THE HERALD.

J. A. MACMURPHY,..... ...EDITOR.

PLATTSMOUTH, JUNE 15, 1876.

They are trying for a R. R. Pontoon Bridge at Neb. City.

Madame Dudevant—George Sand is dead. She was one of the most brilliant French writers of this century.

The smallest towns and counties in the State all talk loudly of celebrating on the 4th—Shall Plattsmouth and Cass county be behind?

The Douglas county Grand Jury make a report on the condition of their County Jail, that almost equals the one made here not long ago.

Robert Kittle, of Fremont, sold at public sale 150 splendid residence lots in Fremont on the 14th, also a handsome private residence. Terms very liberal.

The stables of our old Cass county neighbor, Moses Stocking, were struck by lightning last week. One horse and $1500 worth of harness &c. was destroyed. Mr. Stocking and his son Will were both scorched and kicked in getting out the horses.

The Omaha *Herald* now wants 10,000 troops to protect whites in the Black Hills. But a short time ago the *Herald* and its confreres demanded that the Army be reduced to less than 25,000 men all told. These 10,000 are to protect Whites but not fight or kill any Indians. Beats A. B. Smith's "Mechanical Peradox" all hollow.

The officers of the State Board of Agriculture for this year are:

President—Moses Stocking.
Vice-President—Col. Matthewson.
Treasurer—J. W. Moore.
Secretary—D. H. Wheeler.

The following are the officers elect of the Horticultural Society:

President—S. B. Hobson.
Secretary—D. H. Wheeler.
Treasurer—J. W. Evans.

The Horticultural Society meets here June 14th.

BLAINE SUN STRUCK.

The Effect in Cincinnati etc.

On Sunday last as Mr. Blaine was entering church, in Washington, he was suddenly prostrated by sun-stroke.—Here are the particulars:

WASHINGTON, June 12.—Mr. Blaine, while entering the church yesterday (Sunday) fainted, and was unconscious for nearly five hours after.

Blaine had walked about three-quarters of a mile with his family, and on reaching the church became suddenly dizzy and came near falling, and exclamed:

"OH! THIS PAIN."

Gail Hamilton procured a carriage, in which he was taken home and laid on the floor and remedies applied. He breathed irregularly during the entire afternoon. Secretary Bristow called during the afternoon, as did many other prominent gentlemen, including many democrats.

Dr. Pope, who has been Mr. Blaine's family physician for a number of years, makes the following statement of the case:

"Mr. Blaine's case is simply cerebeal depression, produced primarily by great mental strain; and secondarily by action of excessive heat. There is no appoplectic congestion or effusion, nor any symptons of paralysis.

Of course this caused great excitement all over the country and at Cincinnati. Many thought it would injure his chances of the nomination. At last accounts he was doidg well and did not seem to be seriously injured.

SUNDAY SCHOOLS.

The Cass County S. S. Association met at Weeping Water, May 30th, and was a decided success; 13 schools being represented.

The following offiers were elected for the ensuing year.

President—Rev. E. Wilkinson.
Vice President—Thos. Pollock.
Recording Secretary—E. A. Kirkpatrick.
Treasurer—D. C. Fleming.

EXECUTIVE COMMITTEE.

L. F. Reed, S. B. Hobson and C. H. Winslow.

The next meeting of the Association is to be held at Mt. Pleasant.

The following topics were discussed: "Teaching the Bible."

"How can we best awaken the interest of the Sunday School cause in this county?"

"International lessons."

"How can we win the non attending to S. S?"

"Are teacher's meetings necessary to the efficiency of our Sunday School, and how may they be best organized and maintained?"

"Who shall we employ as teachers?"

"Order in the S. S. an absolute necessity."

"Monthly concert or Review."

"Sabbath School Literature."

"Elements of success."

Discussion of these topics was participated in by Revs. Orr, Chase, Marquett, Wilkinson, Cary and Tibbett, Mrs. Shelton, Beach and Smith; also by the following gentlemen: J. P. Gage, L. F. Reed, Shelton, Thos. Pollock, J. M. Kirkpatrick, M. B. Howard, E. L. Reed, E. Post, and E. A. Kirkpatrick.

Delegate to State Sunday School Convention J. S. Orr and S. C. Holden.

L. F. Reed, E. Wilkinson and Rev. Mr. Chase were appointed a committee to draft an address to the Sabbath School workers of Cass county and have the same published.

Thursday morning—a much fuller display, the building appears very handsomely. Mr. Mo-re had a fine collection of flowers, Mr. Leasley of fruits, Messrs. Gaston, West, Montgomery and many others showed fine displays of either fruit or flowers, all of which, together with the official report of the meeting of the society, will appear next week as we must go to Press now.

All in all we are highly pleased with the productions brought forth at this meeting, and considering the late season and the fact that the best fruit part of our County was grasshoppered last year, we deem the display eminently creditable.

ROCK ISLAND & PACIFIC R. R.

The Stock Holders Re-Elect all the Old Officials, and with John F. Tracy at their Head They will Run the Machine Another Year.

