To whom it may concern. All persons are hereby notified that the M. P. R. K. Company have become tired of this wholesale slaughter upon their timber, in the Republican Valley. And from this time forward we propose to protect our own interests, and by so doing we think we shall protect the best interests of the settlers, as we are convinced that there is no timber in the Valley to spare. Especially to be drawn out of the State or cut into lumber, or in any manner wasted. And we hope all good citizens will consider these matters carefully and lend us their influence to protect what timber there may be left.
