THE HAWKEYE INSURANCE COMPANY.

The Occasions are not frequent upon which we feel impelled by duty to commend the acts of an insurance company. Rather we looked upon such associations with some degree of distrust, yet always ready to give honor where honor is due, we must acknowledge our conviction of our error. The sad remembrance of the loss to this county by fire is greatly ameliorated by the fact that the foresight of the local agent, Mr. Frank Burns, prompted an insurance policy on the building in the Hawkeye Insurance Co. of Des Moines, Iowa.

And that upon being apprised of the loss of the building by fire, this company sent their representative to this place, and after taking a careful and honest account of the property destroyed, the loss was adjusted and paid promptly, and in accordance with the stipulations of the policy. This is all that can be asked of any man, company or association, that they shall fulfill promptly the conditions of their contracts. And for the promptness with which the Hawkeye Insurance Company have paid to our county its ratio of loss it is but an act of simple justice that we should acknowledge the favor, and heartily recommend the Hawkeye Insurance Company to all, both in and out of our county, who have perishable property not secured by insurance. That which recommends the Hawkeye above most other companies, is the fact that it is an Iowa company and does business upon a liberal plan, is prompt in adjusting losses, liberal in making estimates, and just and honorable in all their dealings with their patrons. We would say to all who have perishable property not secured by insurance that you owe it as a duty to yourself and those dependent upon you for a support, to secure yourselves by insuring your property in a good and reliable insurance company, so that if your property is burned you will save at least three-fourths of its actual cash value by virtue of your policy of insurance—*Ira County Pioneer.*

USEFUL RECIPES.

WHIP CREAM.

Beat the whites of 3 eggs to a stiff froth; add a pint of thick sweet cream; sugar and flavor to taste; whip the whole together to a light froth.

BROWN BREAD.

Three cups of corn meal, two cups of rye flour, two-thirds cup of molasses, three and one-half cups of warm water, and one teaspoonful of soda. Steam four hours.

RAILROAD CAKE.

Break two eggs into a teacup, beat well, then fill the cup with sweet cream, one cup of sugar, one and one-half cups of flour, one teaspoonful of cream of tartar, and one-half teaspoonful of soda.

LEMONADE.

One of the most refreshing drinks in warm weather is lemonade, but the great secret in making it is to use boiling water and let it become cool, when plenty of crushed ice can be added.

MUFFINS WITHOUT YEAST.

Three pints of flour, one quart of milk, two eggs, three teaspoonfuls baking powder, one of salt. Sift the baking powder with the flour, beat the eggs very light and mix. Bake in muffin rings in a quick oven. Nice for breakfast or tea, served hot.

CORN MEAL WAFFLES.

The yolks of two eggs well beaten, one tablespoonful of butter, one of wheat flour, one teaspoonful salt, one pint sweet milk (or water), one pint of corn meal, or corn flour if you have it, is nice; and lastly the whites of the eggs well beaten. Bake in waffle irons.

CORN BREAD.

One pint of sour milk or buttermilk, one pint corn meal, one pint wheat flour, two even teaspoonfuls of soda, one teaspoonful molasses or sugar, one large teaspoonful salt. Bake half an hour or more in a thin loaf. This makes a nice breakfast dish, hot, and is good.

LEMON CREAM PIE.

Stir together a cream, one tablespoonful butter, and one teaspoonful sugar, wet a tablespoonful corn starch in cold, then stir into a cup of boiling water, and mix all with the butter and sugar and let cool. Grate the outer rind of one lemon, and mix with a well beaten egg. Remove the white inner rind of your lemon, take out the seeds and chop the remainder fine, then stir all the ingredients together, and bake without a top crust.

SWEET POTATO PUDDING.

Beat to a cream a pound of sugar and one pound of butter; boil and mash fine two pounds of potatoes; beat the potatoes by degrees into the butter and sugar; add 5 well beaten eggs a wineglassful of each wine and brandy, and one of rose water, two teaspoonfuls of mixed spices, and half a pint of cream, and bake in a crust.

FRIED CELERY.

Having cut the celery into lengths of 3 or 4 inches, boil in salted water, and when sufficiently tender draw off the water. Make a batter in the proportion of two eggs to a cupful of milk. Put into the batter enough bread or cracker crumbs to give it consistency, and mix well together. Roll the pieces of celery in the batter and fry them to a light brown in hot lard. Celery is very nice when cooked as asparagus, boiled tender and served with a white sauce.

ALMOND SPONGE CAKE.

