

PLATTSMOUTH, NOV. 1, 1877

REPUBLICAN TICKET. State Officers. For Supreme Judge, GEO. B. LAKE. For Regent, 6th District, N. B. FENNER.

Don't fail to send us the Election returns Tuesday night or Wednesday morning.

Nominations for Ward and Precinct officers should be made some time before election day.

It seems we were all mistaken about the English Mission appointment. A Pennsylvanian got it but not a Cameron.

VICTOR HUGO says animals are never undecided. A dog despises his master when he bacillates between two opinions.

The Independent candidates are greatly overestimating their strength or else some folks are lying about their voting.

A prominent Republican in a neighboring precinct says he will give a dollar a head for all bolting Republicans in his neighborhood.

SENATOR MORTON, of Indiana, is reported as sinking gradually but surely. It is hardly possible he can ever resume his seat in the U. S. Senate.

Explaining away the Civil Service Order now, after the damage is done, is rather thin. Either stick to it in its entirety or abandon it at once.

We are satisfied that Dr. Root will do honor to any position to which the people may assign him, and he's just the man for this particular office.

Affairs at Washington are assuming a very serious shape. Unless a better understanding can be arrived at speedily, an open rupture between the administration and the party looks likely.

Just remember, Republicans, if Cass county goes democratic this fall, it is a plain giveaway on your part, the result of spite, jealousy, and local squabbles.

Close up the ranks in the face of the enemy always; let's win our victory and then we can look around and punish all wrong-doers with safety. That's our advice.

We believe we will carry this ticket so matter what a few disaffected people may say. There's not near the cutting and scratching going to be done, that half-hearted Republicans prospected.

We felt a little discouraged a day or two ago, ever our chances, but believe now that there will be comparatively few Republicans who will scratch good men from the Republican ticket next Tuesday.

One of Gen. Grant's famous telegrams in answer to an inquiry was "Push things." That is just what our Republican friends must do in this campaign, push things, and push them with a will, too.

We call attention to the article from the Inter Ocean on Geo. P. Rowell & Co.'s Newspaper Directory. It is high time the publishers of newspapers began to run the advertising "Agencies" instead of letting the "Agencies" run them.

Dr. H. D. Root, our candidate for Coroner, writes us a handsome letter of acceptance, but thinks his name appeared on the ticket rather late. Give your mind that Doctor, we'll try and give you an early vote all the same, and a big one.

An oratorical contest was held at Tabor, Iowa, last Thursday evening. Col. Daley, of Cornell Bluffs, and Rev. Mr. Sherrill, of this city, being the judges. They awarded the first prize, out of six cent stants, to Mr. Ashmun, whom they afterwards learned was a Nebraska, his home being at Weeping Water.—Ex.

The Plattsmonth "Watchman" man watches around until he discovers a Plattsmonth body busy with little hand garments, and then he gives name, and probable date in his paper, —Sidney Telegraph.

It is recommended that the wards and precincts throughout the County meet at their usual polling places Saturday afternoon and evening for the selection of candidates for precinct and ward offices.

CHURCH HOWE, Esq., master of the State Grange of Kansas, and one of the most extensive hog raisers in the State, keeps his swine clear of worms by feeding them once a week charcoal saturated with turpentine.—Agricultural Ex.

MR. HALL is well known in Elmwood precinct, and well liked, his neighbors all speak well of him, and are satisfied as to his competency to fill the office of Clerk, if elected. Mr. Titt was a good man, no doubt he is, but he is no better than Mr. Hall as a man, and certainly not as good for a Republican to vote for.

Send Us in the Election News. Will some one at each polling place take it upon themselves to get the correct returns and forward to the HERALD as soon as counted on. One of the judges or clerks at each place can do it. Send on a postal card; you are all interested in this news, and if you send it in we can give you full details of the election in the next paper.

