(GOOD BYE)

Tell me, "Twining" winds that round my path-way road,
Do you know some spot where coin will pass no more?
Some lone and pleasant dell, some valley in the West,
Where moonshine money goes, and wildcat is best?
I know that spot—the lonely live in Ohio!"
—New York Graphic.

The flat out in our out case,
We let the wildcat G-B pass,
They took it up to play "alone,"
They've dropped it like a red hot stone.

See the new B. & M. time table on the Republican Valley railroad next week.

DR. TAYLOR, the Republican nominee in Washington county for Senator, was beat by Mr. Cuddy.

A negro was scalded to death from boiler explosion and on his tombstone they chiseled deeply: "Served to the memory of our 'steamed friend'."

The Republican victory in the west is not a hard money victory; and our eastern friends had better not push that issue. It means to us, rest, stability for our finances and our business. We want our money left alone for awhile. We are not contractionists any more than we are inflationists. A fixed policy is demanded, but no new load to be carried. Give us a breathing spell and full time to recuperate, then we may talk about future changes in our financial policy.

The Nebraska Farmer in discussing the old and mooted question of speed at Faira says: Our Minnesota brethren are plucky. The State Fair people were held at St. Paul. Bill King a noted politician and stock breeder got up another at Minneapolis only 6 miles distant at the same time. At St. Paul they had President Hayes to speak. At Minneapolis King secured Rarus, king of the turf, to trot, and strange to say more people came to see Rarus than to hear the President.

We call attention to the advertisement of A. Cruickshank & Co., Omaha, on our local page. This firm are building up a very extensive business in Omaha. They particularly request those sending east for goods to give them a call and see if they cannot be suited nearer home. They have a handsome new building on the corner of Douglas and 15th; since their removal into this building their sales have more than doubled, and they are about increasing their room by opening up a portion of the basement 2x30 feet for domestic and cheap goods.

A Mr. KINSEY here, unfortunately became deranged about two weeks ago. He escaped from the house in the night, ran to the depot, climbed up a ladder left standing, jumped into the window from the porch and attacked the night watchmen, known as "Scotty" with Mr. Latham's chair. The upper part of the chair came off his throw and the watchman struck his arm with the poker and disabled him. The next day Sheriff Hays with great trouble got him to Lincoln and the asylum. He was very violent at the asylum, he kicked an attendant down stairs and seemed endowed with superhuman strength.

Undoubtedly So!

The great demand to-day for the benefit of this city generally and the one of vital necessity as a condition to our business, is that of the rebuilding of the Grand Central hotel. A gentleman who came over the river yesterday morning states that at least fifty passengers stayed on the other side, at the Union Pacific depot hotel and at Council Bluffs, who would have come had there been accommodations. Many came over and found the Wiles well without a room to let. A number of Nebraska men were to our knowledge yesterday afternoon wandering from place to place, seeking rest and finding none—Omaha Republican.

From The Omaha Herald.

The hard money stone that the bunglers and builders rejected at Lincoln, the same shall become the head of the corner of the democratic edifice in this State.

That soft money hotpotch called a democratic platform no longer traces the columns of The Omaha Herald.

Seward was to have been the great Greenback county. It rolls up 399 republican majority, as usual.

The way to destroy the democratic party and defeat democratic candidates is to go off after such crazy frauds and fools as think that money and values can be made out of the yawp of demagogues and stamps imprinted on paper.

TERAMAM, November 6.—Election returns came in slow, but enough has been learned to estimate the greenback majority in this county. The greenback ticket will get from 50 to 125 majority. Every one of the greenback nominees except one are democrats, so that it is a democratic victory. Democrats are happy.

Hall county gives 460 majority for Valentine and 338 for Nance.

Coeper's majority over Schell for mayor of New York was 19,631.

Pawnee county "rolls up" as usual, say about 300 republican majority.

Adams county gave about 500 republican majority on Congress, Governor and Judge.

When the Chicago Times denounces Adams as dead it must be a pretty cold corpse.

Roscoe Conkling will go back to the Senate by an overwhelming majority on joint ballot.

Nance received 542 votes in Polk county, Todd 65, and Webster 1, according to the Record.

The Herald man evidently feels good and had at the same time. That democratic victory he claims in Dart won't suit some of them up there, though.

The Next Congress.

