H. WHEELER,

Dear Sir:—I take the pleasure of writing you a small certificate concerning Vegetine prepared by you. I have been a sufferer with the Dyspepsia for over forty years, and have had the Chronic Diarrhora for over six months, and the Chronic Diarrhoa for over six months, and have tried most every thing; was given up to die, and did not expect to live from day to day, and no physician could touch my case. I saw your Vegetine recommended to cure Dyspepsia. I commenced using it, and I continued doing so and am now a well woman and restored to perfect health. All who are afflicted with this terrible disease, I would kindly recommend to try it for the benefit of their health, and it is excellent as a blood purifier.
