CALL FOR A REPUBLICAN STATE CONVENTION.

TO NOMINATE CANDIDATES FOR STATE OFFICES. The Republican electors of the State of Nebraska are hereby called to send delegates from the several counties to meet in State Convention at Lincoln, on Tuesday, the 26th day of September, 1876, for the purpose of placing in nomination a candidate for member of congress, and candidates for Governor, Lieutenant Governor, Secretary of State, Auditor, Treasurer, Superintendent of Public Instruction, Attorney General, and Land Commissioner, and to transact such other business as may properly come before it.

Table with 2 columns: Name and Delegate status. Includes Adams, Antelope, Boone, Burr, Buffalo, Butler, Cass, Clay, Colfax, Cheyenne, Cuming, Dakota, Dawson, Dixon, Dodge, Douglas, Fillmore, Franklin, Furnas, Gage, Hamilton, Harlan, Howard, Jackson, Johnson, Kearney, Keith.

By order of State Central Committee. C. E. Yost, Sec. C. H. Gere, Ch'n. Lincoln, March 28, 1876.

Michigan, Illinois, Wisconsin, Minnesota and Nebraska, the Republican states of the Northwest all for Blaine, and with their California, Oregon, Virginia and Maine. Never before save in the case of Lincoln so expressed their preference for their favorite candidate. Even if Blaine fails to secure the nomination he has the assurance that the people want him.

The Great Unknown has now loomed up in sight. And it is no less a personage than the broad-shouldered, strong-minded, ebullient, east of senator from Michigan, Zack. Chandler if Chandler is really in earnest, we say, make him President by all means. He will find a way, and kick and snort around in a way that will be dangerous to the Republican party, if not to the nation. We shall therefore support Mr. Chandler, if he insists upon it under intimidation. We are gratified to learn, however, that Mr. Chandler does not demand the nomination unless the people imperatively require it as necessary to the maintenance of the government. With this understanding we can breathe more freely. After all the old fellow wouldn't make a bad candidate. In fact we prefer him to a great many who are already before the people. Cunking, for instance, or Bristow, and if these men are nominated we shall bolt for the old war horse, if he will sign the pledge.

Committee cannot investigate them all before the election, and we shall vote for the three millions rather than for a demagogue. Sabbath School Institute. It was the good fortune of several persons from various sections of the county to meet at Guide Rock on Saturday last in the capacity of a Sabbath School Institute.

It was called to order by Rev. J. Q. Potter of Red Cloud, and after a season of devotional exercises, Bro. D. H. Minick was called to the chair, and Bro. J. Dunbar was chosen secretary. In the afternoon the topic, "How shall Sabbath Schools be best sustained," was well discussed by different speakers, and if our schools could be carried on in unison with the suggestions then given we should see a marked change for the better. The question was then opened by the President and the question answered by able remarks upon methods of conducting schools, duties of teachers, superintendents, &c. Saturday evening Rev. Mr. Stone addressed the Institute on the subject, "How shall public sentiment be best moulded in favor of Sabbath Schools? The address was an able one, which ought to have been heard by every one interested in Sabbath School work. The remainder of the questions were answered, and adjourned to meet with the Sabbath School in the morning.

Met Sabbath morning, and listened to a class exercise by Mrs. Smith of Guide Rock, which was well appreciated. An article entitled "Jesus, Justice, and the Sinner," was read by Miss Noyes of Red Cloud. A short Bible exercise was given by J. Q. Potter, followed by singing, and a sermon by Rev. Stone. The people deserve the thanks of those who attended from a distance for their genial and generous hospitality, and for their interest in the work, making everyone feel that it was a rich treat to be with such people and unite with them in the noble cause of Sabbath Schools.

Communicated.

Stillwater May 29th 1876. ED. CHIEF.—We have nothing new to boast of except a sort of a battle among the inhabitants of Town 2 in this precinct, but not knowing the particulars cannot say much about it. The one that came off second best went to see our worthy J. P. but he "not got any books yet," and could afford no relief. It is reported that they went to Red Cloud and could not get legal advice that suited them; so, without being the least bit discouraged they found their way over into Neukolls Co. where I suppose they will find ample counsel.

Some of our friends in this part of the county are wondering out loud what became of that petition that asked for a bridge across Liberty Creek. Last fall when it was presented to the Commissioners, it was laid aside for future consideration, but has not been heard of since. I suppose we will soon hear some thing more about the "Narrow Gauge" R. R. but would not the broad gauge be better for us? Of course we ought to try with all our might to build up our State Capital, but I fear it would be poor policy to vote bonds to build a road, and then, if we want to ship any thing east, be compelled to pay at Lincoln for transferring to an other road.

If Lancaster county votes bonds, the question will doubtless be submitted to us in due time. There are some here that think it ought to be submitted to the precincts separately. This is some thing of interest to all, we ought to know what we are doing now so we will do nothing that we will be sorry for in the future. Crops are good and weather fine. Yours etc. Aukie.

