A WORD TO THOSE WHO USE PORCUS PLACTERS. It is a universally sok lowingrap fact that BENSON'S CAPCINE POROUS PLASTERS ARE SUPERIOR TO ALL OTHERS. The great demand for them has caused a number of unscrupious parties to make and sell worthless imitations under similar sounding names. As the market is flooded with inferior dasters selling at any price it is important for the consumer to know which is the best. It is well known that some of the cheap plasters have been examined and found to contain injurious ingredient which make them dangerous to use, causing paralysis and other diseases.
