The Grand Island Prisoner Proves to be the Notorious Ed. Maxwell, of Wisconsin.

The facts concerning the arrest of Ed. Maxwell, the Wisconsin desperado, in Hall county, by Sheriff Killian, of Grand Island have been given in the Republican's special dispatches, and in a special to The Republican this morning.

These men are charged in a remand one, as is also that of their escape and the circumstances connected with it.

On the 10th of July last Milton A. Coleman, under sheriff of Durand, Wisconsin, ex-sheriff of Pepin county, was shot and killed by the Williams brothers, two well-known desperados whom they were endeavoring to arrest.

A posse of thirty armed men pursued in the murderers, with the intention of lynching them if they had caught them. On the 27th of July, the men, still being searched for, were sighted and called upon to surrender, but those answered by opening fire, and those were at this time in Eau Claire woods and the pursuit was continued with redoubled vigor.

Lectures upon the rhinoceros: Prof. "I must beg you to give me your undivided attention. It is absolutely impossible that you can form a true idea of this hideous animal unless you keep your eyes fixed on him."

Parisian Incident. A sick man has been granted permission to have straw laid down before his door. Yesterday his opposite neighbor, who is a banker, comes in to see him.

The electricity will be raised from the engine rooms of Col. French's new concentrating mill, by a self-acting aerial tram to the top of this derrick and from thence will be carried on wires, like ordinary telegraph messages, to the turret on Grey's Peak.

The following letter from Gov. St. John, was read at the Temperance Union in convention at Washington, D. C. was read before that body Oct. 27, 1881, and ordered printed for general circulation.

Knowing that you are soon to participate in the proceedings of the Woman's National Christian Temperance Union, shortly to convene at Washington, I have thought proper to briefly state to you the result of prohibition, so far, in this state.

As you are aware, our constitutional amendment in prohibiting the manufacture and sale of intoxicating liquors in Kansas, was adopted by a vote of the people at the general election on November, 1880, and the law to enforce it was passed by the Legislature in February, 1881, and took effect the first day of last May.
