On the Situation.

Candidly and seriously we want to say that, in spite of all silly rumours, this Newspaper and this Editor have been strictly attending to their legitimate duties, that we have not assumed to dictate or control any delegates, any primaries, any votes, what we have said and what we have done has been open, above board and in the paper.

In all the time we have been here we have never espoused the cause of one set of Republicans against another before nomination, we have never mentioned supposed candidates before nomination, favorably or unfavorably, or meddled with the detail work of selecting delegates, believing it to be the duty of a good paper to let the people through their proper delegates choose a ticket and then support it the best we could.

In this instance, however, we have departed from that course somewhat, because we felt that the dissatisfaction with previous methods and their results was universal, or else the situation had been misrepresented to us. We freely expressed the opinion that certain nominations would be injudicious and perhaps lose us the county.

Furthermore we honestly aimed to arouse county and party pride to try and select good men that would do honor to the county.

If the voters do not desire this and if they want to gratify the small ambition of a few aspiring individuals at the expense of the party, it is their privilege to do so, and let affairs remain as they have been and Cass County still be a nonentity in the State.

But we have maligned no individuals, written no letters, asked you to do nothing but what numbers of people have said they wanted done and meant to do this fall.

Having the burden of supporting the ticket publicly, as against the democracy, and defending the Republican candidates, we have asked you to act coolly, wisely, of your own judgment and not be led by sectional jealousy, personal likings, or individual ambitions, pointing out fairly the dangers in the way and the importance to the county, the state and the party of securing a Republican Legislature and a full Republican vote this fall. Feeling that we have thus done our duty, and it will be the voters' own fault if they make unwise selections and get beat, we shall abide the result as best we may. The odium falls on the shoulders of those who make the nominations, if they make them haphazard, without due care, and against the advice of sound thinking men, or the wishes of the real majority of the people, who have the final decision in their hands at the polls.

It is not the HERALD that has kicked. It is supposed to be the people. We can stand almost any kind of politics that the rest can. This is the old Wheeler row over. They used to come to us and cuss Wheeler for the hour, and then they all turned in and voted for him.

Now, you have been telling us for years that you don't want to be ruled by rings, and won't stand the one man or few men dictation any more, and we have voiced it.

That's all. If you don't show that you mean it at this Convention, never ask us to help you again. Just swallow what you get hereafter, and be quiet.

"It is reported on the street that Deacon Bushnell has gone back to the arms of Johnny MacMurphy, and will support him first, last and all the time for State Senator, next Saturday at Weeping Water."—Joe Connor in Tuesday's Enterprise.

Of course this is all "poppycock" and belongs to the Hancock style of politics, that is to obtain by fraud what you can't get openly. It was intended for sarcasm, by our Hancockian friend who slyly slipped it on Mr. Bushnell's hook; but underlying it there is a lesson which for his and others' benefit we shall point. It has been a favorite scheme with local politicians of about the J. C. calibre, (both Republican and Democratic) when they could not use the Herald for their personal interest to aid, abet and encourage, with their mouths, the starting of a Newspaper to run the HERALD out, or "bust" the Republican party up. When Mr. Bushnell re-established the Enterprise out of the old Sentinel material there was great rejoicing among the Democrats and such so-called Republicans as prefer to have their clique succeed rather than the party triumph.

The "Demmy," said: "Two Republican papers, and only one Democratic, we've got 'em" and faction loving "Reps." quoted "now we've got Mac, if he don't come to time and do what we want, we'll go over to Bushnell and make that the Republican party." Unfortunately for them small bore politicians frequently proposed, and News-papers frequently proposed, dispose of events. "So it is" (as Wade Hampton says) that it happens that instead of the Newspapers doing your quarrelling, as usual, we have let the job out this time for you to do ours.

"So it is" that while above us, below us and west of us the Newspaper factions are running red with gore and acid with bile, here in Cass, two Republican Newspapers are quietly looking on, saying by their course, "you shall not use us to divide the party." Aspirants, managers and whiletime dictators of candidates may do the squabbling, while we competently wait for the action of the people, knowing that unless a nomination is made with justice and the selection of the Convention untrammelled by party managers the whole fabric falls to the ground, slate makers and all.

In short all J. C. and others is the newspapers have been too sharp for them and have left the onus of spite and cat-hauling on others' shoulders while they severely mind their own business with the final results largely in our hands.

Chances.

Garfield will have, counting New York, Indiana and Connecticut among the republican states, 222 electoral votes. Let him lose Indiana and Connecticut and he will still have 201. Take away Maine from the list then he will have 194. In addition to these he may lose Oregon and California and still have 185, enough to elect.

If he lose New York and carry the other states named, Garfield will have 187 electoral votes. If he lose New York, Connecticut and Florida, and carry Virginia, he will have 186 votes. Or he may lose New York, Connecticut and Indiana, and carry Virginia, Florida and New Jersey, have still 190 votes.

The democrats can only succeed by carrying all the Southern states, and New York, New Jersey and Oregon, or Connecticut. Losing New York they must carry all the Southern states, New Jersey, Indiana, Connecticut, Maine and all the Pacific states of California, Oregon and Nevada to have 187 votes. The prospect is certainly not discouraging to the republicans.

The New York Nation says campaign book agents find it almost impossible to sell Hancock's life to old-fashioned farmers down east, who say "they have heard enough of Hancock."
