Hon. Joe Gilmour got a little chawed up by his famous old stallion the other day. The old chap caught Joe in the side and shook him and then tried to kneel down and say his prayers on Joe. Joe couldn't even say "*pray dieu*," but larruped the old chap till he found he had a broken rib when he crawled to the house and gave it up for that day.

Messrs. Streight & Miller wish to call the attention of their customers to the fact that it is customary to close up accounts at the commencement of the year. As they are expected to pay their bills it follows that they must have funds to pay with. They would therefore notify their customers who have been accommodated to harness and other goods, that they will be expected to call and settle their accounts at their earliest convenience. Their stock of harness and other goods in that line is complete, and all wanting anything in their line will find it to their advantage to give them a call. There seems to be no doubt but that the R. R. Co. will bridge the river this season, if the work can be done within a certain limit as to price, and there is a man ready to contract at their price we understand. The plans of the new round house are made, and it is to be commenced shortly. A new depot is to be built at the foot of Main st., if the ground can be obtained reasonable, and there ought to be no obstacle thrown in the way of any such improvement. Now we want one thing more, and we suggest the propriety of a committee from the Council and of our best citizens to wait upon Mr. Perkins and ask that the bridge if built be planked for teams. That will help us more than all the rest put together, in one sense of the word.

We think the company ought to do this. They have thought us lukewarm sometimes, and we have thought they might do many little things to throw trade and travel to this town that was not done, but now the time has come for all parties to act together.—Give us our plank bridge while you're at it and we'll help all laudable enterprises of the R. R. Co. along. "Send in the balance of your committee."

To allay a tickling cough and for hoarseness, use "Forest Tar Troches."

Holloway's Pills and Ointment.—We stand aghast at the thousands hourly hurried to a premature grave, victims of having neglected the first symptoms of disease. Whether the complaint originates in the body, or be introduced accidently through the system fatal results may be warded off by a timely recourse to one or both of these medicines. 25 cents per box or pot.

The "Cut-off" train, so called, to St Louis will be discontinued after the 1st, caused by the healing of the breach between two Mo. roads The B. & M. will undoubtedly seek another outlet direct. Come give us the Trunk, Messrs B. & M. that's your true route.

Chris. Metzger, a farmer near Cedar Creek, met with a serious loss last Thursday. A fine grey horse for which he had refused $150 became uneasy, and threw itself in such a way as to run the post it was tied to clear through its body causing almost instant death.

It happened on the east side of Weckbach's store, and a crowd gathered around all the afternoon.

Notwithstanding the fact that Tilden was defeated I do not intend to be beat by any Blacksmith in Nebraska, on anything in my line, from shoeing a horse, mule or cow to mending a cast iron stove or building a wagon or buggy, putting a plough in order or repairing any kind of a break in machinery. The best of timber constantly on hand for working into buggies, sulkeys, &c. A No. 1 Painter competent to do anything in the line of painting buggies or wagons.

Thankful for past favors I am ready to be forgiven for my mistakes and will embavor to give satisfaction in all cases.

A DOGOGRAPH.

Doc Schildknecht's famous dorg "Bob" as old as the town and as well known as the picture of Geo. Washington was 'pisened' Sunday, two weeks ago. The doctor in-cur-red costly and elaborate funeral expenses for Bob. The ashes of his eremated dogship repose in a cut glass bark of doggoned beauty while the tears of the family shed at the ceremony are preserved in a canine shaped w(h)ine bottle of blue ethereal silica with a sprig of accasia left wagging from the cork. *Sic!*

When White gets home won't the goods fly, and the fur, too—when he goes for the Laborers and Mechanics.

John Fitzgerald, the great railroad contractor, is in the city. We are looking anxiously for the day when Mr. Fitzgerald will make his permanent home with us. He already owns large interests in Lincoln.—*Lincoln Journal.*

Sound the trumpet, beat the drum, another lot of goods has come to Peter Merges' mammoth Boot & Shoe Store.

Old newspapers for sale at the HERALD office, 75c per hundred.

Merges will get you up the best fits and the finest styles of Boots or Shoes in the country and does your repairing good and promptly.

The Mechanics and Laborers' Ticket is, we understand, F. S. White, Mayor; F. Morrison, Marshal; Jno. Wayman, Councilman 2d Ward; and Ewing Sharp, 4th Ward. The other nominations on the Citizens' Ticket were endorsed and the School Board left untouched. Not as bad as it might have been. Those fellows have some sense left—"don't it."

We are authorized by Frank E. White to say that his father will not accept the nomination for Mayor under the circumstances; while very much obliged to his friends for the kindness and appreciation of his merits, he expressed himself, before he left for Chicago, as in honor bound to support the other ticket.

Mr. James Pettee has accepted the agency for the sale of the Mason & Hamlin organ in this and Otoe counties, from Mr. Noyes, of Louisville, who is the state agent. He starts out this week.

He will also collect some, and take a "sub", when he can get it handy, for the HERALD. Give the boy a chance.

Oregon Resources.

All about the land of never-failing crops, and where grasshoppers, chinchbugs, drought or hard winters are unknown—meaning of course, Oregon. Such of our readers as desire reliable information about this truly wonderful country, will do well to send for a copy of the *West Shore*, a large sixteen sheet, handsome illustrated paper, giving full information regarding Government and railroad lands, expense of going there, and much other valuable information about the resources of the Pacific Northwest. Sent, postage paid,—three months, 50 cents; one year, $1.50. All yearly subscribers receive the mammoth January and July editions free of charge. The last January edition was an immense 44 page paper and contained fifty-six beautiful engravings of buildings and scenery in the Pacific Northwest, got up at an expense of over $2,000. Address all communications to the Publisher—L. Samuel, Portland Oregon. 1-t2

BOOT AND SHOE FACTORY.

