COMMUNICATIONS.

As our space is limited, all communications must be brief and to the point, with no waste of words.

LOCAL NEWS.

—To and from the Fair Grounds—is all the cry now.

—This is the month of fairs. All the papers come to hand fair to middling.

—O. F. Johnson, Esq., has been absent from business this week, caused by sickness.

—The County Commissioners met Tuesday and remained in session until this morning.

—Our friend Stone has been writing back to Wisconsin about the beauties of Nebraska soil and climate.

—Mrs. Phoebe Hogeboom, one of the oldest residents in Sarpy county, wife of Richard Hogeboom, met with a sad death last week.

—Mr. L. White, Esq., and Mr. Kennedy have purchased a new 20 stamp mill, and will take the same to the Hillsboro.

—Mr. Austin's team took a holiday yesterday and made time lively up the street. Beat all the double pole driving on the track; fortunately no damage was done.

—We are sorry to hear that Dr. Jones the Livery man is quite under the weather. Hope William will soon get about again as frisky as his new goat they have over there.

—We received the premium list of the 5th annual exhibition of the Adams County Agricultural Society, held October 23 and 24. Printed by A. L. Wigton & Co., Hastings.

—The Omaha Republican contains a notice of the death of Col. J. H. Noteware, who died suddenly at North Bend. He was an old resident of Nebraska, and Sept. of Immigration at one time.

—While the trails of all Iowa, are running through here, it is pleasant to drop down to the depot and see old friends as they go through. Last week the HERALD had the pleasure of talking with Judge Wakely, Lawyer Ambrose, Mr. Yost, of Omaha, and hosts of others.

—H. S. Montgomery, of the Nebraska Farmer, is in town. We found the Farmer even in Wis., and they thought it was a pretty good paper there—along side of their Eastern papers. We feel a personal and State pride in the Farmer and wish it still greater success in the future.

—We see by the Malvern Leader that Mr. L. P. McClure, of the Leader office, it says was married to Miss Ella Bennett, of Lake City, Minn., and further "the neat appearance of the groom, told of a happy life before the young couple." So!!

—On Friday there will be some fine trotting at the fair grounds—Judge Kinney, of Neb. City will have his three famous horses there, viz. Alvan Yankee Boy, and Vermont Pilot. There will also be other horses from about; enough to make it interesting. All want to turn out and see these races.

—The rush and crowd continues at the foot of Main street. Four or five passenger trains a day and a constant procession of freight cars, truly, make things lively in Plattsmouth. If we could only induce the B. & M. in Iowa to continue their business on this side, we feel that they would profit in the long run by so doing and it would be a great convenience to us.

—The following report of the number of cars actually transferred at this point to the first of the month, will give some idea of the business done here lately:

Table with columns for date (Aug 29, 30, 31, Sept 1) and number of cars (WEST, EAST).

PERSONAL.

G. A. Beaver, Concord dropped in on us Monday.

Sam Long has been over in Iowa shooting chickens; lots of fun, hosts of chickens, Sam says.

The family of Mr. Conn was increased by 12 lbs. solid gain, on Saturday last. Conn's dea things be.

Col. Dan Johnson is making things lively on our streets and about the Fair Grounds for a day or two.

Charlie Yates boss telegraph man, B. & M. from Lincoln, had to come and see us just "For Auld Lang Syne" last week.

Our old friend Capt Hoover has met with severe loss in our absence. Two children died within 5 days of each other.

John Barnhart, from Mt. Joy, Pa., called on the HERALD last week, on his way to Sterling, to help start a new paper.

Geo. W. Holdrege, Assistant Sup't, B. & M. and one of the best looking men of the age visits us most every day now.

Chaplain Wright gave us some beautiful clusters of grapes, from his vines, yesterday, accompanied by a promise of more on certain conditions.

Mr. Hugh McMahon, of Columbus, Wis., called to see us yesterday. Mr. McMahon is looking for a place to locate in Neb. We advise Cass County.

