Washington, Jan. 21. Mr. Waite was confirmed as Chief Justice of the Supreme Court of the United States.

Mr. Sherman spoke of Mr. Waite's high standing at home, and assured the Senate that there was not a man in the world who had the respect and admiration of his neighbors to a greater degree than he.

During the entire discussion not a word was said in opposition to the nominee. The nomination was spoken of by all as credible and worthy of confirmation.

When the discussion was exhausted, a motion was made to take a vote and this was done, and an additional compliment to Mr. Waite by yeas and nays, and the result was something, which has rarely, if ever, occurred in the Senate.

CONGRESSIONAL DOINGS.

Jan. 19.—The feature of to-day's proceedings in Congress was the great speech of General John A. Logan on the finances. It is by all odds the ablest of the session upon this absorbing topic.

Regulating railroads and "rich" is all right; go ahead; but as charity begins at home, and as every home has some sort of road to and from it, this seems a good subject for discussion.

The following statements in regard to the various arsenals of the country, and the possibility of retrenchment in connection with them, has been made by Secretary Belknap to the Military Committee.

A bill was introduced to-day incorporating a submarine Cable Printing Telegraph Company, with power to lay and operate one or more Atlantic cables.

DEAR SIR—In the issue of this date of the Omaha Republican, I find published in extenso the correspondence between Dr. Rankin, Jackson, Moffat and yourself as respects the recent libel suit instituted against you by the Omaha Herald.

I am impressed with the firm belief that the most gross injustice has been committed towards you and your pain-stricken family for whom please express to me all the sympathy an ordinary generous nature can send them.

In my discussion at your place with Col. T. M. Marquette, in my closing speech of fifteen minutes, I made an attack upon you, especially with reference to what constituted the subject matter of the libel litigation.

Accept, sir, my apology in behalf of yourself as well as all the honest people of our young State, who outside of party dictation will rejoice that an Executive has finally been acquitted of the foul dishonor which apparently rested upon him.

I especially request that this communication be handed to the Lincoln Journal, that my personal retraction may be made full, unqualified and complete. I am, sir, with much respect, Your Obedient Servant, JAMES W. DAVIS.

MAJOR DAVIS MAKES THE "AMENDE HONORABLE." Lincoln, Nebraska.

EXECUTIVE MANSION, Jan. 14, '74. To the Senate of the U. S. Since the nomination of Caleb Cushing, of Virginia, to be Chief Justice of the Supreme Court of the United States, information has reached me which induces me to withdraw his nomination for the highest judicial office in the government.

Neat and to the point. "Information reached me" is a good phrase for a Presidential communication. How fortunate for the country that we have a progressive President who is willing to learn.

From the Louisville Courier-Journal. Mr. Waite may be a very good man, but there are others who would be more successful as Chief Justice.

Senator Hitchcock introduced a bill to the United States Senate on the 14th as follows: To extend time for proof and payment on pre-emption claims upon the public lands.

It was enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the time now allowed by law within which pre-emptors upon public lands of the United States are compelled to make final proof and payment, is extended one year; provided that this extension shall not affect the rights of adverse claimants, or the status of pending suits; and that the provisions of this act shall apply to no one to whom relief has been afforded by a similar extension of time by any act of Congress.

Select the tender parts of a corn-fed porker, not leaving an undue proportion of fat. Let this be chopped up very fine, and afterwards put into a mortar and beaten up, or even well pounded with an ax if you are not supplied with a regular sausage-grinder.

After mixing these together, pour on boiling water stirring till it forms the consistency of common sausage.—From a butcher get some nicely prepared maws, then stuff and tie them up very tightly. As your pork is salted, lay the sausages between some of the pieces, and when the pork is ready let the maws be smoked with it.

The nomination of Mr. Waite has recalled the fact that he acted as one of the counsel at the Geneva Tribunal of Arbitration, and some of the Senators are acquainted with him as an able lawyer of thirty years standing, and although a Republican, not an active partisan, and at the present time President of the Constitutional Convention. It was discovered on looking at the Supreme Court record that a year ago Mr. Waite was on motion of Caleb Cushing admitted to the bar of that court as an attorney. The attorneys of both parties speak well of the nomination, and there seems to be no doubt of its confirmation.

THE WOMAN IN THE CASE.

Meanwhile, for one word said about Mrs. Williams, there are twenty said about Mrs. W. She fathered for the first time in her trial—possibly for the first time in her eventful life—last Wednesday afternoon, and did not receive, which was a wise discretion for any further keeping up of appearances would have been merely empty bravado, and she is not the woman to make such a mistake.

Meanwhile under the management of the able teachers already there, and the supervision of the City Superintendent, and our Hon. Mayor, our High School still lyes and flourishes, not under the rose; but without the Ross.

FOR THE HERALD. OUR MEETING AT THREE GROVES. Bro. J. Connor, assisted by Bro. Alton has just closed a most successful religious meeting, of one week's continuance, at this place, which resulted in good.

The cause here has suffered much, and Brother Connor labored very successfully, and has accomplished a good work. He is a preacher of great promise. Bro. C. has given the excellent start.

We ask Christian preachers to visit this little place of worship and assist us in performing our duty; we have no church organized at this place, but we hope it won't be long before there will be.