It's pretty hard editing a lively campaign paper and have fellows walk in and prophesy ill luck beforehand, especially when you're half sick, any way. We don't believe the staunch, true old republicans of Cass are going to give themselves away. If we're bent, the HERALD goes down with its flag flying—no quarters and no surrender.

Among the nominations which the Senate confirmed this morning are: John Gosper, of Nebraska, Secretary of Arizona; P. P. Hoyt, Michigan, as Governor of Arizona; Frank Guilford, Assistant Treasurer, Chicago; William W. Upton, Second Comptroller of the Treasury; James Gilfin, Treasurer of the United States; Albert M. Wymann, Assistant Treasurer; H. H. Bates, New York, examiner-in-chief of the Patent Office.

THE Burlington Hawkeye thus classifies certain Republican newspapers: Council Bluffs Nonpareil (affable Republican), Iowa State Register (perpendicular Republican), St. Louis Journal (calm Republican), Mount Pleasant Journal (silver Republican), Davenport Gazette (Postoffice Republican), Dubuque Times (gentle Hayes Republican), Inter Ocean (straight Republican), Chicago Tribune (straight and delicate Republican), Chicago Journal (mild policy Republican).

THE New Orleans Democrat is rejoiced at the result in Ohio. Hayes is left practically without a party, but his case is not hopeless.

He will dismiss his incongruous and ridiculous cabinet, organize one composed of able and experienced democrats, and boldly throw himself into the arms of the democratic party, he will save his administration and be able even now to accomplish much good for the country.

Turn Democrat out and out, and then they'll conciliate him first rate.

MR. SPEAKER RANDALL is paying the penalty of all greatness in America, by being roundly abused for his committee appointments. It was recently reported that A. H. Stephens, of Georgia, was made chairman of the Pacific Railroad Committee but later dispatched gave Potter of N. Y. Stephens is a well known extreme Southern Pacific subsidy man and probably the pressure was so strong from northern democrats that Randall did not dare to appoint him.

A NUMBER of physicians of the city, as well as some who are not physicians, are talking about circulating a petition asking the Governor to appoint Dr. R. R. Livingston, of Plattsmonth, Surgeon of the Army Medical Department. The Doctor is an old settler, and classed among the first in his profession.—Lincoln Journal.

We have no objection to seeing the Doctor go to the Lunatic Asylum, if it's a good thing for him, but we are afraid there are a lot of people in Plattsmonth that would go crazy after him, and that wouldn't do at all.

Withdrawn.

EIGHT MILE GROVE, Oct. 26, 77. EDITOR HERALD:—I desire to say to Mr. Alton's friends, through your paper, that we have decided to withdraw Mr. Alton's name from the contest between County Superintendents, and let Mr. Wise and Mr. Martindale fight it out on that line. Over one thousand voters are working for Mr. Alton without his knowledge. I wish to say to those gentlemen who are working for him, that in his behalf I extend our warmest thanks, and ask them to work for the best man now contesting.

Is his Lynchburg speech, President Hayes said: "There is a front and a rear rank in all armies." Commenting on this, the Globe-Democrat, of St. Louis, says: "Since that memorable sentence broke upon an astonished world, the Ohio elections have occurred, and, as Republicans, we feel more familiar with the rear, than we have for years before. There is a nice place to be in politics, either; but the chances are that we shall go 'marching on' in that direction for some time to come, until we chance upon a leader who can order 'right about face,' and take us to the front again."

The rear rank in politics is where some fellows will find themselves in Cass county, after next week, unless we send out a rousing Republican vote. No fooling.

The dignified Boston Advertiser mourns thus: "We cannot have everything to let us see. The Buckeye State has gone on without."

We had a little party, it was our joy and pride, Ohio went and sat on it, And so it early died.