Ten eggs, one pound of sugar, half a pound of flour, a few drops of lemon juice. Take half a pound of almonds which should be blanched by pouring hot water over them, and scraping off the skin and then pounding fine in a mortar. After the other ingredients have been well mixed, add the blanched almonds and flavor with extract of peach or bitter almonds. Bake in a tolerably brisk oven. This is a very rich and superior cake.

OYSTER OMELETTE.

Chop a dozen large oysters fine. Beat the yolks of six eggs well and stir into a cup of milk with a little salt and pepper and some chopped parsley, if in season. Next add the chopped oysters and a tablespoonful of melted butter, stirring in lastly the whites of the eggs to the other ingredients. Having your frying-pan ready with some hot butter, pour in your batter and fry to a fine brown without stirring in the pan, further than to raise the edges with a knife to prevent burning. As soon as the centre is fairly set, turn out on a hot plate and serve immediately. The above forms a most delicious dish for breakfast or supper.

WHIPPED CREAM.

Beat the yolks of five fresh eggs and half a pound of powdered sugar until very light and white; put one pint of milk and one ounce of isinglass in a sauceman and boil ten minutes, stirring continually; flavor with vanilla and lemon mixed, or any other flavoring; pour the milk on the eggs and sugar; put on the fire, stir well together, but do not let boil; pass through a fine hair sieve into a round dish; when cold set on ice, add two liquor-glasses of Maraschino; keep stirring rapidly all the time; when it begins to thicken stir into it a pint of cream, whipped to a froth; put into a mould on the ice until you wish to use it.

AN EXCELLENT HOP YEAST.

Four large potatoes, two quarts of cold water, a double handful hops tied in a coarse muslin bag, four tablespoonfuls flour, two of sugar. Peel the potatoes and put them with the bag of hops into a sauceman with the two quarts of water, cover and boil until the potatoes are done, then remove and mash fine, mixing with them the flour and sugar, moistening it gradually with the boiling hop tea, stirring it to a smooth paste. Cool this to about blood heat and add four tablespoonfuls of lively brewers' or home-made yeast and set away to "work." Keep this in a warm place until the bubbling ceases, or say until next day, although a few hours will suffice in summer. When quite light put in a jug or jar with small mouth and cork tight, and set away in cellar or other cool place. It will keep good a fortnight, perhaps twice that time in winter. Yeast will spoil in a few hours in a hot kitchen and some-

Cloud Banners of the Alps.

Among the most exquisite scenes which delight the eye of the European traveler are those wonderful rose-colored cloud-banners, floating from the Alpine cliffs. But it is only in the sunlight that Nature hangs out these beautiful tokens. So it is only in the glow of health—the sunlight of our inner being—that nature reveals those physical cloud-banners, the "rosy cheek" and "cherry lip," to praise which every poet of the earth has invoked the Muse to aid him. But they are as rare as the cynical Houdou conceived Christian charity to be. Woman, eager to retain this charm, resorts to French art and rouge. The effect is similar to that which would be produced by substituting auctioneers' flags for the delicate glowing cloud-banners of the Alps. If woman would aid Nature instead of opposing her, she would seek health instead of vainly trying to mask disease, she would not only win the greatest charm of womanhood—health—but she would avert much misery both from herself and others. Dr. Pierce's Favorite Prescription has received the highest praise from thousands of pale, delicate, suffering women. One bottle often affords more relief than months of treatment by costly and often unskillful medicine. It is harmless in any condition of the system, and its use often renders the most invalid exempt from that most trying of ordeals—a personal consultation with a physician. It is the duty of every woman to become familiar with the causes and symptoms of the many diseases to which her peculiar organization renders her liable, and also to learn the proper means of preventing these maladies. The People's Medical Adviser contains an extensive treatise upon "Woman and her Diseases." The author also advises courses of domestic treatment, which will often render the services of a physician unnecessary. Every woman should read it. A copy of the Adviser can be obtained by addressing the Author, Dr. R. B. Pierce, at Buffalo, N. Y. Price \$1.50, postage prepaid. Favorite Prescription is sold by druggists.

USE RENNE'S PAIN-KILLING MAGIC OIL.

"IT WORKS LIKE A CHARM." Renne's Pain-Killing Magic Oil is excellent for Farmers and Teamsters to use on cattle and horses for hurts, galls, horse colic, lameness, kills lice on cattle or colts, cure distemper and is equally good for family use; when you try it fairly you will thank us for this advice.

Important to Persons Visiting New York.

GRAND UNION HOTEL, opposite the Grand Central Depot. Baggage taken to and from this depot to hotel free. 350 elegant rooms. Elevator. European plan. Single rooms, \$1.00 and \$1.50; also elegant suits for travelers. Prices reduced. Cars and stages pass this hotel for all parts of the city, and to all the depots.
