MACHINE POETRY.

One day as I walked down the street,
A gay young man I chanced to meet;
He looked so nice and smiled so sweet,
And when I looked upon his feet,
I saw a pair of boots complete.

Young man, says I, who made your boots,
He answered, why, sir, C. L. Muetze,
Near Platte Valley house on Main street,
Where he is ready to close your feet,
Cheap and good for ready cash;
Go get a pair and cut a dash!

The above may not be good poetry, but they say its true, hence the truism, more truth than poetry. 33-3t.

I do not propose to give it up even if Tilden is elected, but will continue to do your blacksmithing in a satisfactory manner, and hope my friends will remember they can always get their work done as well and as cheap as it can be done in the city.

NEW YORK.

NEW YORK, November 7.—The United States marshal was kept busy all the forenoon looking out for those who having registered illegally, might attempt to vote, and by noon fully five-hundred were captured and taken before the supervisor of elections, who disposed of them in batches of 25. The top floor of the post-office forms the prison pen, and presents a curious spectable. One elevator is used to carry the captured repeaters from the street to their quarters, and it is kept busy. A few of those arrested offered resistance, but they have to go with their cap ors. Those who have registered illegally under a misappreeen ion or through ignorance are discharged but the known repeater is promptly consigned to prison.

CAUTION Be not deceived by premature books, assuming to be "official" and telling what will happen in August and September.

MASON & HAMLIN
CABINET ORGANS
Have been unanimously assigned the
"First Bank
In the SEVERAL REQUISITES"
OF SUCH INSTRUMENTS AT THE
U. S. CENTENNIAL 1876.
and are the only organs assigned this rank. Their superiority is thus declared, not in one or two respects only, but in all the important qualities of an organ. A medal and diploma have also been awarded them, "at medals of equal value were awarded all articles deemed worthy of recognition, so that many makers can advertise "first medals" or "highest awards."
Comparative rank in excellence, has been determined by the Judges' Reports alone, in which the Mason & Hamlin Organs are unanimously assigned "the first rank in the several requisites" of such instruments, and are the only ones assigned this rank. See Judges' Reports. This result was not unexpected, for these organs have uniformly taken highest awards in such competions, there being less than six exceptions in hundreds of comparisons. They were awarded first medals, and highest honors at Paris 1867, Vienna 1873, Santiago 1875, Philadelphia 1876; having thus been awarded highest honors at every world's exhibition at which they have competed, and being the only American organs which ever obtained any award in Europe.
New styles, with improvements exhibited at the Centennial; elegant new cases in great variety. Prices very lowest consistent with best material and workmanship. Organs sold for cash or installments, or rented until rent pays. Every organ warranted to give entire satisfaction to every reasonable purchaser or the money returned. Illustrated catalogues sent free.
