EPITOME OF THE WEEK.

Condensed from Telegrams of Accompanying Dates. MONDAY, Sept. 7.—A recent cable dispatch states that the Carlists had fired into German men-of-war from Guetaria, near San Sebastian. The Germans replied by shelling the town. The order removing the headquarters of the army to St. Louis in October has been recently promulgated. A Sioux City (Iowa) special says that, in consequence of Gen. Sheridan's prohibitory orders against infringing on Indian reservations, the Black Hills expedition organized in that city has postponed its contemplated efforts to penetrate the Black Hills country until Government permission is obtained. Prof. King, accompanied by five persons, representatives of the press, made his ascent in his mammoth balloon "Buffalo," at Cleveland, on the 4th. After an interesting voyage of nearly 200 miles, in an interesting hour the party descended near Smith's Creek, ten miles from Fort Hume, Mich. A Shreveport (La.) dispatch of the 5th says a message has been sent to President Grant, signed by the leading members of the party, that any resident of that parish had participated in the Conshatta affair, and asking that a commission of fair-minded men be appointed to investigate the matter and ascertain the truth. The Democratic and Conservative State Central Committee has issued an address to the country asserting that the recent acts of violence in Louisiana have been instigated by the Radical leaders in order to "force lightning that there may be kindled in the North." A special from New Orleans of the 5th says the main body of the letter denying that the people of Shreveport had been published, was a prominent member of the White League and had previously indulged in threatening remarks. It was feared that twenty-five colored men held by the Conshatta mob had been killed. An attempt was made on the night of the 4th to burn the Conshatta telegraph station. The Attorney-General was broken open, the papers, chairs and books piled on the floor, saturated with oil and set on fire. Owing to a lack of air the fire did not spread to any extent. A Washington telegram of the 5th says that the places in Louisiana designated for troops to prevent outrages are New Orleans, Baton Rouge, Shreveport, Alexandria, Monroe, Harahan, and Bayou de la Poudre. The Democrats of the Twelfth Missouri District have nominated J. W. Glover for re-election to Congress.

TUESDAY, Sept. 8.—A recent fire in Meltingen, Germany, destroyed nearly half the town, inflicting a loss of \$200,000 of value, and rendering 700 families homeless. Notice has been issued that the Arabian ports on the Red Sea are infested with the plague. The answer of Henry Ford Beecher to the complaint of the Chicago Board of Health received in New York and served on the plaintiff, with a notice of trial for the term of court beginning the third Monday of September. The Chicago Board of Health has been contributing to a fund for the relief of Mrs. Tilton, and \$1,700 have so far been collected. A Milwaukee (Wis.) dispatch says the Supreme Court will not deliver its decision until the 10th of October. The Attorney-General has ordered the suspension of the railroad law. Albert Keop, President of the C. & N. W. R. R., has addressed a reply to a statement made in a recent special issue of Taylor that the Commissioners had said that under the Potter law the railroads would lose less than 3 per cent. of their gross earnings. The Chicago Board of Health has been receiving 25 per cent. of its gross earnings. Indian outbreaks are reported in the upper Missouri Territory. The Government has ordered at the mouth of the Missouri Shell a few days ago, one of them, Dutch Chris, being burned at the stake.

WEDNESDAY, Sept. 9.—An open letter to persons containing a list of names of the Sioux Indian Reservation has been published by the Interior Department. It recites the treaty stipulations with the Indians, and says that the Interior Department has no objection to the names of the Sioux Indians being placed on the list. All expeditions to the Black Hills are therefore forbidden until the country shall be thrown open to settlement by Congress. The Republican Convention, under the auspices of the Republican Central Committee, for a convention of Southern Republicans to be held at Chattanooga (not Atlanta, as first announced) on the 13th of October. The call is for delegates from the States considering the condition of affairs in the reconstructed States and the issuing of an address to the people of the nation concerning the same. It was rumored in Washington on the 9th that the act of Congress, which would have provided for, to disclaim all sympathy on the part of the Democrats with recent outrages. A Congressional note, dated at Washington, Sept. 9, says that the Ohio District, J. Q. Smith, renominated. Fourteenth Ohio, Wm. Armstrong; Seventh Illinois, Franklin Corwin, renominated; Ninth Tennessee, Barbour Lewis, renominated; District of Columbia, Geo. E. Cheney. The Missouri Republican Convention in session called to meet at Jefferson City on the 23rd inst.

