Gov. Garber returned yesterday from an extended visit to Red Willow and Harlan counties. We did not see him personally, but are informed by another State officer that the damage reported as done by the grasshoppers is very much exaggerated. In no place have whole fields been destroyed, but the insects have merely left their marks around several fields that came in their course. The damage is of no consequence, and the scare has subsided with the departure of the hoppers,—Lincoln Journal.

If instead of buying more land, and ter. breaking up more, our farmers would build barns and barracks to protect and save the grain they do raise, we should not hear so much of spoiled wheat and other small grain crops. We could never see why the old fashioned Peunsylvania barrack is not a cheap and sylvania barrack is not a cheap and specific and solvania barrack is not a cheap and specific an useful thing, here to preserve grain. It can be built very cheaply, certainly would save the grain, and could even be shifted from field to field at little expense if hauling is so tedious. Try

Is the act of discharging from the throat and chest matter that arises from colds, instead of scattering and distributing it through the blood, and poisoning it. By thus assisting the Lungs, Throat and Chest, Dr. Greene's Expectorant cures Colds, Coughs, Asthma, Bronchitts, Croup, Dyptheria, Whosoping Cough and all affections of the lungs, Throat and Chest, and the first stages of Consumption and Typhoid Fever. Its qualities are Expectorant, Scilative Pectorial and Alterative. It does not stop the cough as most preparations do, by their anodyne and astringent effects, retaining the muchous and offending matter in the blood and causing permanent disease of the lungs, but it cures by loosening the cough and assisting the lungs and throat to throw off the offending matter which causes the cough, thus scientifically making the cure perfect. It at once alleviates the most distressing cold on the lungs, soothes and altays irritation, and breaks up Whooping Cough. No better remedy can be found for Asthma, Bronchitls, Croup and all affections of the Throat, Langs and Chest, and If continued in use will subdue any tendency to Consumption, Lung and Typhoid Fever.
