DAVENPORT PUMP COMPANY

MANUFACTURES OF BEAN'S PATENT STONE FORCE PUMPS. DAVENPORT, IOWA.

J. C. CUMMINS. PLATTSMOUTH, NEB.

THIS PUMP Possesses the Following Superiarities. 1. It is never affected by frost-requiring no tapping, raising of the handle or other care.
2. It starts with the first or second molion of the handle, and the flow ceases the moment you stop, leaving no drippings to form mud or tee in winter, on and around the platform.

3. It thoroughly centilates the well, riddies it of foul ab. 4. It saves its cost every year in labor; it reas 5. It is invaluable in case of fire—an englar The evinder being of stone, and glazed on Grenadines from 10 cents a yard up

We will also sell the celebrated Hip
lore Corset, for 35e apiece, for 30 days
only.

6. The evinder being of stone, and glazed on the inside, in equal to glass, and much stronger there is no slime or fifth ever collecting on it.

7. The well requires no cleaning out after one of these pumps is set in one that is clean.

8. It combines both the atmospheric and force principle, which gives it an equal pressure for the water, throwing a steady stream, both with the up and down motion of the handle.

9. This pump always brings cool water from the stact, the water standing below the platform in a stone cylinder. the start, the water standing below the platform in a stone cylinder.

10. The buckets may be removed at any time without moving the pump or platform.

They will throw from fitty to seventy-five feet from the end or a lose, trom wells up to slafy feet deep, with one hand power.

They are also very useful for washing carriages, windows, sprinkling lawns, &c.
