

THE RED CLOUD CHIEF

Texas Bill was killed at Edgar last week.

Gov Garber's term of office expires next Thursday a long term well served.

Gold, silver, paper—all at par.
Wish us had some for us.

The Kearney Nonpareil is welcome a fit guest at our exchange table.

Resumption now and plenty of green backs, even more than the national party expected.

O'Leary walked 400 1/2 miles in less than six days, beating Campion who walked 357 1/4.

Pat. O'Hawes is reported entirely recovered of his sickness at the Hot Springs and will soon return to his home.

Richards the Kearney Co. murderer was captured in Ohio, and is now safely lodged in Buffalo county jail. He is very cool, confesses to killing nine different persons and says he is as happy as a clam.

The St. Joseph Republican valley and Denver Railroad company has been incorporated and engineering and surveying begins, starting from Denver through Nelson to Smith Center Kan. on Jan. 5th inst.

Much talk is in the papers in relation to the Governor doing a noble action asking for an appropriation of \$10,000 to apprehend the murderers of Kerouac and Mitchell.

If this is the last resort, it is good, but it is our opinion that such a pre- edict is somewhat dangerous, for no encouragement should be held out that the day is coming when nothing but a reward will insure the performance of duty on the part of an official in bringing such outlaws to justice.

New post offices established in this part of the state of late are—Blue Hill Webster county—J. A. Wetmore, P. M., Bridgton, Adams Co. J. J. Malone, P. M., Gelson Adams Co. changed to Ayr.

Mail service has been ordered, and commenced on Jan. 1st on the R. V. R. R. from Hastings to Red Cloud. Through pouches from Omaha and Kearney route agents to this place.

Prof. Tice, the distinguished meteorologist and weather prophet of St. Louis, has issued his Annual National Weather Almanac for 1879, in which, besides foretelling the weather for every day of the year and clearly explaining the theory on which his predictions are based, he gives a history, causes and effects of tornadoes—a chapter on lightning rods, exposes their general worthlessness, and explains how they may be made effective, &c. The whole is of great interest and practical value to every one, and especially indispensable to farmers. For sample copy and terms of sale to the trade and to agents, send 20 cents to THOMPSON, TICE & CO., Publishers, St. Louis Mo.

INVALE NO. 1
Dec. 16th 1878.

Ed. CHIEF

Will you or some of your readers give me a little information in regard to planting and sowing grain.

I wish to know what crop will do the best on broom corn land.

If some of the farmers will answer a few questions they will do me a great favor.

I broke some thirty acres this last spring and planted it to broom corn.

How will Indian corn do well on broom corn land?

Will wheat do well on new broom corn land?

Will oats do well on new broom corn land?

If some of the farmers will answer these few questions through the columns of the CHIEF they will be thankfully received.

INVALE ITEMS.

A pleasant gathering of kindred spirits, at Mr. Luce's on Christmas night. They were entertained with music, tableaux and instructive games besides the wants of the inner man being attended to in the generous manner of the hostess.

The young men have organized a debating club and have weekly meetings but none of the ladies have attended as yet therefore but little can be said about it in these items.

A Good Templar's Lodge was organized at the School house Saturday night with 23 Charter members, the officers are:
