

THE HERALD TELEGRAPHIC FOR THE HOUSEHOLD.

NEW LINEN CUFFS AND COLLARS.

There is no change in the forms of linen cuffs and collars since last spring...

The novelty of the season consists in three quarters of an inch of rim, in crimson, dark brown or navy blue.

The difference. Said a distinguished man, "The longer I live, the more I am certain that the great difference between men is between the feeble and the powerful."

FELON ON THE FINGER. The following simple remedy is recommended as a cure for felon on the finger.

ANOTHER CURE FOR FELON. Take a pint of common soft soap, and stir it in unslacked lime till it is of the consistency of glazier's putty.

WARTS. Warts have been cured by the application daily (for a few days) of spirits of salts.

LOOKING OVER THE QUILTS. "Dear me," said Mrs. Thatcher, one morning after the first sharp frost.

"Oh don't be discouraged, Susan," said good Aunt Fanny. "May be I can help you some to piece out or plan something for the winter."

A man with a large family was complaining of the difficulties of supporting all them. "If," said a friend, "you have sons who are big enough to earn something for you."

A Scotch minister thus discoursed on the carelessness of his flock: "Brethren, when you leave church just look down at the Duke's swans; they are very honny swans, are they? Well, they're dry again. Now, my friends, you come here every Sabbath, an' I leave you a' ower wi' the Gospel till ye're fairly drookit wi' it."

"I would do it, Susan. There is a great deal of warmth in the old quilt yet. If you will gather up all your old scraps and bundles of clothes, I will engage to piece out a lining and cover for it."

"To be sure, it is just the easiest thing in the world, I was a famous quilter in my day, and I like to set on a quilt now as well as I like to eat."

"The good old lady went on advising and assisting until she had solved the possibility of the whole thing."

"The result of the garret exploration was material enough for good robes for all the boys, and a snug little comfortable for baby's crib."

"Steam is a great thing," remarked a traveler in a railroad car to his vis-a-vis. "So it is," was the reply; "I owe my fortune to it."
