Missouri laden with household goods
and children, passed through town last
Thursday, bound for Oregon.
A little rain came last Thursday, just
enough to settle the dust for about
fifteen minutes, when it commenced to
drift through the streets again.
A number of the precincts were not
represented in the county convention
last Saturday, they having neglected to
hold caucuses and elect delegates.
Last Friday evening the outlook for
rain was good but it failed to connect.
Franklin county got a good soaking at
that time, and we suppose it will be our
turn next.
A grand wolf hunt is to come off in
Franklin county next Saturday. We
understand that several parties, with
their dogs, will be in attendance from
this county.
C. C. Coon, the pie plant and peanut
man has made his regular spring ap-
pearance on our streets with the nicest
pie plant ever grown in this or any
other county.
The Mr. Miller spoken of in the arti-
cle last week, on Orphan's Home, is
R. A. Miller, traveling agent for the
New York, Pennsylvania & Canada
Southern Railway.
The boys say it is pleasant to "gather
at the river" of a Sunday, with hook
and line. It may be enjoyable, this
Sunday fishing, but it is popularly sup-
posed to be wicked.
Now that fly-time is at hand every-
one should endeavor to be as free from
the annoyance of these persistent little
pests as possible, and should go at once
to Jones & Magee's and purchase wire
screens for doors and windows. 41-4f
Flavius McMillan, of the Republican

metropolis of the Valley.
Mr. George Wells, one of the old
settlers near Cowles, and who became
dissatisfied with Nebraska and went to
Missouri a few years ago, has returned

W. C. Reilly informs us and backs
up the assertion with a cigar, that he
will be a candidate for the honorable
position of representative, the coming
fall.
Mr. A. J. Rennecker, since moving
to his farm has concluded to engage in
the stock business, he has fenced a ten
acre lot and otherwise prepared him-
self for the care of stock. Uncle Jack
has a good farm and can grow corn
sufficient to feed a large number of
cattle.
This part of the "vineyard" was
blessed with a good rain last Saturday.
We might add in this connection that
it was on last Saturday that Webster
county elected a solid Grant delegation
to the state convention, whether this
had anything to do with the rain we
will not attempt to say.
Mr. Henry Cook who recently pur-
chased the drug store of C. H. Potter,
has resolved to furnish a nice cold
drink for the thirsty during the hot
weather, and has put up a first class
soda fountain in his store and will deal
out soda water, cold as the arctic ice-
bergs, to all who wish a nice healthy
drink.
Window and door wire screens at
Jones & Magee's.
We are reliably informed that the
road between Red Cloud and Inavale is
in a very bad condition, in fact
it is most impossible in places, for load-
ed teams. It would seem that those
having the care of the public highways
had ought to see to it that they are
kept passable so that our farmer friends
up the river will not be compelled to
go elsewhere, perhaps out of the county,
with their trade and their produce.
Sec. 149, Statutes of 1879 provides
that in all counties where the cost of
furnishing the officers with books,
blanks and stationery, shall exceed the
sum of \$200 per year, the supplies for
such purposes shall be let in separate
contracts to the lowest bidder, who
shall give bond for the faithful per-
formance of his contract with at least
two good and sufficient sureties, resi-
dents of the state.
We offer the above simply as a sug-
gestion to our county officials.
