UNIVERSAL SATISFACTION.

CENTLEMEN, — We have sold Sanyord's RadiCHORL CURE for nearly one year, and can say candidly that we never sold a similar preparation that gave such universal satisfaction. We have to learn the first complaint yet.

We are not in the habit of recommending patent medicines, but your preparation meets the wants of thousands, and we think those afflicted should be convinced of its great meritse that their suffering will be relieved. We have been in the drug business for the past twelve years constantly, and sold everything for Catarri, but yours leads all the rest. If you see proper you can use this letter or any part of it that you wien.

ELECTRICITY

As a grand curative and restorative agent is not equalled by any element or medicine in the history of the healing art. Unless the vital spark has fied the body, restoration by means of electricity is possible. It is the last resort of all physicians and surgeons, and has rescued thousands, apparently dead, from an untimely grave, when no other human agency could have succeeded. This is the leading curative element in this Plaster.

The healing properties of our own fragrant bal-sam and pine and the gums of the East are too well known to require description. Their grateful, healing, soothing, and strengthening properties are known to thousands. When combined in accord-sace with late and important discoveries in phar-macy, their healing and strengthening properties are increased tenfold. In this respect our Plaster is the best in use without the sid of electricity.

TWO IN ONE. Thus combined we have two grand medical agents in one, each of which performs its function and unitedly produce more cures than any linient, lotion, wash, or plaster ever before compounded in the history of medicine. Try one. PRICE ZO CENTS.
