

REPUBLICAN TICKET.

STATE TICKET. For Supreme Judges, GEO. H. LARK, DANIEL GANTT, SAMUEL MAXWELL, The Board of Regents, COUNTY TICKET. For Co. Clerk, C. P. MOORE. For Co. Treasurer, A. P. MILLER. For Co. Judge, W. H. NEWELL. For Sheriff, M. B. CUTLER. For Co. Commissioner 2d District, J. T. A. HOOPER. For Co. Supt. Pub. Instruction, G. B. CRIPPEN. For Coroner, DR. REED. For Co. Surveyor, WM. YOUNG. For Representative, J. HOUSE.

ORDER FOR A SPECIAL ELECTION IN CASS COUNTY.

WHEREAS, The Constitution of the State of Nebraska provides that the Governor shall issue writs of election to fill such vacancies as may occur in either House of the Legislature, and Whereas, An official notice of a vacancy existing in the office of Representative in the Fourth Representative District, in the County of Cass, in said State, caused by the resignation of John L. Brown, has been duly received by me, THEREFORE, in accordance with the provisions of the Constitution, and by virtue of the power in me vested, I, Silas Garber, Governor of the State of Nebraska, do order that an election be held on the 12th day of October, 1875, in said County of Cass, for the purpose of electing a Representative for said County to fill the vacancy aforesaid. IN TESTIMONY WHEREOF, I have hereunto set my hand, and have caused to be affixed thereto, the Great Seal of the State of Nebraska, this 9th day of September, 1875. By the Governor, SILAS GARBNER, BRUNO TZSCHUCK, Secretary of State. Senator Carl Schurz has returned from Europe. If "Observer" chooses to sign his true name to his communications we may be tempted to notice them, not otherwise. Large clouds of grasshoppers passed over the 4th of this month, and were seen at Fairbury, Joliet, Danville and other points. A terrible accident is reported on the Grand Trunk Railroad in Canada. Several employees killed and the cars took fire and a large number of cattle were roasted. The Annual Session of the Grand Division of the Sons of Temperance meets at Blair Tuesday, Oct. 19th, 1875. Round trip tickets will be given by the U. P. O. & N. W. and S. C. R. R.'s for one and one-half fair. The HERALD men went up in Dart County week before last, and met many old friends in Decatur and Tokama. Press of other matter prevented our mentioning this visit before, and until election is over we must cut all outside matter short. Both towns have grown a good deal in the past few years; and now that the extension of the O. & N. W. R. R. into the county is a fixed fact we expect to see them grow like rag-weed for the next five years. We took dinner with Cap. Silas T. Leaning, an old friend of the days that are far in the rear now, and although the Captain and the HERALD did not agree about the bonds the day before, that did not mar the dinner any, nor the pleasure of meeting Mrs. Decatur, mother old friend. At Tokama, we met brother Hall of the Burlington, Mr. Hopewell, "Jap" Laughlin, C. Stanton, our funny friend Moses Dodge's counterpart, J. J. Adams, and a host of other folks too numerous to mention. Brother Lambert of the Pilot, Blair, rode along with us both ways and discoursed sweet music—with his chin—all the time. He had a crooked horn along but the mouth piece was lost to that, and not to the chin, which accounts for the above fact. At Blair we could only stop a few moments and every body says—"Why don't you stay longer, you're always in a hurry." Some day we shall go up in Dart and Washington counties and take the wife and our babies and our "knit" and the dog and stay until they'll all get the HERALD for two years to try to ride us. See if we don't.

STATE ITEMS.

Mr. Philip Metz, of the firm of Metz Bros., brewers of Omaha was killed by the accidental discharge of his gun, while hunting near Columbus, on Saturday last. Walter Hardin and W. H. Dodge were convicted of the murder of James McGuire, in Chase Co. about a year ago, and Dodge was sentenced to be hung. The trial took place at Neb. City. An editorial excursion from the east passed over the E. & M. on Friday last. Fremont has made great preparations for the district fair, commenced yesterday. The stable of the Military post at North Platte were burned Tuesday. A large quantity of ammunition was stored in one of the buildings, the explosion of which, made a lively display. Josh Billings says he will take the stage this winter; also, the railroad cars, when they run his way.

REPUBLICAN STATE CONVENTION.

ON WEDNESDAY AT KEARNEY.

Big Time—Great Turn Out.

The Little Town all Alive and Abuzz.

Tuesday Morning the HERALD arose and combed his face and washed his hair, smelling the battle from afar, in the west wind. At the Junction we picked up a number of Omaha delegates, and we continued to pick up this class of gentlemen and their friends all the way to Kearney. Every little hamlet on the route, turned out "fellows" like bees from a swarm, and before we reached the end of the road, we had four coach loads. As we drew near to the Mecca of Bro. Eaton, we heard the dulcet strains of a brass band, and the glimmering lights of two million of candles shone from the windows of Kearney.

As we drew near to the Mecca of Bro. Eaton, we heard the dulcet strains of a brass band, and the glimmering lights of two million of candles shone from the windows of Kearney.

CENTENNIAL EXPOSITION.

At the request of Dr. Livingston of this place, we publish the following communication from Prof. Joseph Henry, Secretary of the Smithsonian Institution, Washington, D. C., and would request any parties possessed of such specimens as are enumerated below, to communicate with Dr. Livingston, who will take pleasure in receiving, and will see that such articles are carefully packed and shipped to their proper destination. Where any persons desire to have their specimens returned their wishes will be rigidly complied with.