MR. PATTERSON is a good man they say. We grant it. Personally we have no word of reproach to throw at Mr. Patterson, we are glad the Democracy had sense enough once to put up a good man; but Mr. Johnson is just as good a man, and he is a sound Republican. Now it is admitted that Mr. Patterson can only be elected by Republican votes. No valid charge can be made against Mr. Johnson. Every one knows he is honest, and competent to fill the place. Do Republicans mean to say that they deliberately propose to vote against that kind of a Republican, simply for the fun of putting a Democrat in his place, or because they are mad at some of the men who are supporting Mr. Johnson. If so, and that is the only reason for voting against him, we cannot assent to there being any Republicanism in such a action.

It is charged, so we understand, about the country, that Joseph Johnson was nominated by a ring, or a combination between Plattsmouth and Weeping Water, for future purposes. We know nothing of any such arrangement. Mr. Johnson was nominated because he was and is a good man, faithful to all trusts reposed in him, and because it was well guessed long beforehand, that Mr. Patterson would be the nominee on the other side, and that the Republicans would have to put up their best and strongest man to beat him, and Mr. J. W. Johnson was thought to fill the bill better than any one else. It would be very unjust, to say the least of it, to vote against Mr. Johnson because you don't like somebody who nominated him, that would be a cowardly sort of revenge it seems to us. Fight the men you don't like when their time comes, that's the way to do the business.

Of what avail would a greenback party be, or what relief could it give more than this.

THE Indiana republican congress last night adopted the following as their platform: 1. The repeal of the bankrupt law and its amendments. 2. Renominetization of silver dollar, making it tender for all debts. 3. The repeal of resumption act clause fixing day for resumption. 4. Opposition to subsidies. 5. Equalization of bounties, pensioning soldiers of Mexican war. 6. Opposition to further contraction. 7. Hayes was fairly, honestly, and lawfully elected; full faith in his honesty, patriotism and republicanism; if he remains true to the Cincinnati platform and his letter of acceptance upon pacification, pledge hearty co-operation and support; the policy of peace and good will is founded in wisdom, and its final success depends upon the good faith with which it shall be received by the south; approval of all wise and practical efforts to purify the civil service. 8. In the selection of public servants, all things being equal, preference should be given to Union soldiers.

It seems that a short time ago the Pennsylvania delegation thought their party was somewhat neglected, and as an election was shortly coming off there it was felt to be a good time to apply. They did so, and claim that Secretary Everts promised them to appoint any Pennsylvanian as Minister to England that they would unanimously recommend. The delegation unanimously recommended Simon Cameron. Now Simon takes Civil Service Reform, Southern Policy, and Conciliation about equally alike and of course the President could not appoint him. Result, a row on the eve of the Pennsylvania election. Here is what the Post says of the matter: THE MISUNDERSTANDING.

WASHINGTON, Oct. 27. The political situation, after a week of wrangling among Republicans, remains dark and threatening. No one can yet see any opening in the clouds. Most of the Senators and Representatives are at best in sullen, sour and crabbed dissatisfaction with the methods of the Administration. The worst of it is those who would defend the President, are constantly precluded from effectively doing so by some new blunders, like the wretched management of the English mission business. Friends of sensible service reform refuse to be held responsible for such work, and its enemies make the town hideous with their ridicule.

The adjournment over till Monday does not make even a truce in the warfare, and the week closes with a situation about as unfortunate as it well could be this side of an open rupture between the President and his party in Congress, and their avowed defiance of his whole civil service policy.

On the Southern policy the trouble is far less serious than might be expected as a necessity, but the differences on the other point are radical, with no plan of settlement yet visible.

THE most unfortunate thing of all is that, though the people are with the President in this fight, their voice is never heard. If he will stand firm the politicians who are making this desperate war for spoils which does not belong to them will have to retire in disorder. It is time for the press and people now to speak and to utter no uncertain sound in the endorsement of the President and in the demand for honest and decent politics. If this be not done the cause must be temporarily lost.

WASHINGTON CORRESPONDENCE N. Y. Herald. WASHINGTON, Oct. 24. The question most discussed in town to-night is whether the Secretary of State is or is not the most successful joker of the age. The prevalent impression is that he played it off on the Pennsylvania delegation very handsomely, but that on the whole he was more successful than he had intended.