Great anxiety has been felt about the standing of the next congress. A careful estimate gives the following:

| | Rep. | Dem. | Ind and Grd. Bond. | In Doubt. |
|----------------|------|------|--------------------|-----------|
| Alabama | 10 | 1 | 1 | 1 |
| Arkansas | 10 | 1 | 1 | 1 |
| California | 10 | 1 | 1 | 1 |
| Colorado | 10 | 1 | 1 | 1 |
| Connecticut | 10 | 1 | 1 | 1 |
| Delaware | 10 | 1 | 1 | 1 |
| Florida | 10 | 1 | 1 | 1 |
| Georgia | 10 | 1 | 1 | 1 |
| Idaho | 10 | 1 | 1 | 1 |
| Illinois | 10 | 1 | 1 | 1 |
| Indiana | 10 | 1 | 1 | 1 |
| Iowa | 10 | 1 | 1 | 1 |
| Kansas | 10 | 1 | 1 | 1 |
| Kentucky | 10 | 1 | 1 | 1 |

| Mississippi | 10 | 1 | 1 | 1 |
| Missouri | 10 | 1 | 1 | 1 |
| Montana | 10 | 1 | 1 | 1 |
| New Hampshire | 10 | 1 | 1 | 1 |
| New Jersey | 10 | 1 | 1 | 1 |
| New York | 10 | 1 | 1 | 1 |
| North Carolina | 10 | 1 | 1 | 1 |
| Ohio | 10 | 1 | 1 | 1 |
| Oregon | 10 | 1 | 1 | 1 |
| Pennsylvania | 10 | 1 | 1 | 1 |
| Rhode Island | 10 | 1 | 1 | 1 |
| South Carolina | 10 | 1 | 1 | 1 |
| Tennessee | 10 | 1 | 1 | 1 |
| Texas | 10 | 1 | 1 | 1 |
| Vermont | 10 | 1 | 1 | 1 |
| Virginia | 10 | 1 | 1 | 1 |
| Washington | 10 | 1 | 1 | 1 |
| West Virginia | 10 | 1 | 1 | 1 |
| Totals | 155 | 155 | 155 | 155 |

It will thus be seen that should the Greenback or independent unite with the Republicans on the great issue, the Democrats by no means have the majority.

The Way to do it.

Father Hayes held a Festival at Cheyenne lately and raised \$4,015. The expenses were \$150 leaving net \$3,865 for the church. That's the way they do out on the Frontier.

Shrader's Honesty Vindicated.

November 4th, 1878.

To all whom it may concern:

In answer to the report that I swindled men out of their pay for work done on the M. P. R. R. is this. That I never owed a dollar to any man for work done on that road, as the contract between me and the men was that they take the company for their pay, the company having bound me in a bond to give them the privilege of paying the men, but further, I being ignorant of the law and believing the men to be honest, I gave them when their work was done orders, instead of time checks to the company, after the company failed to pay the men, and the men found that they had been swindled, they came to me and demanded of me in the way stated above, but not one dollar was just. I have never received one dollar from the company or on that work as I am able to prove, and any one that says that I ever received the pay or that I ever wrongfully swindled one man out of a dollar of that money is a willful liar, and no better than a midnight assassin.

Geo. W. SHRADER.

STATE OF NEBRASKA, CASS COUNTY.

I, William L. Wells, Clerk of the District Court, in and for said county, do hereby certify that no money has ever been paid into Court in the case of Geo. W. Shrader vs. F. A. White et al. in which suit judgment was rendered in favor of Geo. W. Shrader, for the sum of \$18,807.11, Oct. 5th 1871, and costs \$80.83, said judgment is still unsatisfied.

In witness whereof I have hereunto set my hand and seal this 5th day of November, A. D. 1878.

Wm. L. WELLS, Clerk.

Waverly.

Waverly, Nov. 9, 1878.

DEAR HERALD:—Thinking a few lines descriptive of the principal trading point for the farmers of the western part of Cass and portions of Lancaster and Saunders counties, would be interesting to many of your readers. I offer them for your consideration. Waverly is about 43 miles from Plattsmouth, on the line of the B. & M. railroad, and is, with one exception, the best point on the road between Plattsmouth and Lincoln, and last summer was paying higher prices for grain than any town between those points. Among its merchants we notice B. Lininger who runs the largest dry goods and grocery store in the place. Messrs. Anderson & Walker and Walker & Scofield also have very complete stocks of the same goods and are doing a good business.