Capt. Palmer and family returned from a vacation trip out West on Monday morning. They are all pleased with Colorado, that is the climate.

Mr. Truman Hall, of Louisville, harness maker, an old friend from Burt, gave us a call yesterday, his first visit to Plattsmouth; thinks we have quite a village.

Frank Morrison wants to get fat. We have just heard of a way. A New York chap who had tried every way to fat up was finally advised by a friend to hire a stall, tie himself up and be fed like an ox. He went to a livery barn, got a clean white stall, with hay and straw, put on a halter and had plenty of sleep brought in. By the way he had been a butcher, and a cook and drank beer and ate oil cake and all those sort of things before. This time he seemed in a fair way to make it. The second night, however, after he had gone to sleep in his stall, an old mare that had got loose came along and laid down there. Half waking up he thought it was a butcher with whom he sometimes slept. "Lay over John," says he, "you're crowding." She didn't move and he gave a kick next. In a second he was lying over in another stall—busted. He gave up the stall-feeding process.

SAD ACCIDENT.

Mr. J. C. Cummings, our County Treasurer, returned from Cleveland, Monday, where he had been attending the great encampment of Sir Knights, as a delegate. He reports Dr. Jno. Black and Hon. Jas. Patterson as still on a "tower" through Ohio and Indiana.

D. H. Wheeler, President of the Cass County Agricultural Society, Secretary of State Bd. of Agriculture and Knight Templar at large, that is he has been at large lately, returned from Cleveland on Monday in order to slip up the County fair through in slip shape order.

E. L. Reed of the well known firm of Reed Bros. Weeping Water, went east this week to purchase a fall stock. Reed Bros. are among our most enterprising and reliable merchants always attending to business promptly and dealing honorably with all persons, both being first rate fellows personally.

Farmer Winslow (old fashioned dem.) and Hon. S. M. Kirkpatrick (straight out Rep.), came to town Monday together, and the HERALD had the pleasure of interviewing both gentlemen on crops, politics, the weather, &c. They went home on one spring east as they could be, spite of Greenbacks, bonds or specie payments.

THE UNIVERSITY.

We are informed by Chancellor Fairfield that the University building is to be re-opened in October, competent architects having declared that by putting a new foundation under the building it can be made perfectly safe. For further particulars see circular following:

EXPENSES. Tuition is absolutely free to all. Each student upon entering pays a Matriculation Fee of \$5.00. This is paid but once.

Each student also pays \$2.00 a term for incidental expenses. This is only one-fifth of what is charged in the Universities of Minnesota, Iowa, and Kansas, and but two-tenths of what is charged in some institutions.

Board may be had in private families at from \$3.00 to \$4.00 a week. Students may board themselves at a much less expense.

All books may be purchased here at a liberal discount from regular prices. The University is provided with a valuable library, apparatus, and cabinet.

The Academic Year is divided into three terms, as follows: Fall term opens September 13, 1877, and closes December 31; winter term opens January 2, 1878, and closes March 19; the spring term opens March 27, and closes on the first Wednesday of June, the day of the annual commencement.

Students may be admitted at any time; but it is generally desirable that they should be present at the opening of the term.

Catalogues may be had upon application to the Chancellor, or any member of the Faculty.

MANY WHO ARE SUFFERING.

from the effects of warm weather and are debilitated, are advised by physicians to take moderate amounts of whisky two or three times during the day. In a little while those who adopt this advice frequently increase the number of drinks and become decidedly overindulged. A beverage which will not create any such morbid desire, and which is not intended especially for the benefit of debilitated persons, is the only medicine worth a trial. Dr. Schenck's Sea Weed Tonic, containing the only vegetable matter which produces its effect, is a single bottle of the Tonic will demonstrate its value. It is not a stimulant, but a tonic, and will strengthen the stomach and create an appetite for wholesome food. To all who are about leaving their homes, we desire to say that the excellent effects of Dr. Schenck's Tonic, especially evident when taken by those who are intemperately affected by a change of water and diet. No person would leave home without taking a supply of these safeguards along. For sale by all Drugg