Which? Key or Tyner? In the town of Wakefield, Conn., there occurred a vacancy in the postmastership, and there were two applicants, Messrs. Cross and Watson. Mr. Cross had voted for Tilden, and was duly appointed and commissioned by Post Master General Key. Watson fought on the Union side, and was chairman of the town Central Republican committee, and was also appointed and commissioned by Assistant P. M. Gen'l Tyner.

Cross's friends claim his appointment is in harmony with civil service rules. Watson's friends claim that the northern appointments were to be left to Tyner. How shall we settle it? Who is Post Master? Where is the Boss?

ABOUT THE INSANE ASYLUM. [From the Omaha Republican.] LINCOLN, NEB., Oct. 29, 1877.

The board of public lands and buildings completed their investigation of the charges against Dr. F. G. Fuller, superintendent for the hospital for the insane last week, and found that there was grave mismanagement of this important institution. The specifications are withheld from the public, in accordance with what appears to be the plan of this board in regard to their incompetent officials. Plain people think that as Fuller and Wyman were the servants of the people they have a right to know just what they have been doing that made it necessary to order investigations.

The board having found the charges against Dr. Fuller not without foundation, the Doctor on Friday tendered to the governor his resignation to take effect on the 15 of November. There are several applicants for the vacancy, the most prominent of whom are Dr. Livingston, of Plattsmouth, Dr. Mansfield, of Lincoln, and Dr. Coffman of Omaha. We receive it from reliable authority that there is little doubt that the choice of the governor will fall on Dr. Livingston, a gentleman in every way fitted for the position. In fact the governor has intimated his intention of not appointing anybody from Lincoln and the Lincoln Physicians generally prefer Dr. Livingston to their home candidate.

—The man that says the article in last week's HERALD is two sided and not clear in its terms or intentions simply cannot read and understand English, or else doesn't want to.

EDITOR HERALD:—It is being told about town that we in Plattsmouth don't pay as much taxes as people in Lincoln, Nebraska City, or Omaha do, but, sir, I know better, for I wrote in July of last year to the Mayors of each of these towns, and here is a copy of their letters in reply: LINCOLN, NEB., July 29, 76.

Yours of the 17th inst., making inquiry as to the tax levied for 1876, is at hand. The ordinance passed by the Council, June 23rd, last, making levies for the present year, is as follows: General fund, 4 mills; street and bridge, 3 mills; improvement, 2 mills; City and Coupon, 10 mills; School District, 10 mills; 29 mills total for City and School District purposes.

Yours truly, E. T. DUKE. I also wrote E. T. Duke, and here is his letter: OMAHA, NEB., April 22d, 1876.

In answer to your letter of inquiry, of this date, will say that it is the custom in this city to assess merchandise at 5% of its value, at least our merchants were assessed in this way by our assessor. I asked him how to give it, and he said 5% of its value. I presume that all the other merchants were assessed in the same manner.

Your truly, E. T. DUKE. In July I wrote the Mayor of Omaha, and here is his reply: OMAHA, July 12th, 1876.

Dear Sir:—Received yours of the 12th inst. this morning. See this day's Republican. General purposes, 10 mills; schools, 4 mills; sinking fund, 4 mills; this is all the city tax. Last year it was 3 1/2 mills in all. This year, 18 mills in all. Respectfully, CHAMPTON S. CLASE, Mayor.

Here is the answer from Nebraska City: CITY HALL, NEBRASKA CITY,) NEB., July 18th, 1876.

Dear Sir:—Mayor Tomlin handed me your copy of monthly statement, as being more convenient. The assessment in this town was made on the basis of 5% of the actual value of town property. This being done so as to keep the town from being assessed too high for County purposes. The monthly statement gives the assessment for the year 1876 at general fund, 5 mills; sinking fund, 10 mills; school fund, 3 mills; special fund, 3 mills; street fund, 2 mills; making in all 23 mills, at 1/2 of the actual value of town property.