[From the Chicago Times.]

The annual election of the Chicago, Rock Island and Pacific Railroad company occurred at the general offices of the road in this city on yesterday afternoon.

It was anticipated that some changes would take place in the directory of the road, owing to the failing health of President Tracy, but his retirement was not considered, and he was reinstated in his position at the head of the corporation by the total vote of the stock represented. The selection resulted in the reinstatement of the following officials:

President—John F. Tracy.
Vice-President—Hugh Riddle.
Secretary and Treasurer—Francis H. Tows.

Executive committee—John F. Tracy, Wm. L. Scott, Hugh Riddle, Francis H. Tows, David Dows.

Directors (to serve during the next three years) John F. Tracy, Wm. L. Scott, Hugh Riddle, Francis H. Tows, David Dows.

OUR HOME MATTERS.

Of these gentlemen we may say here, that Mr. Riddle, Vice President; Mr. Tows, Secretary; Mr. Dows of the Ex. Committee; and Mr. Foster, one of the largest stockholders, all passed over the B. & M. in a special car last Friday. Mayor Livingston and Messrs. Fitzgerald, Wheeler, Dovey, Plummer and MacMurphy accompanied them to Lincoln, Dr. Converse played host, and we must say he does the part to perfection. We are inclined to think that the above gentlemen were pleased with their visit to Nebraska, and hope some good to us and our railroad interests may result from their trip.

The good Samaritan stopped at the sound of woe; so does a good horse.

HO! HAIL!! STOP!!! COME!!!!

All the committess appointed to act on 4th of July matters are requested to meet at the Court House on Friday evening at 7½ sharp, and each and every committee is expected to be able to report some progress made—remember that.

We commend the following from the Republican City *News* to all who desire above all else the success of the party and the cause:

Democracy is on a raising market in Nebraska. Bitter contention among the republican leaders is all that is asked; and division is the rule. If the autumn election bring in a bevy of democrats to set Hill's bust on the mantel shelf of the capitol it will not surprise any one. *They are strongest on the representative question, which is truly the chief issue in every county;* and they have the good sense to put forward their most useful men and hold the party united till by the factions which local and personal disputes engender a first rate man will be thrust in between and win the election, notwithstanding the Jacksonian views of the candidate, and his avowed purpose to push republicans off their stools.

RED WILLOW CORRESPONDENCE.

RED WILLOW, June 24, 1876.

ED. HERALD.—I thought that a few lines from this part of the State would be of interest to the readers of the HERALD. The weather is cool and dry but the crops look good. We expect to raise large harvests this summer. We have not been dependent on aid societies for seed this spring, have plenty of our raising, and it is good too. I find our farmers are much encouraged, are plowing deep and planting deep. Much ground that last year was allowlowed to grow up to weeds has been plowed and planted, you see we don't expect drought or grasshoppers this year, we want to show our eastern friends that the Republican Valley is no desert, and that it is one of the finest farming districts in the State.

I heard of a shooting affair on the Republican two days since; briefly thus: Some two weeks past six men from down the river came here pretending to be looking for land, but soon left and we then found they were hunting stolen horses as they left information with Mr. Doyle to that effect. Several days after a man and boy stopped at Doyle's with a small herd of horses answering the description. Doyle and others attempted to arrest them, but they showed fight and finally got away leaving the horses. In the night succeeding they stole two of the horses, but were followed in the morning and their horses finally giving out they took the canyons afoot, where after another fight the man was killed, the boy mortally wounded. The man's name was Stewart, from the Kansas Pacific Road, near Sheridan, Kansas. The boy was hired by the man to go with him to Cheyenne and did not know the horses were stolen until they had started. The Centennial is to be duly celebrated in Red Willow Co.

EXPECTORATION

Is the act of discharging from the throat and chest matter that arises from colds, instead of suffering and distributing it through the blood, and poisoning it. By thus assisting the Lungs, Throat and Chest, Dr. Greene's Expectorant Cures Colds, Coughs, Asthma, Bronchitis, Croup, Dyspepsia, Whooping Cough and all affections of the lungs, Throat and Chest, and the first stages of Consumption and Typhoid Fever. Its qualities are Expectorant, Sedative, Pectoral and Alterative. It does not stop the cough by mere preparations, but by their anodyne and refrigerent effects, relieves the torturous and offending matter in the blood and causing permanent release of the lungs, but it cures by loosening the central mucus, loosening the lungs, and throat to throw off the offending matter which causes the cough, thus scientifically making the cure effected. If any one allows for the most distressing cough in the throat, and does not relish, it relieves, and breaks up Whooping Cough. No better remedy can be found for Asthma, Bronchitis, Croup and all affections of the Throat, Lungs and Chest, and if continued in use will subdue any tendency to Consumption, Lung and Typhoid Fever.

If the liver is torpid or the bowels constipated a few doses of Dr. Greene's Liver Pills will build it right. Nothing unpleasant to take or to be avoided.
