To-day the body is vigorous, to-morrow it is dead and gone; life at best is short and the great problem how to perpetuate it is still unsolved. Life, however, can be prolonged, the weak and feeble body made strong, no matter from what cause induced, and instead of being a burden to dispeptic and debilitated bodies, can be made and enduring pleasure; But how? Simply by the daily and moderate use of Dr. Green's Bitter Tonie. This truly medicinal preparation is not a cheap and trashy article. In-Green's Bitter Tonic. This truly medicinal preparation is not a cheap and trashy article. Intended simply to stimulate and then leave the second state of the body worse than the first, but it generally relaxes the lowels, stimulates the liver, making it work off the poisonous humor of the blood, controls and regulates digestion, thereby removing the cause of headaches and low spirits, relieves flatulency and foul stomach, giving tone and stability to that organ with an increased and healthy appetite; regulates female weaknesses, prevents fever and ague and malarious diseases, protects the system from unwholesome als and impure water, and vitalizes and tones the whole body against all attacks of disease. Try it, and you will find it pleasant to the taste and healing to the body. In sudden or severe cases of Liver Complaint or in constipation of the bowels, a few doses of Dr. Green's Liver Pills will assist the Tonic in a cure, and if you are shaking with ague, Dr. Green's Ague Pills will drive it away.
