

Rock Bluffs Notes.

Mr. EDITOR:—Here I am again, and since writing you before, the old Missouri river has claimed the right of way through a portion of Nebraska soil, and has nearly scooped out what was left of Rock Bluffs river bottom. The river road going south is entirely washed away. And on account of that Wm. R. Ellington lost a horse last week, the horse on a night following the road too near the end and a large chunk of dirt caved off with him, and he fell into the river; he swam to the Iowa shore, and got mixed in the quicksand, he was out on the next day, but died soon after.

We regret to hear of the death of Mrs. Murray, wife of Alvers Murray who moved from this place last spring to Kansas; she died recently at their home in that State.

Mr. Jonnigan who was sick here all winter with some disease of the stomach, went to St. Joseph, Mo. about six weeks ago to be treated and died the next week after getting there, and an examination after death revealed the fact that he had an ulcerated tumor in the stomach.

Crops in this locality differ some from those in other parts of the country as reported by correspondents, and they are light, that is thin and short, wheat the same, and many pieces of early wheat are very badly damaged by chinch bugs, oats are thin and also, except a few pieces and some of those are badly chinch bugged too. But corn is extra good, and getting larger every day; speaking of corn reminds me of your correspondent from Pleasant Hill, he said—those who used a check-row planter, were saved the trouble of cultivating their corn but one way, "it is not quite so bad here, for those who used check-rowers here can cultivate both ways, that is, if they have a good hand, and well skilled in the art of hop, skip and jump. And here is how they do it: they commence at one end of the field and drive back and forth, with the off and near horse alternately in the furrow, then with the agility of a modern democratic congressman to practice the art above mentioned they succeed in cultivating their corn both ways.

Harvesting is the order of the day now, and every machine from an old McCormick reaper to a self binding harvester, is pressed into service, and harvest hands are getting from \$1.25 to \$1.50 per day.

Last week we had another horse hunt, Mr. Joseph Campbell who lives up Rock Creek a couple of miles, thought his horses had been stolen, but succeeded in finding them south of our town three or four miles.

At the present writing our Jimson weeds are not doing well, dog-fennel and mustard predominate, and the streets have a beautiful yellow look, for the mustard is in full bloom and the fine aroma of the dog-fennel reminds us of better days. But we have hopes of our Jimson as they will grow after our early weeds are done growing.

The latest amusing thing to read was a poem entitled Rock Bluffs in rhyme, containing twenty verses, and it was written by about as many different persons. It was written on a foolscap sheet of paper, it was left at Allen's blacksmith shop, but the writer is a mystery. No harm in the rhyme, but is a sort of burlesque. Yours to command,

PHILANDER DEESTERS.

THE HENRY F. MILLER PIANO-FORTE

Are not only first-class instruments, but this Establishment may be justly regarded as one of the finest Piano-Forte Manufactories of the World.

THE FAVORITES IN THE CONCERT HALL.

During the Season of 1873-1875 the Henry F. Miller Pianos were used in Boston and vicinity in more than 1200 Concerts, 85 Concerts; Month of November, 45 Concerts. None but first-class Pianos could gain such unquestioned popularity.

THESE PIANOS HAVE RECEIVED

The Highest Praise

From the

Most Eminent Musicians.

Of late I have had many opportunities of using your Pianos and can say with pleasure, they have no superior in America, and my long experience abroad justifies me in placing them ahead of any foreign instruments of the kind.

CHAS. R. ADAMS.

Madame Rose and the other artists of my company are delighted with the "Miller" Piano, for its rich purity of tone, and the wonderful manner in which it sustains the voice.

H. MAPLES.

In behalf of the Barnabee Concert Company, and particularly as pianist of said company, I wish to express many thanks for the beautiful grand Pianos of your manufacture, with which you have furnished us so far this season. With your fine instruments concert giving becomes a positive pleasure and delight, "so say we all of us."

HOWARD M.

I consider no other "make" with which I am acquainted, can equal in any of its qualities that constitute a perfect instrument. As an accompaniment for the voice, I know of none I would prefer to yours.

Mrs. H. E. H. CARTER.

I have known the Pianos manufactured by Mr. Henry F. Miller for many years and I do not hesitate to say that they take high rank among the first-class instruments of any of the kind.

I consider the Miller Piano superior to all others in that melior and single quality so acceptable for voice accompaniment.

Mrs. E. ALINE OSGOOD.

We were delighted with the Pianos of your manufacture which we used during our recent tour in the United States, their charming singing qualities rendering them especially desirable for accompanying the human voice.

THE ORIOLE LAMIER QUARTETTE.
