CALL FOR A REPUBLICAN STATE CONVENTION.

TO NOMINATE CANDIDATES FOR STATE OFFICES.

The Republican electors of the State of Nebraska hereby call to send delegates from the several counties to meet in State Convention at Lincoln on Tuesday, the 26th day of September, 1876, for the purpose of choosing nomination candidates for the following named offices, viz:

Three presidential electors and three state officers.

Our Member of Congress,
The Member of Congress Contingent
Delegates, and
State Officers.

witnesing the ease of the people against such a monopolist as Galtman. Imagine this McIntyre, a broken down politician from Iowa, and a bankrupt banker, who was called by the Anti-Hitchcock organ a "hairy-headed Hitchcockite", now converted into an evident champion of the people, and a factor in the meetings.

Does Anti-Hitchcock mean Anti-Garber, and Anti-Hitchcock? We had supposed that the two sectional terms were synonymous. But we see that several of the Anti-Hitchcock papers have come out squarely for Garber, and the present state seems to do not catch the hint that Hitchcock's water does not express, and cannot come.

EDWARD CHASE.—I learn that the leaders are casting out with being a Hitchcock man, fully committed to the resolution of our present senator, and under the influence of the Hitchcockites. I have seen this to day. I am not acquainted with Hitchcock, and never had the slightest communication with him. I am not acquainted with any one whom I know to be his supporters and have had no communication with such a person. I have not committed myself either way. I was unconnected without any reference to my position on the senatorial question, and to kill but very little interest in the matter, until charged with being a Hitchcock man. I am not in any sense a supporter of Hitchcock. My own preferences are for a new man who shall more nearly represent the population that has been added to the state during the last ten years. Whether we can secure such a man is a question of some doubt. If we can not, my only desire is to represent the wishes of a majority of the republican party of this district. If Mr. McIntyre can say as much as this truthfully, there is no issue between us on the Senatorial question.

Very Respectfully &c.

J. S. Gilliam.

EN. CHASE. As some time has elapsed since I have written to you, I thought perhaps a few lines from these parts might be acceptable. We have been visited with the grass-hoppers and they have damaged the crop to quite an extent. But we shall have much more than last year. No one appears to be much scared about them. We have not heard of a man offering his claim for sale or wanting to leave. We notice quite a number of strangers coming in, some are buying land and others are visiting friends. Among them are Miss Jane Francis, sister of G. W. and D. M. Francis, of Clinton, Ill. We believe she has been teaching in the Normal School of that state. She has purchased a half section of land which looks as if she was going to quit pedagogic business. Mrs. D. M. Francis' Sister and husband, Dr. Lewis from Clinton were here while the hoppers were hatching, and we heard they were scared for fear they would eat up everything. Mr. G. Toy, a wealthy farmer from Whiteside Co. Ill. has been staying with O. Arnold for a few days and attended the Co. convention. He says he has lived in two new states and this is far ahead for a poor man to make money in. He talks strong of coming west and going into the stock business. Mr. T. says he has only one fault to find with this country, and that is the distances are so great. Starting from the in the early part of 1874 on a trip through the west he stopped for a time in Red Cloud, and being pleased with the country around us with the people he was by the solicitation of those with whom he had become acquainted, induced to locate and enter upon the practice of law in Webster County.

He as he became more widely acquainted with the people he gathered himself firm friends by his uprightness, fairness, and evident integrity. He showed a capacity for avoiding blunders and the people began to have confidence in his ability and judgment. He was the unanimous choice of his county and delegate to the Constitutional Convention, but was defeated in Nominating Convention. In the fall of 1875 he was placed in nomination for the position of 8th Pub. Instruction in his Co. He was opposed by a gentleman of acknowledged ability and merit, whose friends sustained by the fitness of their man and some localities superseded him with remedy and courage. Mr. G. finally received a majority of one in the convention. At the election he ran far ahead of his ticket.

Or him it can truly be said that he has never personally striven for an office of any kind. Whenever he has been placed before the people in any way it has been by the friends who knew him. Fearlessly upright he has always spurned as unworthy those dodges and tricks by which other men seek to accomplish their ends. Mr. G. has always been able to rely on his friends and has never needed to hold a Convention. Placed before the people, now he is so placed because he is the best man available for the position.

In D. S. Lewis is going to be the next to be nominated for the office of Sheriff. His friends have chosen him to the best interests of the county, and his friends who support him with all that the zeal which comes from the desire to support a man who deserves the position.

Johnson has been nominated by the democrats in the place of Seymour, and he has been elected. Her major decided increase of the number of the repub. party. The Americans and give a republican vote of 25,000 while last year they gave 5,000. Ingalls and Blaine are at work stamping the state. Americans are again victorious in the international rifle match at Creedmoor participated in by Americans, Irish, Scotch, Australians, and Canadian teams resulted in favor of the American team. The complete score stood: Americans, 3,120; Irish, 3,101; Australian, 2,908; Scotch, 3,101; Canadians, 2,925. The total possible vote was 3,600.

After some short reading a class in grammar led by A. L. Baer was held a portion of the time after which followed a discussion, the question being Res. 1 that the Teacher exerts a greater influence than the Parent in moulding the character of the pupil, decided in favor of the negative. The Institute then adjourned until Saturday morning at 8 A. M.

EDWARD CHASE.—Opened by singing and prayer, Mr. Bailey being at the desk. Dr. Edwards was chosen Secretary. Rev. A. Maxson conducted a class in Dynamics which was followed by a class in reading led by Dr. Long.

After a recess of fifteen minutes a class in geography was concluded by Miss Nichols, followed by the explanation of the principles of grammar by Messrs. Law and Ayer, who summed up the results of the meeting on Sunday. On motion Mr. Law was granted 45 cents for most of the afternoon session to publish his explanations on grammar.

EDWARD CHASE.—Learn that the leaders are casting out with being a Hitchcock man, fully committed to the resolution of our present senator, and under the influence of the Hitchcockites. I have seen this to day. I am not acquainted with Hitchcock, and never had the slightest communication with him. I am not acquainted with any one whom I know to be his supporters and have had no communication with such a person. I have not committed myself either way. I was unconnected without any reference to the Sup.intendent was most in order. The mode of teaching grammar was next illustrated by Miss Gibbs.

After recess a class in proportion was conducted by Prof. Washburn, after which a class in spelling led by J. S. Gilliam closed the exercises of the Institute.

James L. Utz.

EDWARD CHASE.—On account of his nomination for the senatorial席位, Mr. Gilliam has retired from the editorial management of this paper, and his name will be taken from the paper next week.

The *Keokuk Times* tries to remain neutral on the senatorial question. It does not like to acknowledge the bolters, and it does not care to offend them. Courtesy demands that a candidate for office should not be compelled to mix himself up in the broils of other candidates with whom he has no connection.

EDWARD CHASE.—Mr. Jas. S. Gilliam, Republican Candidate for Senator in the 2d Dist. is a native of Lafayette Co. Wisconsin. He graduated from Beloit College in 1872 with distinguished honors. While in Beloit he acquired an enviable reputation as a debater, taking part in the prize debates of his College and winning the competition of his class for his sound logic.

Shortly after graduating, he began the study of law, and was admitted to the bar in his own Co. Lafayette. Starting from the in the early part of 1874 on a trip through the west he stopped for a time in Red Cloud, and being pleased with the country around us with the people he was by the solicitation of those with whom he had become acquainted, induced to locate and enter upon the practice of law in Webster County.
