

THE RED CLOUD CHIEF

LOCAL MATTERS.

Notices in this Column 10 Cents a Line

Take the Chief. Weather is cool now stays.

Geo. Zeis's new building is looming up.

The wheat up on Indian Creek is turning out 25 bushels to the acre.

"Uncle Sam" will return home from the Hot Springs in a couple of weeks.

Strangers are constantly arriving in town, with a view of selecting permanent homes.

Anyone wishing to buy a first class organ, would do well to call at the CHIEF office.

Ed. Smith returned from the Hot Springs last Friday, very much improved in health.

Mr. LeBond of the south side threshed 247 bushels of wheat from 21 bushels sowing.

There is a great deal of sickness among the children, all over the country, at the present time.

A little sickness, some laziness, and a general indisposition to work, is all that ails us this week.

We smoked a cigar at Geo. Hummel's expense last Saturday, cause, a bran new nine pound boy at his house.

Mr. Cowley of Catherton reports that the average yield of wheat up in that section, is from 20 to 25 with the best of the wheat to thresh yet.

We learn of the death of one of Mr. Calvert's children, of diphtheria. Mr. Scott of Indian Creek also lost one of his children by the same disease.

A goodly number of the farmers were in town last Saturday, with their smiling faces. They all seemed in the best of spirits, and jubilant over their bountiful crops.

We learn that John Noyes has taken unto himself a "better half and legal third." If such is the case we wish him an abundant success and a happy journey through life.

We noticed Geo. Laverty in town last week, circulating the beer and cigars, and upon enquiring as to the cause of this liberality, learned that it was a girl, and weighed 10 lbs.

Mr. Holsworth brought to our office last week a few sample onions that were the largest that we ever saw in any country, raised right here in this portion of the "great American Desert."

Our estimation of the average yield per acre, of the wheat crop in the Republican Valley, based upon the best information that can be gathered from the farmers and others is that it will be about 25 bushels per acre.

Jno. Slusser, from across the river, raised this year, 1250 bushels of grain off of 65 acres. He had 650 bushels of wheat from 35 bushels sowing, 300 bushels of barley from 16 bushels sowing, and from four acres of oats he threshed 247 bushels.

We have on exhibition at this office a sample of the Missouri Valley corn, grown by Uncle Jack Rennecker, on his farm across the river that is about as large corn as any country can produce. Uncle Jack has 30 acres of this corn that he says will yield 90 bushels per acre.

For reasons best known to himself, Mr. Yeiser withdraws his name, and will not be a candidate for the office of county judge. It will now be necessary to find some one else who is willing to be sacrificed on the political altar for the good of his country; where's Willcox?

Water-melons have rolled in on us thick and fast, for the last two weeks, we have been some what under the influence of water melons, they were too much for us, we have got it in fact we have got it bad. Don't bring us any more melons; for heaven's sake don't.

Mr. Sheldon of Guide Rock brought to our office, last Monday, some luscious Concord grapes, grown by himself, in this portion of the "great American Desert." It has been demonstrated that most all kinds of small fruits do well here, and our farmers should give this branch of industry a share of their attention.

We went up and took a look at Sleepers flock of sheep, a few days ago, Ira Sleeper has a very nice lot of sheep and intends to add to the flock as soon as he can make the necessary preparations for taking care of them. Sheep raising will undoubtedly pay as well in this country as any other industry.

From John Waller of Elm Creek, we learn that the grain, what little there has been threshed, gave a good yield. Ed. Keeney threshed out 223 bushels of barley from five acres. John Waller had 60 bushels of oats to the acre, and about 40 bushels of barley per acre. Neil Hard's wheat went 26 bushels to the acre. There has been but little wheat threshed in this section, but what has been threshed is of excellent quality.

Do not neglect to save something for the coming fair.

New hats, fall styles, at Mrs. M. R. Bentley's.

The Red Cloud school commenced last Monday.

Numbers of teams pass through town every day, loaded with new wheat which they are drawing to the railroad.

Tips, Ties, and artificials at Mrs. M. R. Bentley's.

Every one connected with the CHIEF, is on the "sick list" this week and it was with difficulty that we got the paper out at all.

There will be communion of the congregational church the 3d Sabbath of Sept. at 11 o'clock. Also a preparatory service on Saturday at 3 o'clock, all christians are cordially invited.

We call attention to the new add. of C. R. Potter, at the Red Cloud Mills. Mr. Potter is doing a thriving trade in the dry goods and grocery business, and sells cheap for cash. Call and see him.

Mr. Montgomery and Mark Warner have returned from Kansas, where they had recently gone in pursuit of horse-thieves, having been successful in capturing and lodging them in jail.

We call attention to the new add. of C. R. Potter, at the Red Cloud Mills. Mr. Potter is doing a thriving trade in the dry goods and grocery business, and sells cheap for cash. Call and see him.

NOTICE. All persons knowing themselves indebted to the undersigned will please come forward and settle, and oblige. A. M. Cook Red Cloud. 5-7-2w.

Mr. Montgomery and Mark Warner have returned from Kansas, where they had recently gone in pursuit of horse-thieves, having been successful in capturing and lodging them in jail.

Call at Mrs. M. R. Bentley's, ladies, and see the new style of HATS. 5-7-11

PICTURES! All who wish good pictures, will please remember that Prof. Rogers is now prepared to do work in that line on short notice, and in the most approved style. Three pictures for a dollar, or 50 cents each.

Remember the place, Weber's old stand, 5-7-11 Red Cloud, Neb.

With thankful hearts we welcome back to our midst the well known face and form of Dr. Dalton, and his violin, (especially the violin.) It will be remembered that a few months ago the Doctor closed out his business in Red Cloud, and betook himself to the Rural districts for the purpose of engaging in the mercantile business. For a long while all went well, but alas, the business did not prove as remunerative as was expected, and consequently the Dr. is back to Red Cloud, engaged at his old tricks, dispensing meat to the hungry and sewing on his old fiddle.

ANNOUNCEMENTS. (Under this head we will make announcements of all kinds, for the benefit of our country. Changes will be made from time to time, according to the necessities of the case.)

We are authorized to announce the name of H. C. Swift as candidate for the office of Sheriff of Webster county, Nebraska, subject to the action of the county Republican Convention.

Ed - CHIEF, please withdraw my name as candidate for County Judge. I find that it is an office that I cannot attend to and my other duties. Very respectfully Geo. O. Yeiser.

An excursion from Hastings to St. Joseph Mo. will take place Sept. 11th. Train leaving Hastings at 4:00 a. m. Fare, round trip, \$3.00. Leaving Glenville at 4:25 a. m. Fare, round trip, \$4.75. Leaving Fairfield at 4:50 a. m. Fare, round trip, 4.50. Leaving Edgar at 5:10 a. m. Fare, round trip, \$4.25.

Tickets for sale by all station agents. Tickets sold to return on any train during the week. Opportunity to attend the Greatest Fair and Exposition ever held in the west, at St. Joe, September 11th to 16th. Proceeds to erect a house of worship at Hebron.

P. J. HENDERSHIE, Manager.
