IS IT CURABLE? THOSE who have suffered from the various and complicated forms of disease assumed by Catarrh, and have tried many physicians and remedies without relief or cure, await the answer to this question with considerable anxiety. And well they may; for no disease that can be mentioned is so universally prevalent and so destructive to health as Catarrh. Bronchitis, Asthma, Coughs, and serious and frequently fatal affections of the lungs follow, in many instances, a case of simple but neglected Catarrh. Other sympathetic affections such as deafness, impaired eyesight, and loss of sense of smell, may be referred to as minor but nevertheless serious results of neglected Catarrh, bad enough in themselves, but as nothing compared with the dangerous affections of the throat and lungs likely to follow.

IT CAN BE CURED. can be cured. There is no doubt about it. The immediate relief afforded by Sanfond's Rapi-Cure you Catarri is but a slight evidence of cal Curit for Catarith is but a slight evidence of what may follow a persistent use of this remedy. The hard, incrusted matter that has lodged in the nasal passages is removed with a few applications: the ulceration and inflammation subdued and healed; the entire membranous limings of the head are cleansed and purified. Constitutionally its action is that of a powerful purifying agent, destroying in its course through the system the end poison, the destructive agent in catarrhal diseases.

A COMPLICATED CASE. Gentlemen, — My case is briefly as follows: I have had Catarrh for ten years, each year with increasing severity For nine years. I had not breathed through one nostril. I had droppings in the throat, a very bad cough, asthms so bad as to be obliged to take a remedy for it at night before being able to lie down and sleep, and a constant dull pain in my head. My head was at times so full of catarrhal matter as to injure my sense of hearing and compel me to get up several times in the night to clear it and my throat before I could sleep. Every one of these distressing symptoms has disappeared under the use of not quite three bottles of Sanford's Radical Cuir. My hearing is fully restored. I have no astimatic symptoms, no cough, no droppings in the throat, no headache, and in every way better than I have been for years. I could feel the effects of the Cube on my appetite, on my kidneys, and, in fact, every part of my system. What has been done in my case is wholly the effect of the Radical Cuer. Very respectfully.

Fitchburg, Oct. 14.

Indorsed by a Prominent Druggist. I bereby certify that Mr. Lawrence purchased the Radical Cusz of me, and from time to time made me familiar with his case. I believe his statement to be true in every particular.

FITCHBURG, Oct. 14.

JAS. P. DERBY. Each package contains Dr. Sanford's Improved Inhaling Tube, and full directions for its use in all cases. Price, \$1.
