

CITY TICKET.

For Mayor, JOS. W. JOHNSON. For Treasurer, J. M. PATTERSON. For Clerk, W. F. BENNETT. For Marshal, W. D. JONES. For Police Judge, J. W. DESPAIN. For City Engineer, A. SCHLEGEL. For School Board, H. B. RUGGESS. For City Engineer, J. M. WATERMAN, THOS. POLLOCK, WM. WINTERSTEIN.

THE CITY TICKET.

The forty gentlemen assembled in the Court House on Saturday, and who nominated the ticket called "The City Ticket" were of our very best men and a truly representative body of citizens. They assembled agreeably to a call daily published in the papers, and after a free and fair expression of opinions in their respective Wards. If such a body of men with such a ticket, cannot effect the same next Tuesday, we had better abandon the idea of self-government here and have the Legislature appoint a board of regents or guardians over us.

We want to say just one thing, there is nothing to fight over in this City Election. There are no funds to squander, there is no particular honor to be gained, it is simply hard and thankless work. We are trying an experiment, that is all. An experiment to see whether any body of men can bring this city out of debt, and avoid further useless expenses. It is this or a legal redress, both for the over-taxed citizens and for the creditors we owe. Under such circumstances we do not think any one ought to fight the ticket; but we suppose the boys must have some fun, and as they have been pretty modest in their demands, we shall be hand on it next, only calling attention to the nomination of "Mechanics and Laborers' Ticket."

The only objection we have heard seriously urged against the "City Ticket" is that it is an aristocratic and money ticket, and so the "M. & L." outfit is put up in hopes to beat it. Let us see—but a few years ago Joe Johnson was a hard working blacksmith, both a laborer and mechanic, in every sense of the word, and if "our Joe" is very wealthy or exceedingly aristocratic, no one here has heard of it before. Jas. Patterson is a man of some means it is true, but we thought if any man on earth was fully identified with the true interests of the average citizen of Cass county, Jim Patterson was, and he is.

If Billy Bennett has any great wealth stored up in Heaven, or in the Black Hills, and as far as aristocracy is well they have endorsed Billy so well that our Marshall is not burthened with wealth, nor is the Judge pompous and aristocratic.

Among the Council, Mr. Dovey was brought up a mechanic, a hard working potter man and according to the custom of the country served a laborious apprenticeship, working harder and more hours than any of our young men would be willing to work. If he has made money since it should be an honor to him and an example for others to do likewise.

Eli Plummer, too, was a few years ago a clerk in a store and has risen by his own merits, which should be a recommendation to the confidence of his fellow citizens and not a hindrance. Dick Cushing, they say, can shovel gravel with the best of 'em when he's a mind to. He's pretty well fixed and really does look a little aristocratic, but then it's all in the looks and we must have some tone to our ticket.

Fred Dorrington has decidedly classical features, and the opening to the weather on the top of his head gives him quite an aristocratic appearance we admit, but if Fred has any more money than he wants, God only knows where he keeps it. It's not in bonds or stocks about here. Mr. Valley certainly is not enormously wealthy nor ponderously aristocratic. In short they are like the lawyer down in Kansas, during the Granger move. He wanted to run for office and the horny-handed object on the ground that he was a lawyer and politician. He answered that he was not lawyer enough to hurt him any, as they all knew, and he could not help being a politician, he was born so. Our fellows were born good looking and haven't any of them wealth enough to hurt them or prevent anybody from voting for the city ticket straight.

All these men employ and pay for labor and mechanical work. Take them away from the city and we think the "Laborers and Mechanics" of the kind who met Wednesday would find hard work to labor or use their mechanical skill for a living.

That's enough.

CITY CONVENTION. Some years ago, it is said, one of the brethren, Wheatley Micklewhite by name, called a democratic caucus in the Fourth Ward. It was a stormy night and—well there were only two persons present, Wheatley and another man. "What shall we do?" says the other man—"why go ahead and organize the meeting," answered W. "I'll be President, and you are Secretary, now make the nominations." But what kind of minutes can I make? "Boss" says W. "say at a large and respectable meeting of the citizens of the Fourth Ward held at &c., &c., &c. Mr. &c. were duly nominated and so on." The small Secretary still troubled by conscience says: "large and respectable—there is only two of us"—"you answered W. "Ain't I large and you surely are respectable, don't that make a large and respectable meeting?"

A LARGE AND VERY RESPECTABLE meeting of our fellow citizens light the Court House on Saturday night, last, to witness the nomination of a City Ticket for this much abused and debt ridden town.

Ten delegates from each Ward had been elected on the Thursday previous, and the forty men were there.

Maj. Dan Wheeler was called to the chair, and MacDonough acted as Secretary. The delegates answered to their names as follows: 1st Ward—M. W. Osborn, A. Schlegel, J. Fitzgerald, J. P. Young, D. H. Wheeler, J. Pepperberg, J. A. Macmurry, E. Plummer, Jno. Black, G. W. Holdridge.

2d Ward. J. M. Patterson, Jno. Wayman, E. G. Dovey, J. Valley, McLaughlin, J. N. Wise, F. S. White, J.

3d Ward—R. B. Cushing, T. Pollock, W. J. Despain, H. Donnelly, M. Schnellbacher, F. M. MacDonough, D. Miller, W. H. Newell, P. P. Gass, M. Morgan, 4th Ward—P. B. Murphy, W. Balance, J. W. Harris, J. W. Marshall, H. Smith, F. M. Dorrington, C. P. Moore, W. S. Jones, J. Heffner, Dr. Winterstein.

Tellers were appointed and balloting for Mayor commenced. J. W. Johnson was duly nominated for Mayor on the first formal ballot. F. E. White and J. M. Patterson were the prominent candidates for Treasurer, and on the second formal ballot, Mr. Patterson was nominated for Treasurer.

