DEBATE. The Democratic candidate, is elected Mayor of San Francisco, by a small majority. The Chicago and Cincinnati Industrial Expositions were opened on the 8th, to continue one month. FINNIS H. LITTLE has been nominated for Congress by the Republicans of the Third Mississippi District. PRESIDENT GRANT has appointed Virgil D. Stockbridge, of Maine, Examiner-in-Chief of the Patent Office. The American Cardinal McCloskey arrived at Rome on the 7th and met with a cordial reception by the Pope. At the election in New Jersey on the 7th all the State constitutional amendments were adopted except the clause repealing the "Five County act."

DEBATE. A MAN by the name of John C. Jones, of New York city, recently committed suicide by jumping into the rapids and going over the American falls at Niagara. The Governor-elect of California, Wm. Irwin, is a native of Butler County, Ohio, but has been a resident of California since 1852, and has been prominent in the politics of the State since 1861. The Democratic-Reformers of Wisconsin have renominated the present State officers and adopted a platform endorsing the reform resolutions adopted in 1873, including the declaration in favor of a sound currency in coin or its equivalent. Mrs. JAMES SHAMBERG, of Fond du Lac, Wis., attempted the other day to light a fire by the aid of kerosene and was burnt to death. Mrs. C. H. Young, of Kansas City, Mo., was also fatally burned a few nights ago by the explosion of a lighted kerosene lamp which she was carrying from one room to another.

DEBATE. In the case of a colored man in Brooklyn, N. Y., who applied for a mandamus to compel the Board of Education to admit his son to a school set apart for white children, Judge Gilbert, while reserving his decision, said on the 7th that the system of common-school education was established for the public and all persons had access to it. The Board of Education had no power to exclude any. A YOUNG man named William Dagle, engaged with a circus as an acrobat, and styling himself Prof. Arion, recently made an ascension in a hot-air balloon at Jackson, Mich. After reaching an altitude of about 1,000 feet the balloon rapidly descended. When within fifteen or twenty feet of the ground the professor, anticipating that the basket would strike upon the railroad bridge at the Fort Wayne Railroad crossing, jumped from the basket into the river and started to swim ashore, but sank to the bottom and was drowned. THE Farmers' and Mechanics' Conference, recently in session in Cincinnati, passed resolutions demanding the repeal of the National Banking law and the issue of paper money directly by the General Government, to make a legal tender for all debts, public and private, including duties on imports, and to be interchangeable for registered interest bonds. Anti-monopoly resolutions, and one favoring the limiting of the President of the United States to one term of office, were also adopted.

DEBATE. A RECENT Washington special telegram states that the Secret Service authorities in that city had information that a company of Italians had gone West with a view of forming a company of \$10 million of the First National Bank of Philadelphia. These counterfeits are said to be exceedingly dangerous, the face side displaying a perfect imitation of the genuine notes, but they have a few defects on the back. One of them was recently received at the Treasury cash-room and exchanged by the experts for some money. THE recent Pennsylvania Democratic State Convention adopted resolutions on the currency question similar to those in the Ohio Democratic platform. They demand that the policy of contraction be abandoned, and that the volume of money be made and kept equal to the wants of trade; favor the extinction of the National Banks and the retirement of their circulation, to be replaced by full legal-tender issues by the Government, and the establishment of a system of free banks of discount and deposit under State regulation. Judge Cyrus L. Pershing, of Cambria County, was nominated for Governor on the eleventh ballot, and his nomination was made unanimous. THE ticket nominated by the recent Republican State Convention of New York was as follows: For Secretary of State, F. W. Seward; Comptroller, F. E. Spiller; Treasurer, Gen. E. A. Merritt; Attorney-General, Geo. L. Danford; State Engineer, O. H. P. Cornell; Canal Commissioner, Wm. E. Tinsley; State Prison Inspector, Rev. Beanoit T. Ives. The platform adopted declared against further currency inflation and in favor of the speediest possible return to specie payments; recognizes as conclusive President Grant's declaration that he is not a candidate for re-nomination, and declares opposition to the election of any President for a third term; in-dorses the Administration of President Grant, etc.

