

THE RED CLOUD CHIEF

LOCAL MATTERS.

Notices in this Column 10 Cents a Line

Take the Chief.

And send a copy east. Bring in your job work, we are prepared to attend to it for you.

"Uncle Sam" will return from Arkansas, in about two weeks.

We have been having some delightfully cool weather for the last few days.

Melons are becoming plenty in town, and the doctors are consequently happy.

We were the recipients of some very nice potatoes, from our farm this week.

Sketches of the life of D. L. Moody will be given at the school house next Sunday evening.

Is it in accordance with the eternal fitness of things, that we should be forever financially "busted"?

"Colonel" Wiggins, brother to our "Satan," brought to our office the first water melons of the season.

Services will commence on the camp ground next Saturday at ten and 1 A. M. also on Sunday at the same hour.

We never knew that Jack rabbits wore feathers, until within the last few weeks. The game law is, perhaps the cause of it.

Sherer has had a stairway put on the outside of his building, so that the pupils of Springer's select school may ascend to recite their lessons.

E. L. Grubb has threshed a part of his wheat, and realized 207 bushels from 10 bushels sowing. The wheat threshed was the poorest he had.

A nine pound girl called "at Burr Hanner's" last Saturday and put in a plea for board and lodging. Burr is happy, and we congratulate him.

As the interest in the fall campaign increases, so does our subscription list. We will send the CHIEF from now until the first of December for fifty cents.

J. W. Warren has been afflicted with rheumatism for some time, necessitating the use of crutches, at times, without which, locomotion was a slow and painful operation.

H. C. Scott of Indian Creek, has announced himself as candidate for county sheriff. Mr. Scott is a good man for the position, and his friends feel that he is the man for the place.

We learn that a little daughter of Mr. McQuilkin's, residing about four miles north-west of town, was bitten on the heel by a rattlesnake last Friday while returning from school.

We are authorized to announce the name of H. C. Scott as candidate for the office of Sheriff of Webster county Nebraska, subject to the action of the county Republican Convention.

We are authorized to announce the name of Geo. O. Yeiser, as candidate for the office of Probate Judge of Webster Co. Nebraska, subject to the action of the county Republican Convention.

Remember that all locals and other advertisements ordered in for an indefinite time, will be regularly charged up until ordered discontinued. Said order to be given to the editor of the paper.

We have heard of a number of candidates for the various offices in the county, but they seem backward in announcing themselves as such. If you have anything to ask of the people of the county you should let them know it.

Will the chairman of the county central committee call a meeting of said committee at once? It is time the matter was attended to. In many counties of the state the central committees have done their work, and the precinct caucuses are being held.

We hope that farmers are making preparations for the coming fall by saving a portion of their best grain and vegetables for exhibition. We fear there are too many who are careless in this matter, you cannot expect the fair to be a success unless you take hold and help to make it such. Bring in the best of what you have and let us make the fair a success.

In justice to all parties concerned, we would say that we were misinformed, in some of the particulars of the school matters we spoke of last week, hence this item. We would not willingly injure or cast any unjust reflection upon the actions of any one, we simply did what we conceived to be our duty.

Elsewhere will be seen the announcement of Mr. Yeiser, as candidate for the office of County Judge. Mr. Yeiser's previous experience as a lawyer, and his well known business capacity, is sufficient assurance, that if elected he will discharge the duties of the office with credit to himself, and to the county. It would seem that Mr. Yeiser is to have no opposition in the matter, as at present writing we have heard of no other aspirant for the position, which he will get, Shaws, & others all make a point of prices in the city.

Mr. Springer's select school commenced yesterday, with an attendance of ten scholars. This is a very good beginning, and the school will undoubtedly prove a success. Scholars in the primary department will remain in the school room during the day.

On last Monday evening a huge cloud, black as the shades of night, suddenly loomed up in the north-east, and it seemed that a terrific storm, one likely to spread desolation in its path, was rapidly approaching, the wind whirled the dust in the air and great drops of rain came pelting down. "And then there was hurrying to and fro," loose articles that were likely to be carried off by the wind were secured, teamsters came hurrying into town anxious to get under shelter, the clouds spread their dark mantle o'er the sky and a gentle shower of rain followed, but very storm, but from appearances to the east we should judge somebody caught it.

We sometimes feel like complaining just a little, because people are so dilatory about paying us the little bills that they owe. Perhaps because the amounts are so small, you think it does not matter; we assure you that though the amount each one owes may be small, it in the aggregate, amounts to something, and farther, that unless you pay these little bills it is simply impossible for us to keep the paper running, as we are obliged to pay our paper and other bills, promptly.

To illustrate the value of a newspaper as an advertising medium, and also its value to those who subscribe, pay for, and carefully read it, we give the following: A few days ago a man came into our office who had subscribed for the CHIEF a few months ago (and paid for it in advance) and said that it had already saved him six dollars; he wished to buy a plow, and noticed an advertisement in the Chief of "breaking plows for sale," he ascertained the price and found that he could buy the kind of plow he wanted just six dollars cheaper than he expected, and he bought it and pocketed the difference. He says the Chief has already saved him enough to pay for it some time to come, and he does not intend to be without it. Did you ever think, gentle reader, that a local paper saves its readers many times its subscription price every year.

We are told that one field of oats threshed last week yielded 80 bushels per acre.

Thirty three bushels to the acre, is the largest yield of wheat that we have heard of in this county the present season.

By virtue of an order of sale issued by the District Court of Webster County Nebraska and directed to me as sheriff, I will offer for sale at public auction at the door of the Court House, in Red Cloud in said county, on the 24th of September 1877 at ten o'clock A.
