Medals and Diplomas have been so numerously awarded at Philadelphia, that they are of little value in determining comparative excellence of exhibits. It is only in the Judges Reports, just published, that this is determined, and rank assigned competing articles.

The Mason & Hamlin Cabinet Organs are not only awarded the Medal and diploma, but are unequivocally assigned by the Judges "The First Rank in the several requisites of such instruments," which is equivalent to pronouncing them best in all the important qualities of reed organs. So this company may add "Philadelphia 1876" to the record of its successful victories in the great world's exhibitions at Paris, 1867; Vienna, 1873; and Santiago, 1875.

PETER MERGES.

The Ladies' Aid Society of St. Luke's Episcopal church will hold their next social at the house of Mrs. E. Butler, and to give variety will make it a Pound social. For the benefit of the uninitiated we copy the following from an exchange:

This form of amusement is bound to be caught up at once for the use of church parties and ladies' charities, it is so cheap and so diverting at once, it has the advantage of fashion this winter, for it is a favorite form of spending a sociable evening among matrons and elderly business men who are not above having some fun of an evening. Each guest is expected to bring with him or her a package of something or anything to weigh exactly a pound, done up so that nobody can tell what is in it. The fun is to hold a parlor auction, with the gibbets speaker as auctioneer, and the parcels are sold to the highest bidders unopened.

Fun, is it? You never saw such fun as when the packages are opened, and the Wall street man who bid five dollars for a tissue paper parcel finds that it contains a Bologna sausage, bought on the way up town by a fun loving matron, or the stiff bachelor bids off a girl's powder and rouge box, or a gay young married woman finds a pound of smoking tobacco in hers.—E. G.

SAUNDERS COUNTY. Barker got 1048 votes to Ballou 801, Reese received 1005 votes for Dist. Attorney.

The Republican Representatives received: July, 1041; Mengel, 949; Rynony 951; while the highest chap on the other side (Lehmku) only got 486. Barker had 1692, Gardner 803 and England 496. Wick 1078, Warren 964 Holman 463. Strickland and Cobb got 1108 apiece, and Conner 1105; the Greenbackers and Democrats only 345 and 487.

The Republican ticket was elected over both others. Hurrah for Saunders. Church Howe is elected in Nemaha. Our first information was incorrect on this matter.

We give the table of official votes in this county this week. This is a big job and an expensive one. Please file your papers and keep this for reference.

How many apples Adam and Eve ate. "Some say Eve 8 and Adam 2; total 10. Now we figure the thing differently. Eve 8 and Adam 8 also—total 16." (Boston Journal).

"We think the above figures entirely wrong, Eve 81 and Adam 8-2—total, 163." (Cincinnati Advertiser).

"Wrong again. What could be clearer than that Eve 8-1 and Adam 8-1-3, the total was 932." (Lawrence American).

"But if Eve 8-1-1 and Adam 8-1-3, would not the whole be 1,623?" (Boston Journal).

Still another calculation is as follows: "If Eve 8-1-4 Adam, Adam 8-1-2-4-3 oblige Eve; total, 32,056. We think, however, this not to be a sufficient quantity, for though we admit that Eve 8-1-4 Adam, Adam, if he 80-8-1-2-4-3 keep Eve company; total, 8,082,056." New York Mail.

A correspondent writing to the Philadelphia Bulletin adds this:—"You all make a big fuss trying to do a very simple sum. Don't you see that Eve 8-1-4-2 show Adam how, and if Adam 80-8-1-2-3 keep Eve company?" This is evidently correct, for there wasn't any more apples in the cellar, or Prof. Huxley would have mentioned it the other night in New York.