DEBATE. A RECENT dispatch from the 7th, according to the New York Herald, states that Mr. Sharon, who would exceed his liabilities by about \$2,000,000, and that the indebtedness charged against Mr. Ralston was not personal, but had grown out of aid which the bank had openly given in the way of loans to industries throughout the State. This statement is contradicted by a later dispatch. ACCORDING to a London telegram of the 11th, 15,000 animals in Dorsetshire were suffering from the foot and mouth disease. A ST. PETERSBURG dispatch of the 7th says 30,000 Klokand rebels had been defeated by Gen. Kaufman. AN Indian outbreak has occurred in Eastern Nevada and Western Utah. A San Francisco telegram of the 7th says a number of settlers and miners had been killed, and women and children were being removed to places of safety. Troops and volunteers were going to the scene of the troubles. THE Central Illinois Fair opened in Jacksonville on the 7th, with a fine display of horses, cattle and other live stock. The Wisconsin State Fair was formally opened at Milwaukee on the 7th, under very favorable auspices. Gov. BEVERIDGE has addressed a note to the State's Attorney at Rockford, Ill., concerning the recent duel in Winnebago County, and expressing the hope that prompt measures will be taken to vindicate the law. IN the North Carolina Constitutional convention, on the 7th, Dr. Edgar Ransom, Democratic nominee, was chosen President on the fourteenth ballot. STEPHEN B. ELKINS (Rep.) has been elected Delegate to Congress from the Territory of New Mexico. THE American Pongological Society met in Chicago on the 8th. Marshall P. Wilder, of Massachusetts, was re-elected President, and W. C. Flagg, of Illinois, Secretary. AN explosion occurred in the celluloid factory at Newark, N. J., on the 8th, setting the building on fire and destroying it. Of thirty men in the building at the time some escaped uninjured, but several were either killed outright or fatally injured. A Mrs. PEER, of Brooklyn, N. Y., testified in the Westervelt trial on the 8th that a Brooklyn man, whom she now recognizes as Westervelt, accompanied by a little boy about four years old, who she seemed to be afraid of, and whose features she recognizes in likenesses of Charles Ross.

DEBATE. DETAILED accounts of the recent riotous proceedings near Clinton, Miss., is given in a Memphis dispatch of the 7th, according to which about 2,000 negroes assembled in attendance upon a mass Republican convention and barbecue. By agreement a joint political discussion was engaged in by Republican and Democratic speakers. During the proceedings a disturbance occurred on the outskirts of the crowd, and a general melee ensued. Firearms were freely used—over 300 shots being fired in about fifteen minutes—and three white and four colored men were wounded. The dispatch says the negroes were mostly unarmed and the disturbance was wholly unprovoked by them, they fighting only in self-defense. By five o'clock not a colored man was seen on the grounds. Armed white men from Clinton and neighboring towns took possession of the locality, and on the morning of the 9th a general slaughter of negroes was begun in different parts of the county, many being killed and large numbers fleeing to the woods and swamps for protection. Many bands of armed white men were reported to be congregating on the 7th, and on the 8th Gov. Ames made formal application for aid from the national authorities at Washington. THE steamer Martin Welner, from Shields, England, for Hamburg, has been lost with all on board. HEAVY rain-storms occurred in many sections of the West on the 9th, causing considerable damage by floods in some localities. Three accidents occurred on the Wisconsin Division of the Northwestern Railroad, caused by washouts. At Lawrence a bridge was washed away and a passenger train plunged into the stream at that place and completely wrecked, the engineer, baggage-man, newsboy and one passenger being killed and several others injured. Two accidents occurred on freight trains, causing loss of life. A MASS meeting of the friends of the late W. C. Ralston was held in San Francisco on the 11th of the 9th, and was largely attended. Resolutions were adopted laudatory of the character of the deceased, and denouncing the Evening Bulletin and Morning Call for their alleged private and unjust attacks upon his private character. A SPECIAL dispatch from Vicksburg, Miss., on the 9th, reported all quiet in Warren, Yazoo and Hinds Counties, where disturbances had occurred. A Washington telegram of the same date says the President had instructed the Adjutant-General of the army to direct the commanding General of the Department of the Gulf to furnish the necessary arms and Government of Mississippi, to enable him to maintain order and preserve life, in case such assistance was necessary.
