Charles E. Duke, left for New Orleans, via St. Louis, Monday morning. He will attend the grand Mardi Gras festivities in New Orleans, and then take a trip up the Mississippi with his uncle, who is Captain of a river steamer. He will probably visit Chicago and other points on his return. The Herald wishes Charley a pleasant trip, which he surely will have.

Don't fail to examine the New KEY ACTION in Mason & Hamlin Organs, wonderful improvement.

The opening at the "Red Lion" Store last Friday evening was a very fine affair. At the proper time the ladies who are likely to be customers crowded in to see the really handsome and large display of goods made by Mr. Atwood. The store was well lit up and choice confectionery sat on the counters free to all. Good looking clerks stood ready to answer the most exacting questions, and show goods over and over if necessary. Altogether it was a fine "send off" for the new firm.

Package Dyes for Easter eggs, five cents a package. Smith & Black Bros 2.

A statement was made in a Plattsmouth paper not long ago that Mr. J. T. Lloyd had raised 75 bushels of corn to the acre this year, and paid for a farm from the crops, or words to that effect. Mr. Lloyd wants a correction made, as he does not want to go out as making such statements, which were totally unauthorized by him. He raised 65 bushels to the acre on 72 acres of corn, and owned his farm before several years railroading. He has no reason to complain of Nebraska farming, either, but only wants the facts about it as they are.

Scott's Electric Hair Brushes at Smith & Black Bros.

The bridge known as the Tucker bridge, over the W. W. east of Smith's bridge, a new iron bridge, 60 feet span fell down Friday evening as Frank Barkhurst was driving over it with a span of mules and load of wood. It turned completely up-side down and lay that way in the bottom of the stream. Strange to say, the young man was not seriously injured, nor the mules either, but it was a narrow escape. The contractor Wheeler, tries to make out the bridge was tampered with, but the probabilities seem to point to some unknown and unavoidable defect. It is to be put up at once and warranted, this time.

Teeth filled, pulled and cleaned in a most skillful manner by Dr. J. H. Babury. Give him a call.

C. B. Parker the marble man was around to see us yesterday. He has been here now about two weeks, and during that time has erected for our Surveyor General, Hon. Geo. S. Smith, a very fine monument, over the grave of his little "Ora," also one of the finest in the state for the Pittman estate, at Mount Pleasant, this county. He starts for home this p. m. by way of Neb. City, having purchased one of the finest span of mules Charley Hesser had in his barn, to travel with Hesser here. We take great pleasure in recommending Mr. Parker to this community, because we believe him to be an honest reliable man in his business and not a travelling tramp as we have had sometimes. When the Herald makes this kind of a notice of a man it means it.

Critch and Hamsey, attorneys and Notary Public, second door east of Court House, Plattsmouth, Neb. 5162.

Tuesday about 10 o'clock a. m., the youngest child, a son about seven months old, of Mr. and Mrs. Frank Squires, died of congestion of the brain. The child had been suffering from the whooping cough, but was apparently well enough otherwise. The mother heard it scream and when she reached it, its face was perfectly black, everything possible was done for it but it was impossible to save life. The father had that morning left for Hastings, he was immediately telegraphed to, but will not reach here until this afternoon. The funeral services will probably take place from the house to-morrow morning at 10:30 o'clock. Mr. and Mrs. Squires have the Herald's sympathy in their sore loss.

Money to loan on easy terms, on improved farms. E. H. WOOLLEY, 4614.

Major O'Rourke, left for Chicago, Saturday last, where he has gone partly on business and partly pleasure. He probably will bring back an addition to his already large stock of Piece Goods, for his spring trade.

Charley Mayer, of the firm of S. & C. Mayer, left for New York City last Friday, where he will get the largest stock of spring furnishing goods, clothing, &c., ever brought into their store, he will probably be gone about four weeks.

Amos Tefft the father of Avon was up last week to file the plat of the same. Many people suppose Orlando is the parent of this future centre of Cass, but the Herald will not allow the old gentleman to be out-generaled in this manner. Young Mr. Tefft is step-son to the new town.

Did you know that (Chet) H. Smith, was the manager of a Great Uncle Tom's Cabin troupe? He says he has been keeping it a secret and giving us the go by all the time, but thought he would bring them here and give us a show what is a show. This trip. Pass around the comps, Chet.

Ball's Health Corsets reduced to \$1.35 at Herrmann's.

Personal.

J. C. Morrissey and wife were in Omaha Monday.

J. T. Lloyd of Three Groves comes in to see us now and then.

MARRIED.

BURNISON-DARIN.—At St. Luke's Church, Plattsmouth, Neb., by the Rev. Mr. Burgess, Rector, Tuesday, February 14th, 1882, at 12:30 o'clock, WILLIAM H. BURNISON to ANNA M. DARIN.

