the Administration. THE following extracts are taken from x-Senator Henderson's speech before the jury in the Avery case at St. Louis, and ontain the language offensive to the President, and for which the latter, unanimously supported by the Cabinet, ordered ains, walked into Milford, Pa., lately, his discharge as assistant in prosecuting

What right had Babcock to go to Douglass o induce him to withdraw his agents? Douglass was placed in his position to see that the revenue laws of the Government were proper-ly enforced. What business, then, had Douglass nizes any other master then this Government is tumbling down. What right has the Pres-ident to interfere with Commissioner Douglass in the proper discharge of his duties, or with the Treasurer? None; and Douglass showed a lamentable weakness of character when he listened to Babcock's dictates. He should either have insisted that his orders, as any interference by the President? This was Douglass' own business, and he stood re-sponsible for it under his official oath. He was bound to listen to no dictation from the President, Babcock, or any other officer, and it was his duty to see that that order was carried out or to resign. Would that we had officials who possessed more of that sterner stuff of which the office-holders of olden times were made. Why do they not leave their office when they cannot remain there honorably? Is it to continue that because a man olds an office at the hands of another he is
