. The discussion of this subject was participated in by nearly all the teachers present, and by Mr. Winslow and the Revs. Folden and Gallagher.

Prof. Patterson reported the following question for discussion during the evening: Should our Legislature pass a law compelling children to attend school?

Under miscellaneous exercises there was a lively discussion on the importance of an Educational Association, and the necessity of teachers and friends of education sustaining it. Nearly every teacher present took part in this discussion, and prominent among those who spoke in favor of building up the educational interests of the county, were Mr. Wm. J. Lynch, and the Revs. Folden and Gallagher. The choir of Mt. Pleasant, led by Miss Frew, favored the Association with some excellent music, after which, on motion of Rev. A. Folden, the Association adjourned to meet at the M. E. church house in the evening, at 7½ o'clock P. M.

EVENING SESSION.

Association met and was called to order by the President.

Rev. A. L. Folden opened the exercises by prayer.

The discussion of the question, "Should our Legislature pass a law compelling children to attend school, was opened by Mr. A. S. Bear.

Messrs. Folden, Martindale, Lynch, Gallagher, Patterson, and others, followed, and upon the whole it was one of the most interesting discussions to which we have listened. The prevailing sentiment seemed to be in favor of a more regular attendance at our schools.

The exercises of the evening were enlived with music by the Mt. Pleasant choir, led by Miss Frew. After a very interesting session the Association adjourned to meet on Saturday at 9 o'clock A. M.

Saturday, March 29.

MORNING SESSION.

Association met and was called to order by the President. Mr. A. S. Bear conducted devotional exercises, which were followed by a musical exercise conducted by Miss Frew.

Minutes of previous meeting were read and approved. At the suggestion of the President, the Secretary read the constitution, after which, Prof. Patterson conducted a class in the elementary sounds. This was one among the most interesting exercises of the occasion.—Mr. Patterson conducted it with a great deal of skill, and reflected rather severely upon our present system of orthography.

A lively discussion among the teachers followed, which was participated in by others, among whom were Professor Wise and Mr. C. H. Winslow.

Mr. Martindale, of Plattsmouth, conducted a class in English grammar.—This gentleman delivered an interesting lecture upon the subject, and also, upon his method of teaching grammar.

A discussion followed this exercise, led by Prof. Wise and Mr. Winslow, and participated in by nearly every teacher present, after which, on motion, the Association adjourned to meet at 1½ o'clock P. M.

AFTERNOON SESSION.

Association met and was called to order by the President.

Musical exercises were conducted by Miss Frew, after which Mr. C. H. Otis read an essay on reading.

Remarks were made upon the subject matter of the essay by Prof. Wise, Prof. Patterson and Mr. Bouton.

Mr. Bouton proposed the following: Is, time, well spent, in studying the definitions of words as given in our readers? Mr. Martindale answered in the affirmative. The chairman stated that the discussion of the subject would now be closed, and that there would then be an opportunity to attend to any business that might be brought up.

Prof. Patterson moved that the next meeting be held at Weeping Falls.—Prof. Wise sustained the motion, which was carried.

On motion of Prof. Patterson, the thanks of the Association were tendered to Miss Frew, and other ladies of Mt. Pleasant, who had furnished the Association with vocal and instrumental music during the meeting, and also to the citizens of Mt. Pleasant for the hospitality they had shown to the members of the Association.

Next in order was History, by Mr. Bouton, who stated that there were branches which he thought were more important than that, and requested to be excused; request was granted.

Mr A. S. Bear then conducted a class in Arithmetic, and gave a brief lecture on the use of the mathematical signs.—This was followed with remarks by Prof. Patterson, Mr. Martindale and Mr. Bouton.

On motion of Mr. Bouton, the Association adjourned, to meet at Weeping Water Falls, on Friday, June 27th, at 10 o'clock, A. M.

Curious Incidents of the Smyrna Disaster.

The terrible castrophe which occurred lately at Smyrna, when a cafe and concert hall built on piles runing out into the sea gave way suddenly during an acrobatic performance, and one hundred persons lost their lives, seems to have been one of that numerous class of accidents which never ought to occur.—Everybody in Smyrna, says the *Pall Mall Gazette*, knew that the cafe was unsafe, and might topple over into the sea at any moment, yet no steps were taken to prevent two hundred and fifty people assembling in the doomed building, which, with hardly any warning, on the 9th of January leaned forward and disappeared in the sea.

A correspondent of the *Levant Herald*, writing from Smyrna, gives the following account of the tragedy: "On Saturday night at 10 o'clock we heard what sounded like the report of a cannon; it was the kivito giving way. The people living near the scene of the catastrophe say that the sounds were most appalling. First one loud crash like the firing of cannon, one long wail, then a deep silence, soon broken, however, by the screams of those who got their heads above water. Some had clung to the ceiling of the cafe and could not draw themselves up until the hands which held on to their legs gave way.