The hardware line is represented by T. A. S. Pennington, who has a stock that would be a credit to a place much larger.

Dr. C. M. Hedrick has a neat and well selected stock of drugs and is doing a living business. The Post Office is in his store and he also acts as Post Master.

A. Cook has a good assortment of lumber which he sells at Lincoln prices, and to see the piles he handles one would naturally suppose he was making money fast. There are two blacksmith shops here, run by Messrs. Burg and Stowers, respectively, and the sound of the hammer and anvil can be heard early and late.

The grain business is represented by two firms, the principal one being J. B. Lininger, who is represented by Aleck Laverty, and Aleck's well known form can be seen at any hour of the day, "Tester" in hand examining and weighing grain, which comes to this market in large quantities. Messrs. Walker & Scofield are the buyers and do a good business.

Charley Cook is the principal builder and contractor in town and is constantly kept busy in his line.

F. O. Webster furnishes fresh meat three times a week to the good people of Waverly.

Fred Durrie has charge of the depot and telegraph office here, and is one of the most popular and accommodating boys on the road.

Two miles from town, on the beautiful banks of Salt Creek, are the Waverly Mills, the principal mill in this portion of the country. The mill is now run by Dr. Geo. E. Bragg, and is constantly increasing in patronage and popularity, through the energy and fair dealings of the proprietor.

The election is over and the Republicans carried the county by their usual majority. Our friend Wells was badly left in his own county in spite of his many promises and entreaties.

The grain trade is lively now, although the prices paid for grain are very low, but no lower than are paid by much larger towns on the road.

Building and improvement is the order all around this region. New farm houses are being erected and old ones repaired and made comfortable for the coming winter. The weather has been glorious for all outside work, and the farmers are taking advantage of it to the fullest extent. The corn is nearly all gathered and some of the farmers have all their fall work done.

Jim Rowley, our good natured and accommodating barber, has left us and gone to St. Joseph to live, and we all miss his smiling face and blarneying tongue. Success to him.

But I guess this is enough for the present. Yours &c. Cass.

Church Building.

LOUISVILLE, Nov. 8th, 1878.

MR. EDITOR:—Will you please let your paper convey the information to whom it may concern: That the Congregational church at Louisville appears to be alive. Mr. Geo. H. Thompson of Plattsmouth having contracted to erect their church edifice, is now putting the material on the ground and will at once put on a full complement of hands and speedily complete the building.

EIGHT MILE GROVE.

The election here was well attended and the republicans rejoice at the result, notwithstanding the loss of office of Assessor; the republican was the best man for the office, but was a new comer, and had to come under, what was claimed, old settlers. Christ Kolme, carpenter of your city, finished two nice buildings in our precinct, one barn for Con Meisinger, and a granary for John Becker, which speaks well for Mr. K. in workmanship and close calculation of bills for lumber, &c. everything in his line is perfect. Our school, under the management of O. Weed from Illinois, is doing fine, and ere Winter the school house will be crowded to its utmost capacity, notwithstanding a lot of new seats have been put up, manufactured by the Burlington School Furniture Company. More anon.

Cost of War.

Reviewing the world's history for the last twenty five years the Peace Union, composed of the Society of Friends in this country, shows by official statistics that the loss of life by war within that period reached 1,045,000, nearly two millions of people, and the cost in money, without counting the destruction of property, \$12,100,000,000. The greater part of the world's national debts, \$23,400,000,000, say they, was created by war. The standing armies of the world, 1,000,000, besides the \$500,000,000 for the annual keep of the standing armies, repudiation and general state bankruptcy will follow. The official organ of the Union puts the total expense of the late war with the Sioux Indians at \$2,312,31. Before the war these same Indians offered to sell the Black Hills, which the war was waged, for \$50,000. President Grant offered \$25,000 and would not advance, hence the Quakers cry for universal peace.

A Little Prayer.

A little girl had been absent with her parents two weeks at a camp meeting. On her return home, her little playmate, Ella Day, entertained her by showing her her new playthings. At night little Mary, in saying her prayers, said, "O Lord, bless Ella Day and make her a good girl, so I can take all her playthings away from her and she won't want them back again."

"VEGETINE"

Says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures after all other remedies had failed, I visited the Laboratory, and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."

VEGETINE

Is the great blood purifier.