The groom lives in Utah at present, where he is principally engaged in mining; the bride has resided in Cass County for a number of years, is a sister of Mrs. Jno. A. MacMurphy, and sister-in-law to the editor of this paper.

It was a bright, lovely day, and the church was filled by friends and neighbors to witness the usually joyful rite of matrimony pronounced upon this young couple—joyful to all, it would seem, but to those left behind.

Theodore Livingston and Charles Cummins acted as ushers, and very well on young friends acquitted themselves.

The bride was given away by her father, Mr. C. B. Darin, Chas. J. Pettie acting as groomsmen. The ceremony took place beneath a true lover's knot of elegant flowers, including the initials "B." and "D." in red euphorbia, her future home.

J. L. Hodge, of Council Bluffs, and now acting as correspondent for the Globe in that City, visited us this week, and wrote our town up a little.

Dr. J. A. Donelan, of Glenwood, Iowa, came over yesterday on some pension business, and to renew acquaintance with his many friends here.

J. W. Barnes has been having old neuralgia around for several days. We are afraid John don't pray enough; or don't the consolations of religion help neuralgia any?

Prof. R. W. Seager, of New York, is in the city for the purpose of getting up a singing convention. On Monday evening there will be a free concert and social sing, at Presbyterian church, all are invited.

Hon. M. L. White leaves for Denver to-day, for a short trip in hopes of improving his health. We do hope Mr. White will accomplish all his friends desire for him in the way of health, and a long lease of life yet in the future.

Rev. Mr. Wilson of the M. E. Church starts to-day for a trip to Salt Lake and Denver to be absent for two weeks.

He desires to inform the members of his congregation that the services of other ministers have been obtained to keep his pulpit open during his absence. We wish Mr. W. a pleasant trip and an increase of avocations, because we always did like real fat jolly ministers. Wilson ought to grow a foot, before he comes back. Hope he will.

The St. Louis (Mo.) Post-Dispatch at the close of a long article says: In fact St. Jacobs Oil is pushing all other remedies out of the field, and, excellent though some of the liniments, formerly offered are, the efficacy of St. Jacobs Oil is magical in cases of sciatica, rheumatism, pleurisy, neuralgia, nervous headache, lumbago and scores of other disorders; while in the case of sprains, burns or injuries it is an absolute panacea, and for general use is better than the advice of many physicians. A word to the wise is sufficient."

Mrs. Stadelmann will get up the supper for the T. A. M. Club dance, to-morrow evening.

Anyone in need of a good set of teeth should call on Dr. Salisbury at once, and he will make you a set that will please you ever after.

Episcopal sociable, at the residence of Mrs. Taylor, this evening. All are cordially invited to attend.

Hesser's New House.

Our friend Hesser has built him a real nice, substantial farm house, just above the site of the other. In the spring the old green-houses are to be torn away and a handsome roadway and grounds made in front of the house. We are real glad to see these evidences of prosperity around our old friend, for a better hearted, more generous and harder working man than Hesser it will be hard to find.

Fraudulent Staps.

The system of employing useless staps to make an organ appear to have large capacity is latterly so prevalent that attention is especially called to this point, that none of these useless staps are used in the Mason & Hamlin organs. JAMES PETTIE, Agent, Plattsmouth, Neb. 4314.

Read This Carefully.

Well Indorsed By Our Own Citizens.

No matter how useful anything may be in itself, good indorsements seem to increase its usefulness greatly by insuring a wider field for the display of its special merits. We were thus impressed in view of the following statements received by one of our representatives from leading individuals connected with some of the largest enterprises in our midst. Among others whose testimony was freely given was W. H. Stearns, Esq., Master Mechanic of the Conn. River Railroad, residing at No. 23 Boylston street, who observed:—St. Jacobs Oil has had remarkable effect among the men employed here. One of them jumped his horse badly, and by the use of St. Jacobs Oil was greatly benefited, and the arm was healed. Another used it for severe rheumatic pains in the knee, and pronounced the Oil a cure. Mr. A. B. Taylor, of the "Ray & Taylor Manufacturing Co." was pleased to say: "My aunt, Mrs. Pillsbury, of Mount Vernon, N. Y., while visiting at our house tried St. Jacobs Oil for rheumatism and neuralgia, and found immediate relief every time. She pronounced it the best thing she had ever used for her trouble. Mr. J. B. Weston, 45 Greenwood street, Supt. Car Works, Boston & Albany Railroad, thus addressed our reporter: "I am one more of the fortunate who have had the good luck to hear of that wonderful remedy, St. Jacobs Oil. I had rheumatism in the shoulder severely and could find no relief until I used the Oil. I applied it, and must confess I was surprised at the results. I am almost well and expect to be entirely so in a few days?"—Springfield (Mass.) Union.