"It is said that most of the boatmen who volunteered their assistance first rifled the pockets of the sufferers and then drew them into their boats. Sixty-seven corpses have been found, but many more still remain in the deep mud, which the quay stones have forced up in great quantity. The clown of the 'acrobat troupe' was saved and rubbed dry, dressed at Mr. Mirzan's house, and ran back to seek for his wife and daughter, the latter aged 12 years. The former had been got safe into a boat, when, looking round, she screamed out, 'My husband and child cannot have been saved!' and jumped into the sea. She had expired before they brought her up again. Her daughter and the actresses were all to be seen at St. Antoine's Hospital, lying dead in their stage finery.—A Greek who escaped says he was awe-struck at the moment they rocked right to left by the scene which was being acted by the acrobats at the time—namely, 'Death,' running after some one and causing great laughter among the spectators. At that very instant the cafe gave way.'"

The Freaks of a Married Woman.

[From the Kansas City News, 15th.]

A young man, whom, for the gratification of our readers we will call Smith, doesn't now fondle his wife and call her pet names as he did a few days ago.—He says he is entirely cured of the fondling business, and seems determined in the future to pay strict attention to drinking, and cursing everything enveloped in a petticoat.

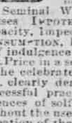
He isn't much to blame, either.

Thursday night last, after an hour's quiet slumber, made sweeter by a fond good night kiss from his wife, had been enjoyed, he awoke to find that the partner of his joys and sorrows had left his side during his sleep. As she did not return in a few minutes, he became alarmed, and dressing himself, started in search of her. He felt too proud to report the matter to the police, and walked up and down the streets for hours not knowing in which direction to turn. At last he happened to pass along Fourth street, and hearing the music from the old Varieties Hall, where a masquerade ball was being given, he concluded to "take a peep" in there and try and divert his attention a little from the painful subject engrossing his mind. Up the stairs he went, and you may well imagine his surprise and consternation and chagrin, to see his wife, disguised only with a mask over her face, whirling around in the dance, a vagrant for a partner, and a motley crowd of our most depraved citizens for associates.

He didn't draw a revolver and commence shooting round promiscously, or even tell his wife that he knew she was there; but quietly returned home, locked the door, and went to bed. About four o'clock the wife returned home, but found the doors all locked. Her husband heard her trying the doors, and opening the window told her to begone, as he did not associate with her kind of masqueraders. An attempt on the woman's part to gain admission, even until late in the morning, was of no avail, and she turned away, to repent of her folly, no doubt.

The man still positively declines to have anything to do with his wife, and seems almost heart-broken on account of the disgraceful affair.

Manhood: How Lost, How Restored.



Just published, a new edition of **Dr. Culverwell's Celebrated essay** on the *radical cure* (without medicine) of SPERMATORRŒA or Seminal Weakness, Involuntary Seminal Losses IMPOTENCY, Mental and Physical incapacity, Impediments to Marriage, etc; also, Consumption, EPILEPSY, and Fits, induced by self indulgence or sexual extravagance.

Price in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This lecture should be in the hands of every youth and man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two postage stamps.

OVER THIRTY YEARS AGO Lyon's KATHAIRON FOR THE HAIR was first placed in the market by Professor B. Thomas Lyon, a graduate of Princeton College. The name is derived from the Greek, "KATHOS," signifying to cleanse, purify, beautify, or restore." The favor it has received, and the popularity it has obtained, is unprecedented and increasing. It increases the GROWTH and BEAUTY of the Hair. It is a delightful dressing. It eradicates Dandruff. It prevents the Hair from turning gray. It keeps the head cool, and gives the hair a rich, soft, glossy appearance. It is the SAME IN QUANTITY and QUALITY as it was over a QUARTER of a CENTURY AGO, and is sold by all Druggists and Country Stores at only FIFTY Cents per Bottle.

VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unless well, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is entirely free from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Typesetters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn and remarkably so during seasons of unusual heat and dryness are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment a purgative, exerting a powerful influence on these various organs of the system is necessary. There is no cathartic for the purpose equal to WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored, pasty matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the health tone to the digestive organs.

Scrofula, or Kings Evil, Rheumatism, Boils, Tumors, Erysipelas, Blotches, Eruptions, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores or Ulcerations of the Skin, Sore Eyes, etc., have in all their obstinate forms, always been found to yield to the curative powers in the most inveterate and obstinate cases.

Dr. Walker's California Vinegar Bitters act on all these diseases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation give immediate depositeto the affected parts receive health, and a permanent cure is effected.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of DR. WALKER'S VINEGAR BITTERS are the best safe-guard in cases of eruptions and malignant fevers, their balsamic, healing, and soothing properties protect the humors of the fauces. Their sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
