

RED CLOUD CHIEF

When The Week
 How will it be when
 Out
 Who

ST. LOUIS will say that Tilden, now?

Sen Butler is now on his way after other defeated candidates for office.

Peasants of Nebraska City has brought suit against Collector Robb for \$2250 for work performed in getting him into Newman's place.

"To reflect back her blushes,
 Or give sigh for sigh"
 sang little Goldenhair, and poor old Tilden flinched away at that dread word.

"Julius Caesar!" said the senior of the Hastings Journal the other day; and neither was it a curse word, for Julius did see her.

The body of A T Stewart was stolen from its resting place in New York last week by unknown parties. \$25,000 have been offered for the recovery of the remains.

WHO REPAIRS BRIDGES?

We would call the attention of those who answer to the above call, to the fact that the bridge which crosses Crooked Creek north of the city is dangerous in the extreme, and the creek is almost impassable. Several have nearly had their horses crippled, and if the bridge is not soon repaired, the county will have to foot a bill that would build two or three bridges of the same kind. The cost of repairing would be but a trifle, and then, why not repair it?

Omaha papers are full of nothing but recrimination lately—Red Cloud Chief.

The CHIEF must except the Republican. The Republican has done its best, in loyalty to its city, to protect her interest and vindicate her friends and defenders. But what it has done has been in addition to its usual variety of general news, comments and miscellany. It has all been extra matter. It has from day to day devoted its usual space to matters of interest to all citizens, and to the families of citizens who are its daily readers. Especially our columns devoted to state news and to the notes and comments of our Nebraska contemporaries have never been fuller than during the past weeks of the campaign. Can the chief honestly deny this and truthfully assert the contrary? and can it withhold the explanation justly due us, that in these respects at least the Republican is an exception to the rule which is so positively affirmed?—Omaha Republican.

Far be it from the thoughts of the chief to create any false impression as to the make up of that excellent paper the Republican and we are sincerely sorry it has placed such a construction on a squib pointed at the editorial of the papers in question.

Stirring up the Omaha Neighbors did make a bad smell, which pervaded even the editorial columns of the loyal Republican. Now that the election is over the nuisance will subside "in a political sense" and "bloody war" will abate.

Something New: A Rare Opportunity

We have lately had brought to our notice a new kitchen utensil, the real merit of which entitles it to something more than the passing notice we can give to it; we refer to the *Porcelain Floor and Meat Sifter* manufactured by the Porcelain Sifter Company, Cincinnati, Ohio. A combination sifter, vegetable, mince, mixer, rice washer, flour sifter, tomato, fruit, pumpkin, wine, jelly and starch strainer. Twelve distinct articles combined in one, and sold at a price within the reach of every family. To purchase separate utensils for all of the above purposes would cost more than ten times the amount asked for the porcelain sifter.

Housekeepers will appreciate the Porcelain Sifter for the following reasons; it does away with the putting of one hands in the flour, which in cold weather is very unpleasant; can be worked so easily and rapidly; will sift five times as fast as the common sieve and much faster and better than any other sifter ever introduced.

It is operated with a simple and easy lever motion, and is acknowledged by every one to be far preferable to the awkward and unwholesome rotary motion in sifters heretofore used.

It seems to us that it would be no trouble for an energetic lady or gentleman in this vicinity to call a Porcelain Sifter to go into every flour barrel in this country—we know of nothing that would pay them anything like as well and would recommend them to drop a postal card at once to the Porcelain Sifter Company, George and Elm Cincinnati, Ohio, for terms and descriptive circulars and terms, mention our paper.