Now, Mr. Editor, taking those assessments, and we not only pay a larger tax than Lincoln, but our taxes for City purposes, for the year 1876, were more than Lincoln, Omaha, and Nebraska City all put together. If any person would like to see the above named letters, I have them in my possession, and will take a pleasure in showing them to anyone who wishes to see them. And here I challenge any living man, regardless of race, color, or previous condition of servitude, to find a town or city, either in the Union or out of the Union, either in Northern States or in the Southern States, where the negroes and carpet baggers have been playing thunders—in any country either under Republican Monarchies or Imperial Governments, anywhere be-tween here and Jerusalem, if they give the facts and figures, and prove that there is one spot on earth that pays the same taxes that we in this city do, I will pay mine in the future without a murmur. But I know it cannot be done. Respectfully, E. G. DOVEY.

HOUSE COMMITTEE NOTES. There has been a great contest between Knott and Potter for the judiciary committee. Knott has been successful. His friends made a powerful appeal that to remove him would be a degradation. The Indian committee is formed with a view to the transfer of that bureau from the Interior to the War department. The military committee will be so framed as to oppose any increase of the army.—Chicago Tribune Special.

How it Happened to Blaine's Girl. A few days ago a singular dispatch appeared in the Telegraphic News saying "Senator Blaine's daughter may recover" and that the Senator was ill—no one could make head or tail of it, this being the explanation.

NEW YORK, Oct. 25.—The Sun has the following: "A private letter from Augusta, Me., gives the particulars of the sad accident to Senator Blaine's daughter Alice. She is 16 years of age, very pretty, full of talent, charming and popular. Talking with a gentleman on Saturday evening in the parlor of her father's house she toyed and played with a tiny pistol that belonged to her mother. The visitor begged her to put it away, although it was unloaded, and spoke gravely of using even toy pistols as playthings. When he arose to go away, she laughingly ran upstairs to her brother's room, got a cartridge and put it in the cylinder, and the ball struck her in her left breast, and in order to introduce them in the most speedy manner, have put unexplosive powder in the cylinder which will act as given before. WATCHES! JEWELRY!! Romaine Gold so extensively worn in Paris, was first discovered in 1870, by the celebrated French chemist, M. De Laing, who manufactured it into jewelry, and for five years it was the leading article of Paris for its sale. In 1875, when its secret became known, led of the manufacturing jewelers of London, for the purpose of manufacturing Romaine Gold Jewelry and Watches. With this immense capital, and the aid of improved machinery, they are enabled to produce all the latest patterns of jewelry at less than one-fourth the cost of ordinary jewelry, and of quality and color which makes it impossible even for experts to detect it from the genuine.

WINDHAM'S

Real Estate and Loan Office. LANDS BOUGHT AND SOLD. TAXES PAID. U. S. PATENTS TO LAND OBTAINED. Titles Examined and Perfeeted. LOANS NEGOTIATED.

It is duty every man owes to himself and to those interested with him to know the condition of title to his property. It is a just well known to the legal profession, and to real estate dealers, that thousands of the improved and unimproved farms of this western country, have imperfect titles; much expense and litigation can be saved by having your titles examined and perfected, at once, and before property reaches eastern U. S. in value, when questionable titles become more difficult to remedy.

All persons claiming title to lands should obtain the United States Patent and have it recorded, the legal title from the Government is vested in the individual through the patent and title is not perfect until the Patent is issued and recorded, and eastern capitalists will not loan money on such security unless it is done.

As a matter of business convenience, I have connected this department with my Law Practice, and have placed in charge of it W. S. Wise, who will, under my supervision, attend to all matters appertaining thereto. A ten year's residence in the State and County, with constant business experience, and relations with its inhabitants, has thoroughly qualified me for transacting business of the above mentioned character with facility.
