Spontaneous Combustion.

E. Bing, of Riga, has experimented with different materials: wadding, raw flax, hemp, the waste from silk, wool and cotton spinnings, as well as sponge, and finally wood-dust, as found in any cabinetmaker's shop. They were saturated with various fluids, viz.: oils, fresh and in a *ummy state, turpentine, petroleum, various varnishes, etc. All fibrous materia's took fire when saturated with any of these oils or with mixtures of the same. Sponge and wood-dust, on the contrary, proved to be entirely harmless. Combustion ensues most rapidly with 17 gr. of wadding and 67 gr. of a strong oil varnish, in thirty-four minutes; while 200 gr. of washed cotton waste, of which a portion was saturated with 750 gr. of stong oil varnish and the remainder wrapped about it, required almost fourteen hours. These materials were placed in a well-shaded spot, and subjected to a heat of from 18 deg. to 4 deg. (C.) Silk did not flame up, but slowly charred.

Mesers, J. O. Rosworth & Co., Denver: Gentlemen,
—I take pleasure in recommending SANFORD'S
RADICAL CURE FOR CATARRH to all who are
afflicted with this disease. I was greatly afflicted
with it for a long time, and cured it with two bottles of the above CURE. About a year afterwards
I was again taken with Catarrh quite severely, and
immediately sent for another bottle, which fixed
fine all right, giving me relief from the first dose,
I am confident that this remedy will do all that is
claimed for it, and more too. Wishing you success
in its introduction, I am very truly yours,
—A. W. SMITH,

THE FAVORITES IN THE CONCERT HALL

During the Season of 1875-1876 the Henry F. Miller Pianos were used in Boston and vicinity in more than 125 Concerts.
Season of 1877-1878, 175 Concerts.
Season of 1878-1879-Month of October, 35 Concerts; Month of November, 45 Concerts-None but first class Pianos could gain such un questioned popularity. THESE PIANOS HAVE RECEIVED The Highest Praise

Most Eminent Musicians Of late I have had many opportunities of using your Pianos and can say with pleasure, they have no superior in America, and my long experience abroad justifies me in placing them ahead of any foreign instruments of their kind.

Madame Roze and the other artists of my company are delighted with the "Miller" Piano, for its rich purity of tone, and the wonderful manner in which it sustains the voice.

H. MAPLESON. In behalf of the Barnabee Concert Company, and particularly myself as the planist of said company, I wish to express many thanks for the beautiful Grand Pianos of your manufacture, with which you have furnished us so far this season. With your fine instruments concert giving becomes a positive pleasure and delight, "so say we all of us."

HOWARD M

I consider no other "make" with which I am acquainted, can excel it in any of the qualities that constitute a perfect instrument. As an accompaniment for the voice, I know of none I could prefer to yours.

Mrs. H. E. H. CARTER. I take great pleasure in recommending the Henry F. Miller Pianos on all occasions where a first-class piano is desired. Mrs. H. M. SMITH.

I have known the Pianos manufactured by Mr. Henry F. Miller for many years and I do not hesitate to say that they take high rank among the first-class instruments of any of the best makers.

CARL ZERRAHN I consider the Miller Piano superior to all others in that mellow and singing quality so acceptable for voice accompaniments.

Mrs. E. ALINE OSGOOD. We were delighted with the Pianos of your manufacture which we used during our recent tour in the United States, their charming singing qualifies rendering them especially desirable for accompanying the human voice.