THURSDAY, Sept. 10.—The Democrats of Massachusetts have nominated William Gaston for Governor and William S. Smith for Lieutenant-Governor. The Republican State Convention of Minnesota has nominated S. J. K. McMillan, the present incumbent, for Chief Justice, and F. R. E. Cornell for Associate Justice. On the question of finance the resolutions adopted declare that the reservation of a sound currency against any ruinous inflation inspired by speculative interests may be had as a sure guaranty of the earliest possible return to specie payments consistent with the just rights of the debtor and creditor classes of the people. The Michigan State Reform Convention was held at Jackson on the 9th. Henry Chamberlain was nominated for Governor, for Lieutenant-Governor, Jerome W. Turner, Secretary of State, George H. House, Treasurer, William F. Hewitt, Auditor-General, F. M. Holloway, Commissioner of the State Land Office, Chauncey W. Green, Attorney-General, and Andrew T. McReynolds, Superintendent of Public Instruction, Duane Doty; State Board of Education, Carroll S. Frazer. Resolutions were adopted for the selection of all Federal officers by the people, speedy return to specie basis; free banking; a tariff for revenue. The Democrats of Arkansas have nominated Elisha Baxter, present incumbent, for Governor. They invite all persons in the State, regardless of past issues and differences, to unite to secure the equality of all men before the law; the speedy and just punishment of every crime; the purity and freedom of the ballot; the advancement and preservation of the public credit, etc. At a recent meeting of the Iowa Woman's Suffrage Association resolutions were adopted setting forth that the temperance question would never be solved until woman had the ballot. The Nebraska Independent Convention, at Lincoln on the 9th, nominated J. F. Gardner for Governor, Henry Webb for Secretary of State and J. W. Davis for Congressman. The platform adopted favors the resumption of specie payments as soon as possible, as also cheap transportation; opposes further land

grants to railroads; favors a reduction of taxes and tariff for revenue, etc. The Liberal State Convention of New York met at Albany on the 9th and adopted a platform and adjourned, without making any nomination to the 20th. The resolutions declare against a third term for the Presidency, and that sound policy requires that no President should be re-elected; that the return of the country to a specie basis is of paramount importance, and that the business interests of the country require that a free banking system should be established. Thomas M. Patterson (Democrat) has been elected Delegate to Congress from Colorado by a vote of 1,000 and 2,000 majority over Jerome B. Chaffee, present Delegate. The wife of Wm. Stonehouse, of Grand Rapids, Ohio, attempted to hurry up a smoldering fire with a dose of kerosene. She survived the experiment two hours. Dennis, of Sterling, Ill., was recently kindling a fire with kerosene, when the can exploded and the unfortunate girl was soon enveloped in a mass of flames. Mrs. Dennis tried to assist her daughter, and was herself finally burned. The girl lived only two hours. Mrs. Dennis died a few hours after. A Congressional nomination on the 9th was made for John A. Clark, Eleventh Missouri District, renominated; Hon. Milton Sawyer, First Ohio District, renominated; Gen. Henry B. Fanning, Second Ohio District, renominated; Col. J. Casey Young, Tenth Tennessee District, renominated; Gen. Jerome B. Chaffee, present Delegate. St. Julien Cox, Second Minnesota District; Prof. D. G. Pinckney, Fifth Illinois District; Francis Kelly, Seventh Indiana District.

FRIDAY, Sept. 11.—Prof. Winchell, State Geologist of Massachusetts, who accompanied the Custer expedition to the Black Hills, in his official report says he saw none of the gold reported to have been found by the miners accompanying the expedition, nor did he see any of the auriferous quartz. He says the gold reports with a large grain of allowance. Prof. Donaldson, who also accompanied the expedition, entirely coincides with the report of Prof. Winchell. The Nebraska Democrats have nominated A. Tuxbury for Governor, John Athery for Secretary of State, R. C. Jordan for Attorney-General, and J. W. Savage for Congressman. The resolutions favor the adoption of gold and silver as the basis of currency, and the resumption of specie payments as soon as possible without disaster to the business interests of the country; the right of the State to protect its citizens from extortion and unjust discrimination by chartered monopolies, etc. Congressional nominations on the 10th: Republican—Lloyd Davenport, Sixth Maryland District, renominated; Wm. S. King, Tenth Minnesota; H. B. Strait, Second Minnesota, renominated; Stephen A. Hurlbut, Fourth Illinois, renominated. Democratic—Henry Boyle, Sixteenth Ohio; Wm. C. Sprague, Sixteenth Illinois. Reform and Independent—Col. Jefferson A. Seay, Fifth Missouri; W. V. Pendleton, Sixth Indiana; A. G. Cook, Second Tennessee; A. S. Campbell, Seventh Illinois. The Michigan Democratic State Convention met at Kalamazoo on the 10th and made the following nominations: For Governor, Henry Chamberlain; Lieutenant-Governor, Frederick H. Seward; Secretary of State, George H. House; State Treasurer, Joseph M. Sterling; Auditor-General, John H. Graus; Commissioner of the State Land Office, George H. House; Attorney-General, Martin V. Montgomery; Superintendent of Public Instruction, Duane Doty; Member of the State Board of Education, E. W. Andrews. The resolutions declared the nullification of all laws of the States for corrupt party purposes; the repeal of the law increasing salaries, and the "eng law" a reservation of the public lands for the benefit of the Union soldier and his heirs; the amendment of the Federal and Legal-Tender act, and a specie basis and free banks with a secured currency, etc. The Prohibition State Convention of Nebraska met at Omaha on the 10th. Secretary of State, Wm. G. Olinger; Treasurer, Thompson Bissel; Attorney-General, present incumbent, J. R. Webster; Superintendent of Public Instruction, J. W. Davenport; Secretary of State, J. P. Barker; Congressman, J. G. Miller; Congressional Congressman, J. A. Fairbanks. Gov. Baxter, of Arkansas, has preemptorily declared his intention to endorse the Democrats of that State, and A. H. Garland has been placed on the ticket in his stead. The President of the Chicago, Burlington & Quincy Railroad Company has been notified that five suits have been entered at Burlington against the road on the charge of violating the State law and for the ejection of passengers from trains.