BOSCHEE'S GERMAN SYRUP can now be purchased right at home, it is the most successful preparation ever introduced to our people. It works like a charm in all cases of consumption, Pneumonia, Hemorrhages, Asthma, severe coughs, Croup and other throat and Lung diseases. No person has ever used this medicine without immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die it is your own fault, as you can go to your Druggists in Plattsmouth and get a Sample Bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cents. 50-tf.

The schools close to day.

Capt. Palmer has returned from abroad again and will "wote" the citizens ticket entire, though a laborer and mechanic, both.

The Roman Catholic Church will be dedicated next Sunday, Easter Sunday. They have been very busy the past week, and great preparations have been made for this event. Father Hayes has just more than stirred the brethren up and the result is a finished church ready for occupation. So much for work. Father Hayes believes in watching and working as well as in singing and praying to keep a church up and he is right.

PERSONAL.

Mr. A. Drew leaves for the East this week to purchase an entire new stock of goods for his large new store in Plattsmouth.

Mr. Drury, of Burt Co., thinks that Prof. McKenzie is right on the school question.

Robt L. Propst is again on our streets. After visiting the Centennial, and his friends, down east he now comes to fight grasshoppers.

H. J. Streight came down to see us Tuesday. Hank had a law-suit. When the thing was done the HERALD went off and climbed on a fence, one leg on each side. We called the east side Abbott, and the west side Streight, and sat there thinking which side to get down on for more than an hour. Squire Haines then brought us out the Judge's decision, when we walked a rail to the end of the fence and jumped off the post to hurry home and write some copy.

Mr. Calvert, engineer of the B. & M. is here laying out and making plans for the new round-house.

Our old friend Sidenstriker has been and gone and got married and he looks ten years younger.

Fred Black, Tom Skinner, and B. Hendrickson pulled out of here for the Black Hills on Monday. They had a No. 1 outfit, nicest mules, finest wagon, (called "Sooner,")—sooner go there than stay here—and lots of ham fat and good things to eat. We expect them all home soon trillionares. The Indians can't raise much hair from Fred Black, that's the only consolation Dr. George has left.

Gen. Clark has been fixing up—overhauling things about the New Surveyer General's office.

Capt. Bennett, John Barnes, and Mr. Leonard are just more than happy in the Ebony Hills. Their letters are *coleur de rose* (yellow rose,) sure enough.

Bennett is prospecting and buying claims, Barnes has opened a real estate office (mining claims), and Leonard a Photograph Room.

H. Eikenberry, one of the HERALD's old standbys, just did the handsome by us this week, again.

Mike Williams was kicked on the knee last Thursday and seriously bruised up. He is just able to walk 'round now.

Ed Cooley, at Glendale, was cutting two weeks ago, when he missed the wood pile and split his foot in two parts making a frightful wound. He can just hobble about again at this writing.

Geo. Ballance and wife will return to Plattsmouth once more to live. The abolition of the "Cut-off" cut George off—from that trip.

D. D. Martindale and Mr. Swindel of Louisville, called on the HERALD this morning. Das is goot.

Mr. Drummond has taken charge of Miss Johnson's derartment in the High School, and has succeeded very well, so the board say.

Miss Gertie Johnson, long a teacher here, received a call, as one may say, to Kansas City, and left, some two weeks ago for that place. She is assistant teacher in one of the higher departments of the public school. Miss Johnson has been long and favorably known as a teacher of great merit in this county.

School examinations to day, hope you all attended.

Four and eight ball croquet sets, from $1 up, at the Post Office News Depot.

Eclectic Magazine.

The *Eclectic* for April presents an admirably engraved portrait of William Black the popular novelist, and in the letter-press the editor gives a brief but appreciative sketch of his life. In the whole history of medicine, no preparation has ever performed such marvellous cures, or maintained so wide a reputation, as Ayer's Cherry Pectoral, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicians use the Cherry Pectoral extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure when cures are possible. For sale by all Dealers.

Plattsmouth, March 1877. J. N. WISE.

The latest, greatest, and most reliable remedy ever put together by medical science for Rheumatism, Wounds, swellings, Burns, Caked Breast, &c., is the Centaur Liniment. There are two kinds. What the White Liniment is for the human family, the stronger kind, which is yellow in co or, is for spavins, lame and stranded horses and animals. Their effects are wonderful.

Mothers who have weak and irritable children, can secure health for the children and rest for themselves by using Dr. Pitcher's Castoria. It contains no morphine or anything injurious. It is as pleasant to take as honey, and is certain to cure Wind Colic, regulate the bowels and expel worms. For Teething children there is nothing like Castoria. 51t13

A Card to the Public.

For many years we have made two medicines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the word failure could not be coupled with them. But within the last two years counterfeits of our medicine have sprung up, dangerous in their close imitation of our Trade Mark. To secure the people we have placed upon each genuine box of Holloway's Ointment the fac simile of the signature of our agent, Mr. Jos. Haydock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing these most unprincipled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each box of Pills or pot of Ointment and the end will soon be reached.

The public's obedient servants,
HOLLOWAY & CO.
