Success Based Upon Merit. It is a subject of general remark among oth wholesale and retail druggists that no medicine introduced to the American public has ever gained such a popularity and met with so large a sale in all parts of the land, in the same length of time, as Dr. Pierce's Golden Medical Discovery. This cannot depend upon its having been more largely advertised than any other medicine, as such is not the case. The correct explanation, we think, is found in the fact that this medicine produces the most wonderful and perfect cures of very bad cases of bronchial, throat and lung diseases, is undoubtedly the most perfect and efficient remedy for all kinds of coughs that has ever been introduced to the public, and at the sam-time possesses the greatest of blood-purifying and strengthening properties that medical science has been able to produce, thus rendering it a sovereign remedy not only in the cure of Consumption, Bronchitis, Hoarseness and salt, and two ounces of butter. While boiling add sufficient flour for it to leave the saucepan; stir in one by one the yolks of four eggs, drop a teaspoonful at a time into boiling lard, fry them a light of consumption, Brohemers, Hoazeness in Coughs, but also for all diseases of the liver and blood, as scrofulous diseases, blotches, rough skin, pimples, black specks and discolorations. It has, therefore, a wide range of application and usefulness, and it not only application and usefulness, and it not only application and usefulness. gives the most perfect satisfaction to all who use it, but far exceeds the expectations of the most sanguine, thus eliciting the loudest praise, and making permanent living advertis-ing mediums of all who use it.