A petition has been received by the County Superintendent from the residents of school District No. 5, to divide their district so as to exclude the part on which the school house stands, and form a new district from the remainder. The object of this is to escape the payment of the bonds. The payment of these bonds is an interesting question, and one of which some discussion may be expedient. In the first place, the original district as it was when the bonds were first issued, is responsible for the bonds, and no division of the school district will relieve any portion thereof from this liability. It is the duty of the County Commissioners to levy the tax for these bonds upon the district issuing them, and to continue so to levy them until authorized otherwise by the Superintendent. If there has been a division of the district, the portion set off still pays its taxes for the payment of these bonds, but the Commissioners will levy an additional tax on the remainder to repay the value of the school house.

A different rule has prevailed hitherto in Webster County. The new district has heretofore connected with the line from the north, also the one coming from the south. Arrives at Red Cloud (from the west) Mondays and Thursdays, and returns Tuesdays and Fridays. Good time; sober drivers and comfortable wagons.

original districts to assume the indebtedness. Many make a mistake here. It has been generally supposed that when a new district is formed, the portion that is left is answerable in the first instance for the previous indebtedness and that the whole of the original district is only liable in case the latter does not meet the bonds. Instead of this the whole is primarily held for the debt, and the new district can look to the old district for its share of the value of the school property at time of division.

Nothing could be more inequitable, than to hold that the district after the larger portion of the property and land has been divided from it, is still held for the payment of the bonds. At the time the bonds were issued, the county was new, the districts were large, labor and material were high. The bonds sold at considerable discount, and there was more or less loss experienced by the districts from the dishonesty or inability of employees and officers. So that, in most cases a very large indebtedness, has been incurred to build school houses. In a number of instances the school property does not represent more than half the value of the bonds. It would be manifest injustice to compel a small portion of the territory to pay this indebtedness for the school houses, while there is nothing unfair in requiring the whole district to answer for its mistakes and misfortunes. Whatever losses occurred in the building of the school houses were, and still are, the losses of the original district. Whatever disadvantages intervened were likewise the disadvantages of the whole territory, and there is no way now of escaping them.

An understanding of this may lessen the number of divisions. The district that takes the school house simply pays the present value of the house. The whole original territory pays the indebtedness.

The inhabitants of school district No. 20, have been enjoying a very interesting and disagreeable squabble. Some time ago, a young man by the name of Kush was employed to teach the school. It seems that there was some opposition to Rush. On the first day of school he found the school house without any door, his enemies having chosen to express their hostility to him by removing the door and other movables about the building. Mr. Rush resigned immediately. Soon, another teacher was employed, and she soon became annoyed and harassed in every way open to a secret foe, until she was driven to give up the school. Finally letters were sent to the members of the school board demanding their resignation and threatening to burn them out if they refused. The director was about to leave the country and paid no attention to the threats. The others resigned.

As yet nothing definite has been discovered, although suspicion is generally directed to some parties living near the school house. It is to be hoped that the people of the District will not allow themselves to be bullied in this manner by these unknown ruffians, but that they will spare no amount of time or labor to ferret out the offenders and bring them before the courts. It is a disgrace to the district and to the county that such men should be tolerated in a community.

The Adams & French Harvester is the only tried and successful Harvester on which three men can ride and bind, and with a 3 horse outfit can be drawn by 3 horses and cut from 18 to 20 acres per day. A harvester is also built by the same company for two binders. These are the most durable harvesters made. They have no canvas nor belts to get out of repair. They have been sold for the past two years by Otis L. Battles & Son, Red Cloud, Neb. 40-4t

Morgan & Rodman STOCK. All who are desirous of improving their stock will do well to call and see one of these celebrated hares, which will be kept the present season at Guide Rock. The weight of this horse is 1400 pounds, and stands 16 hands and 1 inch high. At the same place will also be kept a pair of the best Jacks ever brought into the State, of the Mammoth breed, four years old, stands 14 hands and 1 1/2 inch in height. L. SMITH.

SCHOOL LAND SALE. Notice is hereby given that on the 1st day of June, A. D. 1876 at the hour of 10 o'clock, A. M., at the Court House in Red Cloud, I will offer for sale at public auction to the highest bidder in tracts not greater than 40 acres upon the terms fixed by law all the school lands in Webster county not sold nor leased. Said sale will be adjourned from day to day till all said lands have been offered. Red Cloud, April 19th, 1876. J. A. TULLETS, County Clerk.

Half Fare Rates IN THE REPUBLICAN VALLEY. E. B. HOLMES, Proprietor. This Stage Line running from Bloomington to Guide Rock connects with the line from the north, also the one coming from the south. Arrives at Red Cloud (from the west) Mondays and Thursdays, and returns Tuesdays and Fridays. Good time; sober drivers and comfortable wagons.