COLLECTION TO ILLUSTRATE THE ETHNOLOGY OF THE UNITED STATES. The Smithsonian Institution desires to secure as complete a collection as possible to illustrate the Ethnology of the United States at the International Exhibition to be held at Philadelphia in the autumn of 1876. This will form part of a Governmental display to be made in accordance with the act of Congress, March 3, 1846, and the Executive Order of March 5, 1847.

The objects of the collection is to exhibit as complete a series as possible of everything pertaining to the past and present history of the aboriginal races now or previously inhabiting the Continent of North America, including both what is strictly pre-historic in its character or relating to a long past age, and what belongs to the present day.

For this purpose the Institution solicits from private collectors, and will liberally compensate them for articles, such as: Implements of stone, bone, earthenware, &c., to include such articles as: Axes, knives, spears, harpoons, needles, mortars, scrapers, smelters, rollers, and other articles of wood, bone, or stone, or of any other material, and such articles as: Pottery, earthenware, and other articles of similar character.

The modern articles required are articles of dress, ornaments, and the toilet, implements of agriculture, and such articles as: Axes, knives, spears, harpoons, needles, mortars, scrapers, smelters, rollers, and other articles of wood, bone, or stone, or of any other material, and such articles as: Pottery, earthenware, and other articles of similar character.

Information is invited in regard to collections of specimens and articles in possession of individuals or public institutions, to be deposited in the Smithsonian Institution, and drawings of the articles which are considered most interesting and remarkable. The Institution will pay for the collection in question, such specimens as are being sent to it.

The specimens may be sent by express or mail, or in any large bulk, by railroad conveyance, and should be forwarded to the Smithsonian Institution, Washington, D. C., and should be accompanied by a list of the articles, and a statement of the conditions under which they were collected, whether in a natural, grave, or found in the surface of the earth, or in any other manner.

The collection should be sent to the Smithsonian Institution, Washington, D. C., and should be accompanied by a list of the articles, and a statement of the conditions under which they were collected, whether in a natural, grave, or found in the surface of the earth, or in any other manner.

A CALL.

We, the undersigned women of Nebraska, feeling the necessity of co-operation in the great work of Temperance reform, do most earnestly desire the organization of a "Woman's State Christian Temperance Union."

Therefore, we would respectfully invite each local Woman's Christian Temperance Union in the State to send one or more delegates, also each town where no Union exists to select and send delegates to meet with us at Lincoln on the 13th and 14th of October, to effect such an organization. We humbly trust you will not disregard this call, and may God bless our efforts.

And it is earnestly recommended that in localities where a Woman's Christian Temperance Union does not exist, such an organization be formed as early as is expedient, in order that it may be represented at the coming State Convention.

Mrs. G. Alexander, Lincoln. Mrs. C. B. Parker, Lincoln. Mrs. C. M. McFarland, Lincoln. Mrs. J. C. Cartwright, Lincoln. Mrs. W. B. Slaughter, Lincoln. Mrs. J. J. Cartwright, Lincoln. Mrs. J. J. Gosper, Lincoln. Mrs. A. Van Pelt, Blair. Mrs. E. E. Wheeler, Blair. Mrs. L. M. Atterberry, Blair. Mrs. J. C. Cartwright, Blair. Mrs. A. M. Compton, Blair. Mrs. C. C. Ross, Blair. Mrs. C. C. Crowell, Blair. Mrs. F. M. Johnson, Tokama. Mrs. E. E. Kline, Fremont. Mrs. H. E. Garswood, Fremont. Mrs. D. Coman, Fremont. Mrs. E. K. Garswood, Fremont. Mrs. M. N. Horton, Fremont. Mrs. A. M. Horton, Fremont.

Cor. Sec. W. C. E. Lincoln.

FROM WEEPING WATER.

WEeping Water, Neb., Sept. 14th, 1875.

EDITOR HERALD:—An editorial in a late issue of your paper, calls for a guarantee, that in case the County Seat is removed from its present location, county buildings will be erected in the new site, free of cost to the county. I am a Weeping Water man, and would earnestly desire to see the county buildings transferred at this place; but a pledge to the effect that no extra cost shall accrue to the county through the removal, is a very small return for the increase in money, talent, business, and valuation of the place, receiving the official patronage of the county.

As yet, I have not seen a proposition from Weeping Water or any of the other places, that think of striving for the coveted prize at the coming election, although numerous schemes are on foot to benefit private persons.

Until some guarantee of the nature spoken of, is given,—here is one vote for Plattsmouth! How many ditto?

WORTH ITS WEIGHT IN GOLD.

The Department of Agriculture publishes the following experiments, which a gentleman from Georgia tried and found effective in dispelling a serious trouble in horses.

About thirty years ago a friend told by bots a very fine horse. He took from the stomach of the dead horse about a quart of bots, and brought them to my office to experiment upon. He made preparations of every remedy he had heard of, and put some of them into each. Most had no effect, a few affected the slightly, but some ten more than anything else; that killed them in fifteen hours.

He concluded he would kill them by putting them in nitric acid, but it had no more effect on them than water; the third day they were as lively as when put in. A bunch of tany was growing by his office. He took a handful of that, bruised it, added a little water, squeezed out the juice, and put some in; they were dead in one minute. Since then I had it given to every horse. I have never known it to fail of giving entire relief. My friend had another horse affected with the bots several years later. He gave him the tany in the morning, and a dose of salts in the evening; the next morning he took up from the excretions three half pints of bots.