Mr. Peete, Mr. Bennett and Will Shryock were put in nomination by their friends for clerk, and on the first formal ballot W. F. Bennett received a majority of votes and was declared the nominee.

A long contest on Marshal ensued which resulted in the nomination of W. D. Jones.

J. W. Despain for Police Court (Gass having withdrawn on second ballot), and Schlegel for City Engineer, completed the city ticket proper. In the Wards, Eli Plummer for councilman, and Wm. Burgess for school board, formed the first.

E. G. Dovey and J. Valley, councilmen, and J. M. Waterman, for school board in 3d.

R. B. Cushing councilman and Thos. Newbury school board in 3d.

F. M. Dorrington councilman and Dr. Winterstein school board in 4th, completed the ticket.

The utmost good feeling prevailed, and the meeting adjourned, feeling that there was an outlook for the better, and that a No. 1 Ticket had been put up which ought to carry.

A committee on resolutions were appointed, consisting of Cushing, Wise and Jno. Black, and their report was ordered printed with the minutes as follows:

TRIP NOTES.

Making a flying trip through the country I called at Inhelder Station, on the B. & M. R. R., found old Mr. Inhelder at the St. P. O. as fat and good natured as ever. The old gentleman helped us over our financial difficulties. Jacob Schneider has a fine farm near the station, and from appearances about, I judge he is a good farmer, he also assisted us financially. A little saw mill makes the otherwise quiet burg appear quite lively. Passing Schlanitz's mill on Cedar Creek we met the Hon. Joseph Gilmore reclining in his wagon, considerably lame from broken ribs, but able to ride in a spring wagon.

Schlantz's mill was running to its fullest capacity, turning out four and eight rapidly. Passing on we soon came in sight of our neighbor town which presents quite a lively business appearance. A number of new buildings have gone up and business seems to be looking up. Among the business men Mr. J. R. Toman, the gentlemanly agent of the B. & M., is a live man and looks after matters with an eye to business. Mr. S. F. Rockwell general merchandise and agricultural tools. Hall and Peterson, wholesale liquors and harness shop. B. G. Hoover, Post-Office and merchandise. Messrs. Fox & Glover general merchandise. Ughast & Nason, general merchandise. Dr. Waterman, physician. Musical instruments are well represented. Judge Newbury represents the Geo. Woods, and E. Hores, the Mason and Hamlin organ, both seem to be doing a lively business in the talking line at least, and both have fine instruments on exhibition.

We visited the office of the Chronicle, edited by Messrs. Fox & Glover, found Mr. Seeley visiting in his time at his case.

Centaur Liniments.

One kind for the Human Family. The other for Horses and Animals. These liniments are simply the wonder of the world. Their effects are little less than marvelous.

The White Liniment is for the human family. It will drive Rheumatism, Sciatica and Neuralgia from the system; cure Lumbago, Chilblains, Lockjaw, Palsy, Itch, and most excruciating eruptions; it extracts poisons from frozen hands and feet, and the poison of bites and stings of venomous reptiles; it subdues swelling and alleviates pain of every kind.

"INDIANA HOME, JEFF. CO., IND., May 28 '77. 'I think it my duty to inform you that I have suffered much with swollen feet and chafes. A few bottles of Centaur Liniment has done me more good than I can describe. Now I am perfectly well. The Liniment ought to be sold everywhere.' BENJAMIN BROWN."

"Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the best remedy ever used for all ailments of the horse. H. MARSH, Supt. Adams Ex. Station, N. Y. P. O. Box 100, N. Y. City, N. Y. ALBERTS, OLIN, Supt. Nat. Ex. Station, N. Y. City, N. Y."

The proof is the fact. It is reliable, it is handy, it is cheap, and every family should have the White Centaur Liniment. The Yellow Centaur Liniment is adapted to the tough muscles, cords and tendons of the horse, and is especially useful in the treatment of all ailments of the horse, such as Strains, Sprains, Bruises, Swellings, and general lameness, than all other remedies in existence. Head what the great Exposition says of it.

"New York, January, 1874. 'Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the best remedy ever used for all ailments of the horse. H. MARSH, Supt. Adams Ex. Station, N. Y. P. O. Box 100, N. Y. City, N. Y. ALBERTS, OLIN, Supt. Nat. Ex. Station, N. Y. City, N. Y.'"

The patrons of this Liniment are Farmers and Veterinary Surgeons, and every family should have some Liniment. It heals Cuts, Wounds, Pains, Swellings, Sprains, Bruises, and all ailments of the horse, such as Strains, Sprains, Bruises, Swellings, and general lameness, than all other remedies in existence. Head what the great Exposition says of it.

What a farther evidence for the Centaur Liniment do we see in the following testimonial: "These Liniments are sold by all dealers throughout the country, and are warranted by the proprietors, and a bottle will be given to any Farmer or Physician who desires to test them." Laboratory of J. B. Rose & Co., 53-152 4th St. N. Y. City.

"Pitche's Castoria is a complete substitute for Castor Oil, and is as pleasant to take as Honey. It is particularly adapted to Infants and irritable children. It destroys worms, assuages the bowels, and is a scientific and purely vegetable preparation, more effective than any other medicine known. It is sold by all druggists and grocers, and a bottle will be given to any Farmer or Physician who desires to test them." COLUMBIA, Conn., May 3, 1876.

Messrs. J. B. Rose & Co., N. Y. City, N. Y. have a vast quantity of Castoria on hand, and are prepared to supply all orders. It is sold by all druggists and grocers, and a bottle will be given to any Farmer or Physician who desires to test them." E. H.