Centennial Hotel Riverton, Nebraska. D. C. HOLDRIDGE, Prop. This house has been built within the last year. Everything new and clean. Good stables in connection with the house. Remember the place, east side of the Creek.

RED CLOUD & SMITH CENTER Stage Line. Connecting at Red Cloud with the Republican River Stage Line. Three regular trips a week, arriving and departing from Red Cloud at the same time the stage from the railroad does. FARE VERY LOW. J. PARKER, Prop. HAWKEYE LUMBER YARD! C. R. POTTER, Prop. RED CLOUD, NEB.

People at large can find constantly on hand Lumber, Lath, Shingles, Sash, Doors and Blinds. Building Paper and Mouldings. Pine and Hard wood LUMBER. What will be taken in exchange for lumber. Quick Sales and Small Profits.

OUR PROSPECTUS FOR '76. "Saturday Night" The Best and Brightest of the Weeklies! Circulation Still Rapidly Increasing.

In making our announcement for the coming year, we refer with great pleasure to the success which has attended all our efforts to keep "SATURDAY NIGHT" far in advance of all competitors. Our circulation increased with great rapidity, and the assurance of the public has been determined more than ever to relax no efforts, to spare no money, time, or attention to make "SATURDAY NIGHT" the best family paper in Nebraska. Its Serials will be thrilling! Its Sketches will be entertaining! Its Miscellany will be interesting. Its Poetry will be charming. Nothing will appear in its pages that can offend the religious or political belief of anyone. Its news is all the latest and most reliable. Its advertisements are paid for by our exclusive corps of writers. In the coming year, which already shows a very large increase in our subscriptions, we shall not only retain all our old and regular writers, but we shall add to our exclusive ones such authors as may prove their claim to popularity and show themselves worthy to write for a paper which holds a proud and enviable position over all competitors. It is our belief that it would be of great advantage to us if each one of our readers would draw the attention of some personal friend to the merits of "SATURDAY NIGHT," and thus aid us in increasing, even more rapidly than at present, our circulation. Advertisers are invited to send us their orders for advertising space. Every device known to the art of Chromo Printing has been adopted to produce a finer picture than has ever been given as a premium to the subscribers of any paper. This Chromo is a perfect gem of art. It would easily retail for six or seven dollars. It will cost us many thousands of dollars, which we shall never get back. But never having given a Chromo to our subscribers, we determined that when we did so, our Chromo should be as good a picture as the best artists could design and the most careful printers execute. Remember, only those sending Three Dollars for a Yearly Subscription will be entitled to a copy of the Chromo free. Parties wishing to take "SATURDAY NIGHT" for a shorter period than one year, can have the paper mailed to them six months for \$1.50, or four months for \$1.00. We pay all postage both on Papers and Chromos. THE FOLLOWING ARE CLUB RATES. For \$10 we will send four copies for one year to one address, or each copy to a separate address. For \$20 we will send eight copies to one address, or each copy to a separate address. The party who sends us \$20 for a club of eight copies (all sent at one time) will be entitled to a copy FREE. Getters-up of Clubs of eight copies can afterwards add single copies at \$2.50 each. Send Post Office Orders, or register all money letters. Write Name, Town, County, State, plainly. We will send Specimen Papers free to any who will send us their address. DAVIS & ELVERSON, Prop's & Pub's "SATURDAY NIGHT", Philadelphia, Pa.

THE ENEMY OF DISEASE! THE FOE OF PAIN! TO MAN AND BEAST. Is the Grand Old MUSTANG LINIMENT, Which has stood the test of 40 years. There is no cure it will not cure, no rheumatic pain, that afflicts the Human Body, or the body of a horse or other Domestic Animal, that does not yield to its Magic Touch. A bottle costing 25c, 50c, or \$1.00. Has often saved the life of a Human being and restored to Life and usefulness many a Valuable Horse.

With our printed directions, no instruction or mechanical skill is required to operate it. The construction of the machine is based upon a principle of simple and unobscured simplicity, comprising simple lever working upon centres. The bearings are iron, and they are hardened and polished. The machines are made at our new works in the city of Newark, N. J., with new special patented machinery and tools, constructed expressly to accomplish what we now offer. Every machine fully warranted. "DOMESTIC" SEWING MACHINE CO., New York and Chicago. FASHIONS. By using the "Domestic" Paper Fashions (25 cent) stylish and perfect fitting dresses, can be produced, at a large saving in MONEY to those who desire to make, or superintend the making of, their own garments. With the highest talent and the best facilities in all departments and the best ideas of the most skillful milliners, both at home and abroad, we are enabled to furnish results far above the reach of the average dress-maker. Our styles are always the latest and best. Our elegantly-illustrated catalogue mailed to any lady sending five cents with her address. Agents wanted everywhere. "DOMESTIC" SEWING MACHINE CO., New York and Chicago.
