Why don't you try Carter's Little Liver Pills? They are a positive cure for all diseases, and all the products of disordered liver. Only 25 cents a pill a dose. Sold by Smith, Black & Co.

Messrs. Agnew & Murphy, old railroad men here, have a large contract on the B. & M. extension to Denver, which they will proceed to fill as soon as they are through on the Mo. P. work.

More cases of sick headache, biliousness, constipation, &c., can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills than by using any other means. Sold by Smith, Black & Co.

Our friend Stannum was a happy man last week. About Thursday something happened at his house, and the cigars and "seitzer" had to suffer that day and next. The something was a son born to Mr. and Mrs. Ed. Stannum Sept. 1st, 1881.

Every nervous person should try Carter's Little Liver Pills. They are made specifically for nervous and dyspeptic men and women, and are just the medicine needed by all persons who, from any cause do not feel well or who fail to get proper strength from their food. Cases of weak stomach, indigestion, dyspepsia, nervous and sick headache, &c., readily yield to the use of the Little Liver pills, particularly if combined with Carter's Little Liver Pills. In vials at 25 cents. Sold by Smith, Black & Co.

Capt. John Waybright and wife left for their home in Virginia last Monday, well pleased with Nebraska.

Frank Madsen, of Kansas City, returned Monday after a short visit among his friends in Plattsburgh.

Geo. A. Magney went up to Papillion last week and spent a few days with Byron Clark. He reports Byron doing a good law practice.

Mesdames Parker and Jonathan Wise left, the first of the week, for Illinois and other points east.

Henry Mertens, an old friend of the HERALD, came in last week, and left us better off for his visit. Henry is a thrifty farmer, and fast friend to those like us.

Mr. A. Harmon, of Weeping Water gave the editor and other citizens a very handsome serenade Saturday night. This band has greatly improved lately, and every one says what lovely music they do.

Mr. Peter Eveland tells us of an accident occurring to a man who had been working for him which was somewhat peculiar and illustrative of the often unexpected danger of fire arms.

Mr. E. Eveland, and the victim of the accident were making hay, when the distant report of fire arms was heard, and Mr. E. saw a hawk rise from a stack of grain beyond them; looking up, he also noticed his man stagger, and going to him, asked him what was the matter? The man answered that something had struck him, and Mr. E. inferred that the popular virtue may be relied on for a long while yet to keep our politics from being destructive.

As the sound of the pistol seemed so far distant, Mr. Eveland had the curiosity to find out who and how far off the shooting party were, and found the distance intervening between the place of shooting and the party shot, to be 110 rods exactly and the weapon used a small revolver, with barrel only 2½ inches long. The shooting party's name was Henry Hunt, who was also laying in a neighboring field, and in passing to his work had seen the hawk and fired with the above result.

Another lesson to boys and those unused to the handling of fire arms on the necessity of care.

If you are nervous or dyspeptic try Carter's Little Liver Pills. Dyspepsia, nervous, and nervousness makes you dyspeptic; either one renders you miserable and these little pills cure both. Sold by Smith, Black & Co.

Parker, the marble man from Lincoln, dropped in again on Thursday last week, to see the Editor, to divide grapes with him, and have a pleasant chat, which we always have with Parker, by the way, as he is a great talker and humorous withal, grave as his business may be called, and that reminds us of a little story: Last spring, when Cope's Circus was expected here, the advertising agent, a young man who talked about "Hebdominal pyramids of colossal elephants, &c.", was in here rattling away with a gift of tongue like the joy of the Lord.

Resolved, That in view of these resolutions be transmitted to the family of the deceased, and be furnished the city papers for publication.

Alliance Matters.

Pray to call of Cascade Alliance, No. 51, a meeting of delegates from sub-alliances in the county assembled at S. M. University on Friday, Oct. 1, for purpose of organizing County Alliance, to be composed of delegates from each sub-alliance in the County.

Mr. F. E. Everett, President of Cascade Alliance, called the meeting to order. On motion Mr. Everett was made chairman, and T. P. McCarty, of Elmwood Alliance No. 113, secretary.

On motion it was directed that a committee of three be appointed by the chair to select a suitable organization. Chairman pointed as such committee T. P. McCarty, E. S. Gilbert, E. Lodge.

The committee reported for the consideration of the meeting the following as permanent officers: President, F. E. Everett; Vice President, A. Dixon; Treasurer, E. Lodge; Secretary, W. H. Pool. On motion report was accepted and adopted, and the committee continued with instructions to draft a constitution, by-laws, &c., to call next meeting, fix time and place for holding the same, and the basis for delegates from each sub-alliance.

SOLOMON & NATHAN.

Experience the Best Cure.

We owe Mr. James Morrison an apology for some errors in notice of postponement of temperance meeting last week. The blunders were entirely the fault of the office and we take the whole blame. Mr. Morrison acted like a gentleman in telling us so, and didn't go to cussing and charging as some people do when an error is made.

Fire Department.

The second Tuesday in September is Regular Fire Meeting night, and members of the department, the young men and others who have kept the thing up this long are tired of meeting alone, and having no money and no help from the property owners and citizens. They talk of disbanding entirely and letting the owners of property take care of their interests as regards fire.

This is the complaint made and the HERALD calls attention to it, knowing it is partly just. If even citizens would turn out to the meetings, and hear what the department needs and wants and ought to have, the boys would not feel so bad about it; but when they seem totally indifferent to their meetings even, it must be concluded they do not want a fire department kept up.

The 13th, (second Tuesday in September) is the next regular meeting, where she will teach one of the grades in the High School the coming year.
