

RED CLOUD CHIEF.

Arrival and Departure of Mails from the Red Cloud P. O.

CITY AND COUNTRY.

The prairies will soon be green. It can rain "Just as easy" now days.

A new grocery store is being erected in the south part of town.

An exchange says: Talk up your town as though you were the owner of it and had it for sale.

A newspaper man in Texas has married \$2,000,000, and a sorrowing brother adds, "Please exchange".

Will Reilly met with an accident last Friday down at the depot, which lamed him for a while, not seriously however.

Last Friday Richardson & Garber shipped eight car loads of hogs and several car loads of cattle from this place to Chicago.

Gov. Garber's residence is rapidly approaching completion. It will be, perhaps, as good a building of its kind as there is in town.

Go to the "Nimble Sixpence" store which has just been opened by Mr. Dow in the south part of town, for your Groceries, he will treat you well.

Mrs. P. O. Settle of Stillwater precinct has been employed to teach in the primary department of the Red Cloud school the present summer.

The inaugural trotting and running meeting of the Nebraska Exposition Association will commence in Lincoln on May 6th, and will continue four days.

The donation party for the benefit of Rev. Chas. Reilly, last Thursday evening, was a decided success socially and financially. The proceeds amounted to ninety dollars.

"Pap" Wilson, one of the pioneer settlers of this county, has just returned from western Kansas where he has taken another "claim." The old man seems to love the frontier.

The statements of our worthy cotemporary (that wears good clothes) and those of a number of the business men of town do not exactly agree—very natural, to be expected, etc.

As a general thing it is not a "piou" idea to sign notes, but it surely would be a pleasure to sign one of those blank notes printed for O. C. Case, at the CHIEF Job office, this week.

The Sixth annual district fair for Northern Nebraska and the counties bordering on the Platte, will be held at Fremont, Dodge county, Monday, September 23, 1879, and continue four days.

Several hundred head of cattle and sheep were burned in a prairie fire in Dawson county some days ago. Mr. F. S. Peabody lost 300 head of extra Morino sheep, among the thoroughbred rams that cost \$50 each.

A meeting was held in Humboldt on the 13th inst. for the purpose of perfecting an organization by which the community may be better protected against the depredation of horse thieves, outlaws and desperadoes.

We propose to do what we conceive to be our duty as a newspaper publisher, regardless of consequences, and when we see a gross wrong being perpetrated, or a slackness in the performance of duty on the part of officials, we shall call attention to it, not through ill will, or for spite, but because we believe that it is our duty to do so.

Willcox's law office is now vacant, the books, papers, tables, benches, etc., together with the dignity of the office was moved to a room in the court house last week. We feel lonely now, we miss the exhilarating noise and confusion that generally attends a Justice court. Went some enterprising Milliner's art up in business in the vacant office.

Supt. Pope has engaged in the poultry business and is making a specialty of the following grade of fowls of which he has a trio of each—Buff Cochin; White Cochin; Houdon; Black Cochin and two other kinds of which we have forgotten the names, these who wish can obtain a limited number of eggs of these varieties by calling on Mr. Pope.

We learn that the correspondent of the Argus at Inavale who wanted to know whether the CHIEF published the proceedings of the county Commis' oners, in full, in times past, was really in earnest in his inquiries. We can only say that during the time we published the CHIEF, we published the proceedings in full as per copy furnished us by the county clerk, and if the correspondent wishes to know more he will have to compare the files of the CHIEF with the records in the county clerk's office. We were responsible for their publication according to copy only.

A merchant of this town ordered a bill of letter heads and bill heads from Chicago, before we got our Job press in operation. He was kind enough to show us the bill, and we found that the charge was equally as high, per thousand as we charge, and then was added the postage and express charges, which made the goods cost from 50 cts to a dollar more per thousand than we would have charged for the same work and quality of paper. These are facts, not guess work, and the moral is: Don't send off for anything in the printing line until you have examined the work and learned of prices at the Red Cloud Chief office.

Table with 4 columns: Name, Dist. No., and Price. Lists teachers and their fees for the summer term.

Hastings, Neb. Apr. 26th 1879. We the undersigned hereby call a district institute to be held at Red Cloud, Neb., commencing on Monday, August 4th, 1879, and continue three weeks.

It is claimed by those who are supposed to know, that our illustrious forefather, Adam, was 123 feet 9 inches, high, Eve 118 feet 9 inches, Abraham 20 feet and Moses 13 feet. The grave of Noah, in Lebanon is 78 yards long.

To Horsemen. We have just ordered a cut of a fine stallion, and are prepared to get up horse-bills on short notice and at reasonable rates.

We took a trip to Riverton last Friday, the first time that we had been to that thriving town in two years. The advent of the railroad has worked wonders with that town, and it is "looming up" in a way that is encouraging.

—As there has been a mis-understanding with some of the customers of the Central City Nursery Co., and parties have questioned the responsibility of the agents of the same. The following letter which is an exact copy of the original received by C. M. Barrett, an agent of a rival Nursery Co., in answer to enquiries made by him, explains it self, and shows conclusively that the said agents of the Central City Nursery Co., are the duly authorized agents, and parties ordering stock of them may rest assured that they will get just what they order and of good quality as can be had in the west—Read the letter:

The Central City Nursery Co., office 1322 Papin St., St. Louis, Mo. April, 13th, 1879.

Mr. C. M. Barrett, Red Cloud, Neb. Dear Sir—We have agents in your county selling fruit trees, and you can trust them with any order you may wish to make with confidence that it will be filled with best quality of stock, and as represented.

Osborne City, Osborne Co. Kansas, April, 12th, 1879. Ed. CHIEF—Myself in company with two others from your city, left Red Cloud on Thursday morning just as the train from Hastings came in.

We thought to leave the wind behind us; in this we were mistaken. After crossing the Republican we kept southwest through South county, Kansas, finding some very nice country, and some very poor. We put up with Mr. Oyle, a former resident of Webster county. Friday morning we continued southwest finding some splendid fields of winter wheat; also grass of better growth than in Nebraska, and some fields of corn that were not husked, which last speaks of the thrift of some of our Kansas farmers.

About 4 o'clock in the afternoon we came in sight of Bethany, just inside of Osborne county. Here we found signs of prosperity; but of Mary and Martha were here now, I imagine things would look a little clearer.

Leaving Bethany we continue south to this place crossing the north fork of the Solomon, and some good farms and ledges, we also noticed, some plum trees in bloom.

We find this a lively place; a great amount of building going on (principally stores.) They are looking for the railroad from Cawker City in the near future. We start for Russell Station this morning.

Yours in haste, F. H. GORE.
